TO: GOVERNING BODY

RE: PUBLIC HEARING AND ACTION ON THE OFFICIAL STREET MAP (AUGUST 2002) MONDAY, AUGUST 5, 2002

The City Council is scheduled to hold a public hearing on the Official Street Map (August 2002) on Monday, August 5, 2002, at your regularly scheduled meeting. Following the public hearing, staff recommends adopting City Council Ordinance No. CSM-2392, "An Ordinance Adopting the Street Network Map as the Official Street Map (August 2002) of the City of Overland Park, Kansas and Repealing City of Overland Park Ordinance No. CSM-2362." A copy of the ordinance is attached.

At the August 5, 2002, public hearing, I will review the proposed changes to the map. The attached list shows the types of changes to the 2002 Street Network map being considered, including compliance, suggested and road status changes. The compliance change shown on the attachment is related to the annexation that occurred earlier this year. There are three suggested changes related to showing Collector Streets and Freeway Interchanges as "proposed" wherever appropriate. This is what has been done with Thoroughfare streets in the past. A copy of the map is available to view in the City Council office. The 2002 Street Network Map is used as a base map for the Official Street Map (August 2002).

The Planning Commission held a public hearing on adopting the Street Network Map as the Official Street Map of the City on Monday, June 24, 2002. At that meeting the Planning Commission voted to recommend that the City Council adopt the Official Street Map (August 2002) as proposed.

Staff recommends the following:

- Hold the public hearing on the Official Street Map (August 2002),
- Close the public hearing and discuss the proposed compliance, suggested and road status changes; and
- Adopt City Council Ordinance No. CSM-2392, "An Ordinance Adopting the Street Network Map as the Official Street Map (August 2002) of the City of Overland Park, Kansas and Repealing City of Overland Park Ordinance No. CSM-2362."
Your action would be the final step in the review of the Official Street Map. If approved by the
City Council, the 2002 Street Network map will become the Official Street Map (August
2002).

Please call me if you have any questions.

MARY E. HUNTER
SENIOR PLANNER
