

**Supplemental Agreement No. 3
for
Professional Engineering Services
2009 Residential Street Improvement, Part 1 (SR0696)
and
2009 SMAC Funded Stormwater Improvements (TC-10-032 and TC-10-033)
City of Overland Park, Kansas**

This Supplemental Agreement made this _____ day of _____, 2007, by and between the City of Overland Park, Kansas, hereinafter called the "CITY", and HNTB Corporation, hereinafter called the "CONSULTING ENGINEER/ARCHITECT".

WHEREAS, the CITY and the CONSULTING ENGINEER/ARCHITECT have previously entered into an Agreement, June 5, 2006 for design of the 2009 Residential Street Program, Part 1 including improvements to the storm drainage system in the neighborhood to alleviate existing flooding problems.

WHEREAS, Section II of said Agreement provides that the fee to be paid to CONSULTING ENGINEER/ARCHITECT may be adjusted by a Supplemental Agreement; and

WHEREAS, this Supplemental Agreement between the parties heretofore is to provide preliminary work for utilities and additional design for retaining walls and driveways for the 2009 Residential Street portion of the contract, and additional work for North Park detention and additional storm sewer design and public relations for the SMAC portion of the contract in accordance with Exhibit A of this Supplemental Agreement; and

WHEREAS, the CITY is desirous of entering into a Supplemental Agreement to pay the CONSULTING ENGINEER/ARCHITECT for additional services rendered to the CITY; and

WHEREAS, the CITY is authorized and empowered to contract with the CONSULTING ENGINEER/ARCHITECT for the necessary additional engineering services for the project, and necessary funds for the payment of said services are available.

NOW THEREFORE, the parties hereby agree as follows:

PART A - BASIC CONSULTING ENGINEERING/ARCHITECT SERVICES

The CONSULTING ENGINEER/ARCHITECT will complete design services in accordance with Exhibit A of this Supplemental Agreement in order to provide preliminary work for utilities and additional design for retaining

walls and driveways for the 2009 Residential Street portion of the contract, and additional work for North Park detention and additional storm sewer design and public relations for the SMAC portion of the contract.

PART B - SCHEDULE

The CONSULTING ENGINEER/ARCHITECT will complete the services as follows:

All work shown in Exhibit A of this Supplemental Agreement shall be completed as per the original project schedule.

PART C - PAYMENT TO THE CONSULTING ENGINEER/ARCHITECT FOR SERVICES RENDERED

The services listed in Exhibit A of this Supplemental Agreement No. 3 will be provided at an amount not to exceed **ONE HUNDRED SEVENTY FIVE THOUSAND, ONE HUNDRED NINE AND 00/100 DOLLARS (\$175,109.00)**, raising the maximum fee to **SEVEN HUNDRED FIFTY THOUSAND, EIGHT HUNDRED EIGHTY-THREE AND 00/100 DOLLARS (\$750,883.00)** for the project, which shall be broken out as follows:

This Supplemental Agreement raises the maximum fee for the **2009 Residential Street Program, Part 1** to **\$440,859.00** for the project. This is the total of the original fee of \$412,352.00 plus \$28,507.00 for Supplemental Agreement No. 3.

This Supplemental Agreement raises the maximum fee for the **2009 SMAC Funded Stormwater Improvements, 54th Terrace east of Hardy (TC-10-032)** to **\$117,715.00** for the project. This is the total of the original fee of \$72,872.00 plus \$2,986.00 for Supplemental Agreement No. 1 plus \$5,194.00 for Supplemental Agreement No. 2 plus \$36,663.00 for Supplemental Agreement No. 3.

This Supplemental Agreement raises the maximum fee for the **2009 SMAC Funded Stormwater Improvements, 54th Terrace west of Foster (TC-10-033)** to **\$192,309.00** for the project. This is the total of the original fee of \$57,797.00 plus \$15,773.00 for Supplemental Agreement No. 1 plus \$8,800.00 for Supplemental Agreement No. 2 plus \$109,939.00 for Supplemental Agreement No. 3.

IN ALL OTHER RESPECTS, the terms and conditions of the June 5, 2006 Agreement shall remain in full force and effect, except as specifically modified by Supplemental Agreement No. 1 dated November 9, 2006, Supplemental Agreement No. 2 dated February 14, 2007, and this Supplemental Agreement No. 3, including all policies of insurance which shall cover the work authorized by this Supplemental Agreement.

IN WITNESS WHEREOF, the parties hereto have caused this Supplemental Agreement to be executed as of the day and year first above written.

**2009 Overland Park Residential Street Program, Part 1
Exhibit A: Basic Services
Supplement No. 3**

Project Description:

This scope and fee estimate is a supplement to the original scope of services for the City of Overland park, 2009 Residential Street Program, Part 1. This supplement includes additional design associated with the approval of SMAC Project TC-10-032 (western culvert) and SMAC Project TC-10-033 (North Park detention). It also includes additional design services for driveways, retaining walls, mailbox inventory and replacement, and upgraded street lighting collector design.

Item of Work	Principal	Project Manager	Senior Project Engineer	Lighting Designer	Engineer III	Engineer / Landscape Architect III	Surveyor	Engineering Technician	Total Hours	2009 Overland Park Residential Streets Program Part 1	54th Terrace, East of Hardy SMAC Project No. TC-10-032	54th Terrace, West of Foster SMAC Project No. TC-10-033	Total Labor Costs
	Rates	\$192	\$164	\$134	\$112	\$117	\$85	\$70	\$66				
Task II. Preliminary Design													
Roadway Design													
Additional retaining wall profiles. (8 additional standard City integral or segmental retaining walls up to 3' in height and an additional 1000' in combined length; original scope assumed 8 walls and less than 1000' of combined length).					6	40		8	54	\$4,630			\$4,630
Determine appropriate locations for tree wells and develop construction notes, tables, and construction details.						6		4	10	\$774			\$774
Create horizontal alignments and vertical profiles for 21 additional driveways along the project (original scope included 140 driveways). Includes drafting.		1			1	21		12	35	\$2,858			\$2,858
Additional design effort to follow more stringent design criteria than the assumed Overland Park standards for all 161 driveway profiles (staying within 2% of existing grade).		1				24	12		37	\$3,044			\$3,044
Conduct an inventory of above-standard existing mailboxes and develop construction notes and tables to reinstall these mailboxes.						14		2	16	\$1,322			\$1,322
Schedule and attend utility coordination kickoff meeting. Includes meeting time, preparation and distribution of meeting minutes, production and mailing of preliminary layout rolls to utility companies, and scheduling and attending individual meetings with utilities unable to attend.		3				16		4	23	\$2,116			\$2,116
Preliminary 54th Terrace street lighting design using collector standards in lieu of standard spacing for residential design.				8					8	\$896			\$896
Consolidation of existing street lighting control centers located off of original defined project limits.				4					4	\$448			\$448
Create retaining wall exhibit for display at public meeting.		2			4			3	9	\$994			\$994
North Park Data Collection													
Topographic Surveys of North Park in vicinity of proposed dam needed to tie in the dam grading limits.		1				2	36		39			\$2,854	\$2,854
Download and process additional design surveys.						2		2	4			\$302	\$302
Update DTM surface from pick-up surveys.						2		2	4			\$302	\$302
North Park Detention H&H (Hydrology and Hydraulics)													
Create stage-storage and stage-discharge curves.													\$0
Finalize HEC-HMS model.		2				4			6			\$668	\$668
Design primary and emergency spillways (assumes primary spillway will be 2 pipes with standard end sections as per SMAC Study and emergency spillway will be a grass swale).		4				16			20			\$2,016	\$2,016
Create grading plan sheet for North Park dam.		2				24		16	42			\$3,424	\$3,424
Dam Breach Analysis (According to DWR criteria for "Hazard Class C" dam).		4				16			20			\$2,016	\$2,016

**2009 Overland Park Residential Street Program, Part 1
Exhibit A: Basic Services**

Item of Work	Rates										2009 Overland Park Residential Streets Program Part 1	54th Terrace, East of Hardy SMAC Project No. TC-10-032	54th Terrace, West of Foster SMAC Project No. TC-10-033	Total Labor Costs
	Principal	Project Manager	Senior Project Engineer	Lighting Designer	Engineer III	Engineer / Landscape Architect III	Surveyor	Engineering Technician	Total Hours					
Prepare Dam Design Report.		16				24				40			\$4,664	\$4,664
Senior Technical Review.			12							12			\$1,608	\$1,608
Miscellaneous														
Develop horizontal and vertical design of walking trail relocation and add profile sheet.		1				16		8		25			\$2,052	\$2,052
Typical section of dam/sidewalk.						4		2		6			\$472	\$472
Erosion and sediment control (ESC) plan for dam area (one phase).		1	1			6		4		12			\$1,072	\$1,072
Access management/construction staging plan (1 sheet).		1				16		8		25			\$2,052	\$2,052
Coordination Meetings - 3 attendees (2 meetings with Park and Rec. & 1 H&H review meeting with City).		9				18				27			\$3,006	\$3,006
Attend Cunningham Highlands Meeting to present proposed Field Check Dam Design.		8				16		16		40			\$3,728	\$3,728
Meetings with property owners to review dam construction impacts to their property (5 individual meetings on-site).		5				15				20			\$2,095	\$2,095
Field Check to be performed with representatives of the Consulting Engineer and the City at the project site with appropriate detailed plans. Assumes one meeting for 2 hours with 2 people and a list of issues prepared and distributed.			2			2				4			\$438	\$438
Right of Way and Easements for North Park														
Field Surveys to establish existing right of way and property lines fronting on Foster and W. 55th Terrace.								32		32			\$2,240	\$2,240
Review O&E Reports, deeds and plats, add additional right of way and property lines to Cogo base file and add information to base sheet and project survey reference sheet. (Includes up to 5 tracts).			24							24			\$3,216	\$3,216
Create Cogo for proposed right of way and easements in North Park (includes up to 5 tracts).			6							6			\$804	\$804
Furnish right-of-way documents including legal descriptions sealed by an RLS licensed in the state of Kansas (Includes up to 5 tracts).			6							6			\$804	\$804
Prepare up to 3 color drawings showing takings for each ownership tract (includes up to 5 tracts).			1					3		4			\$332	\$332
Site Aesthetics for North Park dam embankment														
Two (2) Concept Vegetation Plan Sketches.		8								8			\$1,312	\$1,312
One (1) Preliminary Plan.		8				20				28			\$3,012	\$3,012
Meeting with City staff.		4				4				8			\$996	\$996
Incorporate comments received from Client into Preliminary Plan.		8				12				20			\$2,332	\$2,332

2009 Overland Park Residential Street Program, Part 1
Exhibit A: Basic Services
Supplement No. 3

Completion time: The Consulting Engineer hereby agrees to complete the Preliminary and Final Design of these supplemental services in accordance with the current project schedule.

Assumptions:

- 1 Design and construction documents to use English units.
- 2 Plans and contract documents for one construction project with single letting as part of the original package.
- 3 City of Overland Park will administer this project.
- 4 Does not include any 4(f) or 6(f) evaluation for this project.
- 5 Does not include construction monitoring.
- 6 Does not include an environmental impact statement, historical or other environmental analysis not specifically listed in the basic services.
- 7 Does not include any identification of or mitigation for wetlands or other aquatic habitat.
- 8 Does not include any sanitary sewer relocation plans, details, or inspection.
Assumes only notes and details for sewer manhole adjustment on the grading plan sheet.
- 9 Assumes no septic sewer impacts.
- 10 Does not include any stream channel realignment.
- 11 Geotechnical Design complies with DWR requirements for "Hazard Class C" dams.
- 12 City will provide any necessary right-of-entry for surveys, geotechnical borings, etc.
- 13 Title Work necessary for additional easements required in North Park will be provided by the City.
- 14 Right-of-way appraisal and acquisition expenses are not included.
- 15 Does not include new legal descriptions for establishing meets and bounds for replatting of residential zoned properties to park zoning.
- 16 Does not include irrigation (lawn sprinkler) restoration plans.
- 17 Does not include surveys for as-built plans.
- 18 Does not include retaining walls.
- 19 Assumes dam is 18-foot high and 550-feet long.
- 20 No DWR permits will be required for the OP Residential Streets project (including North Park and western culvert).
- 21 No borrow area investigation will be performed for this project.
- 22 Does not include design for relocated/disturbed North Park amenities.
- 23 Does not include BMP's.
- 24 Assumes 404 permit will be Nationwide.
- 25 Aesthetic improvements included with this proposal will be on or directly adjacent to the proposed detention dam embankment.
- 26 Proposed plantings will be consistent with existing species and density to other areas within the Park.
- 27 Private neighborhood garden located at base of dam and water service line for garden will be relocated by Overland Park Parks and Recreation in advance of construction.
- 28 As previously modeled, all stage-storage data for North Park detention is based off of AIMS mapping.
