TO: GOVERNING BODY

RE: PUBLIC HEARING AND ACTION ON THE OFFICIAL STREET MAP (2005)
MONDAY, OCTOBER 17, 2005

The City Council is scheduled to hold a public hearing on the Official Street Map (2005) on Monday, October 17, 2005, at your regularly scheduled meeting. Following the public hearing, staff recommends adopting City Council Ordinance No. CSM-2560, "An Ordinance Adopting the Street Network Map as the Official Street Map (2005) of the City of Overland Park, Kansas; Repealing City of Overland Park Ordinance No. CSM-2518." A copy of the ordinance is attached.

At the October 17, 2005, public hearing, I will briefly review the proposed changes to the map. The attached list shows the types of changes to the 2005 Street Network map being considered, including compliance, suggested and road status changes. Suggested changes include removing Existing Collector and Proposed Collector designations from Switzer west to the City Limits between 151\textsuperscript{st} Street to 159\textsuperscript{th} Street. Removing a Proposed Collector and realigning a Proposed Collector between Switzer and Quivira, south of 167\textsuperscript{th} Street is also proposed. A copy of the map is available to view in the City Council office. The 2005 Street Network Map is used as a base map for the Official Street Map (2005).

The Planning Commission held a public hearing on adopting the Street Network Map as the Official Street Map of the City on Monday, September 12, 2005. At that meeting the Planning Commission voted to recommend that the City Council adopt the Official Street Map (2005) as proposed.

Staff recommends the following:

- Hold the public hearing on the Official Street Map (2005),
- Close the public hearing and discuss the proposed compliance, suggested and road status changes; and
- Adopt City Council Ordinance No. CSM-2560, "An Ordinance Adopting the Street Network Map as the Official Street Map (2005) of the City of Overland Park, Kansas; Repealing City of Overland Park Ordinance No. CSM-2518."
Your action would be the final step in the review of the Official Street Map. If approved by the City Council, the 2005 Street Network map will become the Official Street Map (2005).
