

BLUHAWK DEVELOPMENT AGREEMENT

THIS BLUHAWK DEVELOPMENT AGREEMENT (this "Agreement"), is made and entered into this _____ day of April, 2013 (the "Effective Date") by and between the **CITY OF OVERLAND PARK, KANSAS**, a municipal corporation duly organized under the laws of the State of Kansas (the "City") and DMP 159/69 LLC, a Kansas limited liability company, KAP 159/69 LLC, a Kansas limited liability company, LBK 159/69 LLC, a Kansas limited liability company, and JEP 159/69 LLC, a Kansas limited liability company (collectively, the "Developer").

RECITALS:

A. The Developer is the owner of certain real property which is located in the City and is bounded on the North by 159th Street, on the East by U.S. Highway 69, on the South by 167th Street and on the West by Antioch Road, a general boundary map of which is set forth on **Exhibit A** attached hereto (the "Overall Project Site").

B. The Developer wishes to develop the Overall Project Site and therefore wishes to design, develop and construct certain new facilities on the Overall Project Site as more particularly set forth in Section 2.01 below (the "Overall Project"), a portion of which constitutes the "TDD Project" (as more particularly described in Section 2.01 below).

C. The Developer and City understand and agree that the Overall Project, including the TDD Project, are dependent on the construction of the Interchange and will not be constructed in the absence of the Interchange.

D. The City has the authority to create a transportation development district ("TDD") pursuant to K.S.A. 12-17,140 *et seq.*, as amended from time to time (the "Act") for the purpose of financing certain transportation-related projects. Under the Act, the owners of the land within the boundaries of a proposed TDD may petition the City to request the creation of a TDD and to impose special assessments and/or TDD sales taxes ("TDD Sales Tax") to pay for or reimburse the costs of a portion of a TDD project.

E. On or about March 15, 2013, the Developer submitted a petition (the "TDD Petition") to the City requesting the formation of a TDD encompassing a portion of the Overall Project Site (the "District"), a legal description of which is set forth on **Exhibit D-1** and the boundaries of which are depicted on **Exhibit D-2** attached hereto. A copy of the TDD Petition is attached hereto as **Exhibit C**.

F. On April __, 2013, the City approved the creation of the District through the passage of Ordinance No. _____ (the "TDD Ordinance") pursuant to the Act. As contemplated in the TDD Petition, the TDD Ordinance calls for the imposition of a TDD Sales Tax of 1.0% within the District to be used to pay for and/or reimburse certain TDD Project Costs (as defined in Section 4.01 below). The TDD Ordinance specifies that the TDD Sales Tax is to commence on July 1, 2015, or any other effective date that the City may approve by ordinance if a change in the effective date is requested in writing by all owners of record in the District, except that if Developer requests an effective date that is later than July 1, 2016, concurrence of the Secretary

of KDOT (the "Secretary") shall also be required. The TDD Ordinance is attached hereto as **Exhibit E**.

G. In connection with the TDD Project, Developer has committed to the conveyance and transfer of a portion of the Overall Project Site (constituting approximately five (5) acres) to the City that the City currently intends to develop as a public safety facility, which may include without limitation, a fire station, as more particularly set forth in Section 2.03(a) below.

H. The parties agree that the TDD Project is not financially feasible without the public-private partnership as set forth in this Agreement, and therefore the parties wish to enter into this Agreement to provide the necessary financing for the TDD Project.

ARTICLE II. DEVELOPMENT OF THE TDD PROJECT

Section 2.01.

(a) Development of the TDD Project. The City and Developer hereby agree that the TDD Project consists of the development of the District, which includes the TDD Improvements (as defined in Section 2.04 hereof) and the other components of the TDD Project described herein and as set forth on the project description and drawings attached hereto and incorporated by reference herein as Exhibit F. Developer hereby contemplates that all buildings, parking structures and other improvements constituting the TDD Project, as set forth on Exhibit F, shall be developed, constructed, completed, and operated within the District in substantial accordance and compliance with the terms and conditions of this Agreement and the Development Plan. On and subject to the terms and provisions set forth in this Agreement, and unless otherwise provided in this Agreement, Developer shall have the sole right to, and shall be responsible for, design, development, construction, equipment and completion of the TDD Project, and shall operate and use the TDD Project in the manner described herein, all in accordance with the terms of this Agreement and all other Applicable Laws and Requirements. The parties further agree that, subject to any changes to the Development Plan, the "TDD Project" shall include the following:

(i) Retail Space. Approximately 1,000,000 square feet of mixed use retail shopping, which may include, among other concepts, a grocery store, drug store, neighborhood services and offerings, specialty and boutique shops, restaurants, entertainment and other retail concepts.

(ii) The Project shall include surface parking improvements (and may include structured parking improvements) (the "Parking Improvements") containing the number of spaces required by the Applicable Laws and Requirements for the floor space of any of the Project.

(iii) Developer recognizes, stipulates and agrees that its identification signs, directional and way-finding signs, building signs and other signage shall be subject to all Applicable Laws and Regulations, and any special use permits

granted by the City. Developer shall also develop sign criteria for the entire District.

(iv) The TDD Project shall include the design, development and construction and completion of certain infrastructure improvements, including without limitation, sewer, stormwater and water main improvements, irrigation systems, sidewalks, drives and other pedestrian and vehicular thoroughfares within the District (the "Infrastructure Improvements").

The TDD Project described in this Section 2.01(a) shall not be materially amended or modified without (i) the prior written consent of the City, which consent shall not be unreasonably withheld and shall be granted so long as the proposed amendment is consistent with the general spirit and intent of this Section 2.01(a) and the balance of this Agreement, and (ii) full compliance with all Applicable Laws and Regulations.

(b) Development of the Remainder of the Overall Project. Although Developer is not obligated under this Agreement to develop and construct the portions of the Overall Project other than the TDD Project, the Developer intends to develop and construct such remaining portions of the Overall Project. Excepting the TDD Project, the Overall Project, in addition to certain parking facilities and other infrastructure, generally consists of:

(i) Hospital Facilities. A medical center campus designed, developed constructed and operated by Shawnee Mission Medical Center on an approximately 40-acre portion of the Overall Project Site, including a hospital and other related facilities and improvements.

(ii) Office Space. Approximately 65,000 square feet of general office and medical office space (in addition to any medical office included as part of the medical center campus described in Section 2.01(b)(i) above).

(iii) Multi-Family Residential. Approximately 350 residential units, including apartments and approximately 51 for-sale "pinwheel" residential units.

(iv) Single-Family Residential. Approximately 128 single-family homes.

Section 2.02. Phasing of TDD Project. The parties agree that the TDD Project shall be constructed in multiple phases (each a "Phase" or collectively "Phases"). The anticipated scope and timing of each Phase is set forth on Exhibit H attached hereto. The timing for commencement and completion of each Phase as set forth on Exhibit H is subject to the provisions set forth in Section 2.06 hereof, including the Developer's right to appear before the City to show cause why Developer fails to meet the Performance Milestones set forth in Exhibit H, as more fully addressed in said Section 2.06.

Section 2.03. Public Improvements. The parties hereby understand and agree that the City shall construct, or cause to be constructed, the following public improvements (the "Public Improvements") in connection with the TDD Project, as more particularly set forth below:

(a) Public Safety Site. The obligations of the City under this Agreement are expressly conditioned upon the Developer's conveyance of that certain 5.3 acre tract of land ("Public Safety Site") as legally described in Exhibit B-1 and as depicted on Exhibit B-2 attached hereto, which Public Safety Site is anticipated to be developed by the City for the construction of, and use as, a public safety facility (subject to the restrictions set forth in Section 10.06(a) hereof). The Closing on the Public Safety Site shall occur on or before the Closing Date set forth in Section 10.01 hereof.

(b) U.S. 69 Interchange Ramp.

(i) Design and Engineering Plans. Immediately following the Closing, the City, at its sole cost and expense, shall cause the preparation of preliminary design and engineering plans for a new interchange for 159th Street and U.S. Highway 69 (the "Interchange") with a deadline for completion of such plans of **[May 1, 2014]**.

(ii) Right-of-Way Acquisition. In addition to the right-of-way, permanent easements and temporary easements to be dedicated and delivered by the Developer pursuant to Stipulation 2(m) of the Ordinance No. Z-3346 adopted by the governing body of the City on June 2, 2008, the parties agree that any land or access rights necessary for the construction of the Interchange (the "Interchange Right-of-Way") shall be obtained by the City by condemnation or acquisitions in lieu of condemnation. The condemnation awards or purchase price paid by the City for such Interchange Right-of-Way shall be reimbursed by Developer and such costs shall be an Eligible Expense hereunder. No later than thirty (30) days after Developer's receipt of written notice from the City of its intent to initiate the process of acquiring the Interchange Right-of-Way, Developer shall deposit with the City Six Hundred Forty Thousand and 00/100 Dollars (\$640,000.00) from which the City may withdraw funds as and when necessary for land acquisition costs; provided however, that such amount shall not in any way be construed as the maximum amount for which Developer is required to reimburse the City as provided in this Section 2.03(b). In the event a condemnation award is challenged, all costs and expenses (including the City's attorney's fees) of the City to participate in or defend any such challenge shall be reimbursed by Developer. Developer shall reimburse the City within thirty (30) days after Developer receives written request for such reimbursement from the City, along with sufficient documentation of all such costs and expenses.

(iii) KDOT Agreement. Simultaneously with the execution of this Agreement, the City and the Kansas Department of Transportation ("KDOT") have entered into an agreement (the "KDOT Agreement") which provides for, among other things: (i) the reimbursement by KDOT of the City's costs and expenses arising out of the construction of the Interchange, and (ii) the reimbursement of KDOT for such costs and expenses from the first \$11,000,000 of Pay-As-You-Go TDD Financing, which such costs and expenses shall be deemed an Eligible Expenses hereunder.

(iv) Construction. The City shall commence solicitation of bids for construction of the Interchange on or before the later of (x) fifteen (15) business days after satisfaction of KDOT's condition set forth in Article IV, Section 4(c) of the KDOT Agreement, or (y) **[July 1, 2014]**. The City shall diligently pursue the bid solicitation process, followed as soon as practicable by the construction process, until the Interchange is complete. The City will complete the Interchange on or before **[December 31, 2015]**, subject to Excusable Delays (the "Interchange Completion Date").

(v) Delays in Interchange Completion. In the event that the City shall fail to complete the Interchange on or before the Interchange Completion Date for any reason whatsoever (other than (i) an Excusable Delay, or (ii) a failure of Developer to timely meet the Retail Phase 1 Performance Milestone set forth on Exhibit H for any reason, or (iii) a default of Developer in its other obligations hereunder), the parties hereby understand and agree that Developer shall, as its sole and exclusive remedy, be entitled to one (1) day of delay on each of the Performance Milestones set forth on Exhibit H attached hereto (other than the Retail Phase 1 Performance Milestone) for each day after the Interchange Completion Date until the Interchange is completed. The parties agree that Exhibit H shall be amended in writing by the parties after the completion of the Interchange to reflect any such delays, and Developer understands and agrees that such day-for-delays as set forth in this subsection shall be Developer's sole and exclusive remedy for any failure of the City to meet the Interchange Target Completion Date or any other target dates set forth in this Section 2.03(b).

(vi) KDOT Delays. The City's deadlines to design the Interchange, commence bid solicitation, commence construction, and complete construction, shall be subject to Excusable Delay, as well as to any delays caused by KDOT's process of approving the design or bid solicitation related to the Interchange.

(vii) Signalization of Ramps. The Parties hereby agree that Developer's obligation to make payment to the City to assist with funding of signalization of the highway ramps that will be constructed as part of the Interchange, as set forth in Stipulation 2(p)(1) and 2(p)(2) of Ordinance Z-3346 passed by the City's governing body on June 2, 2008, has been satisfied in full. Except as set forth in the preceding sentence, Developer agrees that it will remain fully obligated to make payments to pay for the other signalization required by the balance of Stipulation 2(p).

(c) 164th Street and Antioch Road.

(i) Design and Engineering Plans. The City shall cause the design and engineering plans to be prepared for the construction of 164th Street from Antioch Road, which shall include construction of a modified turn lane onto 164th Street from Antioch Road and a four-way traffic signal on Antioch Road to 164th Street (collectively, the "164th Street Improvements"). The City and Developer shall mutually agree to the grading, road profile and location of curb cuts to be located

on 164th Street. 164th Street shall generally follow the existing topography and shall be developed to the east boundary line of the Public Safety Site. The City shall follow its normal procurement and purchasing procedures in its selection of parties to provide both design and construction of the improvements described in this Section 2.03(c). The design and construction costs for the 164th Street Improvements shall be shared equally between the City and Developer (except as set forth in Section 2.03(c)(iii) below) and all such costs that are paid by Developer or reimbursed to the City by Developer shall be an Eligible Expense hereunder. Developer's payment of half of the design and construction costs under this Section 2.03(c)(i) shall be deemed to have satisfied Developer's obligation to make payment to the City for signalization of the North BV School Drive & Antioch Road as set forth in Stipulation 2(o) of Ordinance No. Z-3346 passed by the City's governing body on June 2, 2008. Except as set forth in the preceding sentence, Developer agrees that it will remain fully obligated to make payments to pay for the other signalization required by the balance of Stipulation 2(o).

(ii) Timing of Design and Construction. The City shall commence and complete its design and construction obligations with respect to the 164th Street Improvements on a schedule to be determined by the City in its sole discretion; provided, however, in the event that Developer determines that it requires said design and construction work to be completed prior to the City's intended commencement of the same, Developer may deliver written notice of such requirements to the City and the City, within thirty (30) days of receiving Developer's notice, shall notify Developer in writing as to which of the following two options it has selected in its sole discretion: (i) to meet Developer's stated design and construction schedule; or (ii) allow Developer to undertake said design and construction obligations, with all such costs to be shared equally between the City and Developer and such costs that are incurred by Developer shall be an Eligible Expense hereunder. If the City elects to meet Developer's construction schedule but fails to timely complete construction the 164th Street Improvements, then Developer shall be entitled to the self-help rights set forth in Section 2.03(c)(iii) below.

(iii) Developer's Self-Help Rights. If Developer has reason to believe that the 164th Street Improvements are not being designed and/or constructed in accordance with the agreed-upon schedule for the 164th Street Improvements, then Developer shall have the right to notify the City of such alleged default. Upon written notice to the City of such alleged default, and if the City does not cure such failure within thirty (30) days of such notice, then Developer shall, as its sole and exclusive remedy, have the right, but not the obligation, to take over and perform the 164th Street Improvements by written notice to the City of its election to exercise its self-help rights. If Developer undertakes such design and construction obligations for the 164th Street Improvements, then Developer hereby understands and agrees that Developer shall be solely responsible for any increase in costs for the design and/or construction of the 164th Street Improvements resulting from the exercise of such self-help rights, including

without limitation, any damages or expenses related to the termination of the City's contracts for the 164th Street Improvements. If Developer takes over design and construction, Developer must comply with the stated design and construction schedule and the City shall have the same enforcement rights provided above to the Developer with respect to the Developer's failure to meet the schedule. Compliance by the City or Developer, as applicable hereunder, with the stated design and construction schedule, shall be subject to Excusable Delay.

(iv) Reimbursement of Each Party's Cost Share. Any costs incurred by the City or Developer under this subsection shall be reimbursed to the other party within sixty (60) days of written notice to the other party, which shall include sufficient documentation of such costs incurred.

Section 2.04. TDD Project. Except as otherwise provided for herein and subject to the terms and conditions of this Agreement, Developer shall be responsible for funding the costs to design, develop and construct the TDD Project, including that portion of the TDD Project that constitutes the "TDD Improvements." The TDD Project, including the TDD Improvements, and the estimated costs thereof, are set forth in **Exhibits F and G.** Subject to the TDD Cap, the costs of the TDD Improvements may be reimbursed to Developer as set forth in Article V below.

Section 2.05. Relationship of the City and Developer. The performance of all activities by Developer hereunder shall be as an independent contractor and not as an agent of the City.

Section 2.06. Project Timing – Milestones. Subject to (i) any day-for-day delays resulting from a failure of the City to meet the Interchange Completion Date as set forth in Section 2.03(b), and/or (ii) any Excusable Delays as set forth in Section 9.07 hereof, Developer hereby agrees to construct the TDD Project based upon the schedule set out and contained within **Exhibit H,** the Performance Milestones. In the event that Developer shall fail to meet any of the Performance Milestones set forth in **Exhibit H,** then the City may require Developer to appear before the City to show cause why Developer failed to comply with the Performance Milestones. If Developer cannot show cause for the delay which is reasonably satisfactory to the City, such reasonable cause to include adverse market conditions and/or the inability to get financing, then the City may exercise its rights and remedies as set forth in Section 9.04 herein. In the event the Developer shows cause for a delay that is reasonably satisfactory to the City, the Performance Milestones shall be adjusted accordingly by the City in order to reflect Developer's adjusted Performance Milestones going forward.

Section 2.07. Indemnification. Developer agrees to indemnify and hold the City, its employees, agents and independent contractors and consultants (each, a "City Indemnified Party" and collectively, the "City Indemnified Parties") harmless from and against any and all suits, claims, costs of defense, damages, injuries, liabilities, judgments, costs and/or expenses, including court costs and reasonable attorneys fees, resulting from, arising out of, or in any way connected with: (i) the acquisition of the District by Developer; (ii) the management, design, construction, development and completion of the TDD Project, including the TDD Improvements, by the Developer; (iii) the use or occupation of the TDD Project or District by Developer or anyone acting by, through or under the Developer; (iv) damage or injury, actual or claimed, of whatsoever kind or character to persons or property occurring or allegedly occurring

in, on or relating to the TDD Project or the District; (vii) any act by an employee of the City at or on the TDD Project which is within or under the control of the Developer or pursued at Developer's request for the benefit of or on behalf of the Developer; (v) the Developer's actions and undertaking in implementation of the TDD Project or this Agreement; (vi) any breach of representation or warranties by Developer, including without limitation, those set forth in Section 10.03 hereof, and (vii) any delay or expense resulting from any litigation filed against the Developer by any member or shareholder of the Developer, any prospective investor, prospective partner or joint venture partner, lender, co-proposer, architect, contractor, consultant or other vendor. The parties further agree as follows:

(a) This section shall not apply to negligence or willful misconduct of the City or any City Indemnified Parties.

(b) In no event shall the Developer's indemnification obligations set forth in this Section be interpreted to apply to the Public Safety Site or any transaction, construction, operations or other activities of the City or any City Indemnified Parties on or from the Public Safety Site; design or construction of the Interchange; acquisition of land or access rights in furtherance of construction of the Interchange, including without limitation any condemnation proceedings; design and construction of 164th Street, to the extent oversight and management of such design and construction are undertaken by the City.

(c) This section includes, but is not limited to, any repair, cleanup, remediation, detoxification, or preparation and implementation of any removal, remediation, response, closure or other plan (regardless of whether undertaken due to governmental action) concerning any hazardous substance or hazardous wastes including petroleum and its fractions as defined in (i) the Comprehensive Environmental Response, Compensation and Liability Act ("CERCLA"; 42 U.S.C. Section 9601, et seq.), (ii) the Resource Conservation and Recovery Act ("RCRA"; 42 U.S.C. Section 6901 et seq.), (iii) Article 34, Chapter 65, K.S.A. and all amendments thereto, and any other Applicable Laws and Requirements within the District. The foregoing indemnity is intended to operate as an agreement pursuant to Section 107 (e) of CERCLA to assure, protect, hold harmless and indemnify the City from liability.

(d) In the event any suit, action, investigation, claim or proceeding (collectively, an "Action") is begun or made as a result of which the Developer may become obligated to one or more of the City Indemnified Parties hereunder, the City Indemnified Party shall give prompt written notice to Developer of the occurrence of such event. The failure to notify the Developer shall not relieve Developer of any liability that it may have to a City Indemnified Party; provided however that the City hereby agrees that it shall not defend, settle or otherwise resolve any such Actions without prior written notice to Developer. After receipt of such notice, Developer may elect to defend, contest or otherwise protect a City Indemnified Party against any such Action, at the cost and expense of Developer, utilizing counsel approved by a City Indemnified Party. The City Indemnified Party shall have the right, but not the obligation, to participate, at the City Indemnified Party's own cost and expense, in the defense thereof by counsel of the City Indemnified Party's choice. In the event that

Developer shall fail to timely defend, contest or otherwise protect a City Indemnified Party against such Action, the City Indemnified Party shall have the right to do so, and (if such defense is undertaken by the City Indemnified Party after notice to Developer asserting Developer's failure to timely defend, contest or otherwise protect against such Action), the City Indemnified Party may submit any bills for fees and costs received from its counsel to Developer for payment for services that were rendered no sooner than thirty (30) days after such notice is provided to Developer and, within thirty (30) business days after such submission of such bills for fees and costs, Developer shall transfer to the City Indemnified Party sufficient funds to pay such bills. Developer acknowledges that such bills may be redacted to delete any information which would constitute attorney-client communication or attorney work product.

(e) A City Indemnified Party shall submit to Developer any settlement proposal that the City Indemnified Party shall receive. Developer shall be liable for the payment of any amounts paid in settlement of any Action to the extent that Developer consents to such settlement. Neither Developer nor the City Indemnified Party will unreasonably withhold its consent to a proposed settlement.

(f) Developer expressly confirms and agrees that it has provided this indemnification and assumes the obligations under this Agreement imposed upon Developer in order to induce the City to enter into this Agreement. To the fullest extent permitted by law, a City Indemnified Party shall have the right to maintain an action in any court of competent jurisdiction to enforce and/or to recover damages for breach of the rights to indemnification created by, or provided pursuant to, this Agreement, and the right to apply any deposit or other funds submitted by Developer to the City Indemnified Party in payment of the damages suffered by it, as is necessary to protect the City Indemnified Party from loss. If such court action is successful, the City Indemnified Party shall be reimbursed by Developer for all fees and expenses (including attorneys' fees) actually and reasonably incurred in connection with such action (including, without limitation, the investigation, defense, settlement or appeal of such action).

(g) The right to indemnification set forth in this Agreement with respect to events or circumstances that occurred or arose during the term of this Agreement shall survive the termination of this Agreement.

Section 2.08. Insurance.

(a) Not in derogation of the indemnification provisions set forth herein, the Developer shall, at its sole cost and expense, throughout the Term, maintain or cause to be maintained insurance with respect to the TDD Project covering such risks that are of an insurable nature and of the character customarily insured against by organizations operating similar properties and engaged in similar operations, similar development projects (including but not limited to property and casualty, worker's compensation, general liability and employee dishonesty) and in such amounts as are adequate to protect the Developer and the TDD Project which amounts shall not be less than those set forth on **Exhibit K** attached hereto. Throughout the Term, the Developer agrees to provide the

City upon request evidence of property insurance and a certificate of liability insurance listing all coverages applicable to the TDD Project.

(b) The Developer shall require of the contractor(s) hired to perform work on any public infrastructure within the District to fully comply with the following insurance requirements:

(i) General: The contractor shall secure and maintain, during the period of such work, insurance (on an occurrence basis unless otherwise agreed by the City and Developer) of such types and in at least such amounts as required herein. Contractor shall provide certificates of insurance and renewals thereof on Acord forms or on forms acceptable to the City. The City shall be notified by receipt of written notice from the insurer or the contractor at least thirty (30) days prior to material modification or cancellation of any policy listed on the certificate of insurance.

(ii) Notice of Claim Reduction of Policy Limits: The contractor, upon receipt of notice of any claim in connection with the Agreement, shall promptly notify the City, providing full details thereof, including an estimate of the amount of loss or liability.

Developer shall also cause the contractor to monitor and to promptly notify the City of any reduction in limits of protection afforded under any policy listed in the certificate of insurance if the contractor's limits of protection shall have been impaired or reduced to such extent that the limits fall below the minimum amounts required herein. The Developer shall cause the contractor to promptly reinstate the original limits of liability required hereunder and shall furnish evidence thereof to the City.

(iii) General Liability:

Limits –

General Aggregate:	\$1,000,000
Products / Completed Operations Aggregate:	\$1,000,000
Personal & Advertising Injury:	\$1,000,000

Policy MUST include the following conditions:

- (2) Broad Form Contractual / Contractually Assumed Liability
- (3) Independent Contractors
- (4) Broad Form Property Damage

(viii) Subcontractors' Insurance: If a part of the work is to be sublet, the Developer shall either:

(1) Require each contractor to cover all subcontractors in its insurance policies,

or

(2) Require each subcontractor not so covered to secure insurance which will protect subcontractor against all applicable hazards or risks of loss as and in the minimum amounts designated above.

Whichever option is chosen, Developer shall cause the contractor to indemnify and hold harmless the City as to any and all damages, claims or losses, including attorney's fees, arising out of the acts or omissions of its subcontractors.

Section 2.09. Non-Discrimination. The Developer agrees that throughout the Term:

(a) The Developer shall observe the provisions of the Kansas Act Against Discrimination (K.S.A. 44-1001 et seq.) and shall not discriminate against any person in the performance of work under the Agreement because of race, religion, color, sex, national origin, ancestry or age;

(b) In all solicitations or advertisements for employees, the Developer shall include the phrase, "equal opportunity employer," or a similar phrase to be approved by the Kansas Human Rights Commission ("Commission");

(c) If the Developer fails to comply with the manner in which the Developer reports to the Commission in accordance with the provisions of K.S.A. 44-1031 and amendments thereto, the Developer shall be deemed to have breached the Agreement and it may be canceled, terminated or suspended, in whole or in part, by the City, with prior notice to the Secretary;

(d) If the Developer is found guilty of a violation of the Kansas Act Against Discrimination under a decision or order of the Commission which has become final, the Developer shall be deemed to have breached the Agreement and it may be canceled, terminated or suspended, in whole or in part, by the City, with prior notice to the Secretary; and

The Developer further agrees that throughout the Term, the Developer shall abide by the Kansas Age Discrimination In Employment Act (K.S.A. 44-1111 et seq.) and the applicable provision of the Americans With Disabilities Act (42 U.S.C. 12101 et seq.) as well as all other federal, state and local laws, ordinances and regulations applicable to this

Project and to furnish any certification required by any federal, state or local laws, ordinances and regulations applicable to the TDD Project.

**ARTICLE III.
Intentionally Omitted**

**ARTICLE IV.
TDD FINANCING**

Section 4.01. Source of Funds. The costs of the TDD Project (the "TDD Project Costs") will generally be funded by private equity and debt ("Private Funds"). Subject to the terms and conditions of this Agreement, the TDD Improvement Costs shall be reimbursed in part with TDD Sales Tax proceeds. Reference is hereby made to the TDD Improvement Costs which are more particularly set forth on **Exhibit G** attached hereto. Developer, using Private Funds, will initially advance all of the costs for the design, development and construction of the TDD Improvements. Subject to the terms and conditions of this Agreement, including without limitation, (a) the TDD Cap set forth in Section 4.04 below, (b) the TDD Administrative Fee and (c) KDOT's rights to the first \$11,000,000 of the TDD Sales Tax proceeds as set forth in Section 4.05(a) below, Developer shall be reimbursed for Eligible Expenses from and to the extent of the TDD Sales Tax proceeds collected during the Term.

Section 4.02. TDD Sales Tax. The City hereby agrees that, subject to the TDD Cap, the Eligible Expenses incurred by Developer may be financed and reimbursed with Pay-As-You-Go TDD Financing, and payable from revenues received from the imposition of a TDD Sales Tax in the amount of one percent (1%) on the sale of tangible personal property at retail or rendering or furnishing services which are taxable pursuant to the Kansas Retailers' Sales Tax Act (K.S.A. 79-3601 *et seq.*) within the District. Developer agrees to provide to the Kansas Department of Revenue (the "DOR") a list of tenants within the District within the timeframes required by the DOR, so that the DOR can notify tenants within the District of their requirement to collect a TDD Sales Tax beginning on that certain date which is set forth in Recital F of this Agreement. At the time the list of tenants is provided to the DOR, the Developer shall also provide a copy to the City and the Secretary.

Section 4.03. TDD Sales Tax Fund. During the Term, all TDD Sales Tax proceeds generated within the District and received by the City from the DOR shall be deposited into the TDD Sales Tax Fund, which shall be established and administered by the City in compliance with the laws of the State and this Agreement.

Section 4.04. Pay-As-You-Go TDD Financing. The parties hereby agree that the proceeds from the TDD Sales Tax shall be disbursed by the City quarterly from the TDD Sales Tax Fund on a pay-as-you-go basis ("Pay-As-You-Go TDD Financing"), to reimburse KDOT and/or the Developer for Eligible Expenses, if and to the extent that (i) there are TDD Sales Tax proceeds in the TDD Sales Tax Fund, (ii) Developer has fully satisfied all of the conditions as set forth in Section 4.05, (iii) the Term has not yet expired, and (iv) Developer has not already been reimbursed for Eligible Expenses in an amount equal to the TDD Cap (as defined below), and

Developer is not in default under the terms and conditions of this Agreement. The parties further agree as follows:

(a) Developer hereby acknowledges and agrees that the City shall have certain obligations to KDOT pursuant to the KDOT Agreement, including among other things, that the City has pledged and agreed to distribute the first Eleven Million and 00/100 Dollars (\$11,000,000.00) received into the TDD Sales Tax Fund to KDOT for reimbursement of KDOT's expenses arising out of the design, construction and completion of the Interchange. Developer also acknowledges and agrees that the City has agreed and shall be obligated to distribute the first Eleven Million and 00/100 Dollars (\$11,000,000.00) of the TDD Sales Tax proceeds to KDOT for KDOT's costs related to the Interchange pursuant to the terms and conditions of the KDOT Agreement (the "KDOT Payment"). Further, Developer hereby understands and agrees that Developer shall not be entitled to any reimbursement from Pay-As-You-Go Financing whatsoever unless and until KDOT is fully reimbursed as set forth herein.

(b) Following full satisfaction of the KDOT Payment, and the TDD Administrative Fee, the TDD Sales Tax available to Developer for reimbursement of Eligible Expenses shall in no event exceed Twenty-One Million Dollars (\$21,000,000.00) (the "TDD Cap"). The TDD Cap shall, for all purposes set forth herein, operate as a cap on the use of TDD Sales Tax for reimbursement of any and all Eligible Expenses including without limitation, any construction period interest on Eligible Expenses prior to reimbursement thereof. Once Developer has received an amount equal to the TDD Cap for reimbursement of Eligible Expenses through Pay-As-You-Go TDD Financing, the parties understand and agree that the TDD shall thereafter terminate, and the TDD Sales Tax shall terminate and no longer be levied or collected within the District.

(c) The TDD Sales Tax shall be collected within the District for a period that commences on the date that the TDD Sales Tax is first imposed within the District up to and concluding upon that date which is the earlier of the following: (i) the date that Developer has been reimbursed for all Eligible Expenses by Pay-As-You-Go TDD Financing (up to the TDD Cap), or (ii) regardless of whether the Developer has been fully reimbursed for all Eligible Expenses, that date which is twenty-two (22) years from the date that the TDD Sales Tax is first imposed (the "TDD Collection Period"). At the end of the TDD Collection Period, the parties understand and agree that the TDD shall thereafter terminate, and the TDD Sales Tax shall terminate and no longer be levied or collected within the District.

(d) Developer shall not receive any reimbursements from Pay-As-You-Go TDD Financing unless and until the conditions precedent set forth in Section 4.05 have been fully satisfied as determined by the City in its sole reasonable discretion.

Section 4.05. Conditions Precedent to Reimbursements. Developer hereby understands and agrees that it shall not receive any reimbursements for Eligible Expenses from Pay-As-You-Go TDD Financing, unless and until the conditions precedent set forth below have been fully satisfied as determined by the City in its sole reasonable discretion:

(a) The City shall have accepted title to the Public Safety Site as provided in this Agreement;

(b) The costs and expenses for which Developer seeks reimbursement must in all events be Eligible Expenses;

(c) In accordance with Section 5.02 hereof, the City has approved Certificates of Expenditure for such TDD Improvements;

(d) Developer shall be in full compliance with the terms and conditions of this Agreement; and

(e) Developer shall not be entitled to any reimbursement unless and until KDOT is fully paid the KDOT Payment as set forth in Section 4.04(a) hereof.

Section 4.06. No TDD Bonds. Developer hereby understands and agrees that all reimbursements to the Developer hereunder shall be made only from Pay-As-You-Go TDD Financing, and nothing in this Agreement shall in any way obligate the City to issue bonds or other obligations to reimburse Developer for the Eligible Expenses or any other costs of the TDD Project.

Section 4.07. Payment of TDD Administrative Fee. As and when there are sufficient TDD Sales Tax revenues from the District to pay the TDD Administrative Fee, Developer hereby understands and agrees that such TDD Administrative Fee shall have first priority to available funds in the TDD Sales Tax Fund.

ARTICLE V. TDD REIMBURSEMENT

Section 5.01. TDD Reimbursement. Subject to Article IV of this Agreement, and subject to the priority of the KDOT Payment, TDD Sales Tax shall be used to reimburse the Developer for the Eligible Expenses, including the TDD Improvements Costs as estimated in **Exhibit G**, by Pay-As-You-Go TDD Financing, and in all events in accordance with the terms of this Agreement. In no event will the reimbursement described hereunder exceed the TDD Cap.

Section 5.02. Certificate of Expenditures. In connection with the Eligible Expenses for the TDD Improvements, Developer shall certify all costs and expenditures in accordance with the following:

(a) The Developer shall submit to the City a Certificate of Expenditure in the form attached hereto as **Exhibit I** setting forth the amount for which reimbursement is sought and an itemized listing of the related TDD Improvement. Prior to or concurrently with the first Certificate of Expenditure submitted by Developer to the City, the Developer shall submit plan documentation to assist the City in reviewing the Certificate of Expenditures. Additionally, Developer shall require that no transferee, purchaser, or lessee of any portion of the District otherwise provide Certificates of Expenditures to the City, except through Developer or except as otherwise approved by the City.

(b) Each Certificate of Expenditure shall be accompanied by such bills, contracts, invoices, lien waivers and other evidence as the City shall reasonably require to document appropriate payment and shall include an overall cost summary, as well as a cost summary for each division of work (i.e., grading, erosion control, roadway, sanitary sewer and storm sewer).

(c) The City reserves the right to have its engineer, City staff or other agents or employees inspect all work in respect of which a Certificate of Expenditure is submitted, to examine the Developer's and other's records relating to all costs of TDD Improvements to be paid, and to obtain from such parties such other information as is reasonably necessary for the City to evaluate compliance with the terms hereof. The Developer hereby agrees to pay all actual and verifiable third party expenses incurred by the City pursuant to this subsection (c).

(d) The City shall have sixty (60) calendar days after receipt of any Certificate of Expenditure to review and respond by written notice to the Developer. If the submitted documentation demonstrates that: (1) the Certificate of Expenditure directly relates to the TDD Improvements; (2) the expense was incurred; (3) Developer is not in default under this Agreement; and (4) all conditions set forth in Section 4.05 hereof have been satisfied; and (5) there is no fraud on the part of the Developer, then the City shall approve the Certificate of Expenditure and reimburse the Developer for financing the cost of the TDD Improvements pursuant to the terms of this Agreement. If the City disapproves of the Certificate of Expenditure, the City shall notify the Developer in writing of the specific reason(s) for such disapproval within such sixty (60) day period. If the City determines that a deficiency in the Certificate of Expenditure applies to less than all expenses set forth thereon, the City shall timely approve that portion of the Certificate of Expenditure costs to which the deficiency does not apply. With respect to any costs that are disapproved, Developer shall then have the opportunity to resubmit a Certificate of Expenditure relating to such costs and the City shall review and respond to the Developer pursuant to this subsection within thirty (30) days.

(e) During the Term, the Developer shall endeavor to submit Certifications of Expenditures for those expenditures made in connection with the TDD Improvements on at least a quarterly basis, and shall submit a Certificate of Expenditures for any expenditure made in connection with a TDD Improvement within one-hundred eighty (180) days of incurring such expenditure. Notwithstanding the forgoing, Developer shall submit a Certificate of Expenditures for any such expenditure incurred prior to the Effective Date within one-hundred and eighty (180) days of the Effective Date.

ARTICLE VI. ASSIGNMENT AND TRANSFER OF AGENT'S RIGHTS

Section 6.01. Assignments by Developer. The rights, duties and obligations hereunder of the Developer may not be assigned, in whole or in part, to another entity, without the prior approval of the City's governing body, which approval may be granted or withheld in its sole discretion based upon the governing body's findings about whether or not the proposed assignee shall have the commercially reasonable qualifications, experience and financial responsibility

which are necessary and adequate to fulfill the obligations of the Developer with respect to the portion of the District and/or this Agreement being transferred. The City hereby understands and agrees that any approval of the City's governing body pursuant to the prior sentence shall release Developer from the obligations set forth in this Agreement. Any proposed assignee shall, by instrument in writing, for itself and its successors and assigns, and expressly for the benefit of the City, assume all of the obligations of the Developer under this Agreement and agree to be subject to all the conditions and restrictions to which the Developer is subject (or, in the event the transfer is of or relates to a portion of the TDD Project, such obligations, conditions and restrictions to the extent that they relate to such portion). The Developer agrees, at Developer's cost, to promptly record all assignments in the office of the Department of Records and Tax Administration of Johnson County, Kansas, in a timely manner following the execution of such agreements. The City shall provide written notice to the Secretary of any assignment approved by the City under this section.

Section 6.02. Successors and Assigns. The Parties' obligations pursuant to this Agreement, unless earlier satisfied, shall inure to and be binding upon the heirs, executors, administrators, successors and assigns of the respective parties as if they were in every case specifically named and shall be construed as a covenant running with the land, enforceable against the purchasers or other transferees as if such purchaser or transferee were originally a party and bound by this Agreement. Notwithstanding the foregoing, no tenant of any part of the TDD Project shall be bound by any obligation of the Developer solely by virtue of being a tenant; provided, however, that no transferee or owner of property within the TDD Project except the Developer shall be entitled to any rights whatsoever or claim upon the reimbursements from the TDD Sales Tax, except as specifically authorized in writing by the Developer and the City.

Section 6.03. Excluded Encumbrances and Transfers. The foregoing restrictions on assignment, transfer and conveyance in this Article VI shall not apply to (i) any security interest granted to secure indebtedness to any construction or permanent lender; (ii) rental and leasing of portions of the District in the normal course of Developer's business to businesses whose operations fall within the uses permitted under the terms of this Agreement ("Business Operators"); (iii) the sale, conveyance or other transfer of title of portions of the District in the normal course of Developer's business to Business Operators, provided however that any such sales, transfers or conveyances shall not exceed fifty percent (50%) of the land area within the District in the aggregate without approval of the City as set forth in Section 6.01 hereof; or (iv) any transfer of the District and/or some or all of the rights and/or obligations under this Agreement to a person or entity that is controlled by Developer, which Developer controls, or that is under common control with Developer (an "Affiliate"), provided that any such Affiliate shall have a net worth which is equal to or greater than that of the Developer immediately prior to such transfer. Developer hereby agrees to provide the City with written notice of any transfer permitted by this Section 6.03 within ten (10) days after such transfer.

ARTICLE VII. CONSTRUCTION OF IMPROVEMENTS

Section 7.01. Construction of Improvements. Developer agrees that it shall cause the TDD Project to be constructed and completed substantially in accordance with this Agreement. In addition, the Construction Documents, and any other contracts for the design, development,

acquisition, construction and completion of the TDD Project, as well as all other contracts or agreements respecting the TDD Project, shall comply and conform to all Applicable Laws and Requirements.

Section 7.02. Commencement of Construction: Subject to Section 9.07 hereof, Developer hereby agrees that Developer shall commence construction of each respective Phase of the TDD Project as set forth in the Performance Milestones attached hereto as **Exhibit H**, or at such other time as may be agreed upon by the Developer and the City in writing.

Section 7.03. Completion Dates. Subject to Section 9.07 hereof, Developer hereby agrees that Developer shall Substantially Complete construction of each respective Phase of the TDD Project on or before the completion date for such Phase as set forth in the Performance Milestones attached hereto as **Exhibit H**.

Section 7.04. Permitted Modifications. Notwithstanding any provisions of this Agreement to the contrary, Developer shall have the right, in its sole discretion, to modify the scope and physical parameters of the TDD Project (each, a "Permitted Modification") if, and to the extent, that:

(a) Modifications are approved via the Planning Commission and/or Governing Body via the planning and zoning process or as required by Applicable Laws and Requirements; or

(b) Modifications are required to include within the TDD Project new technologies or amenities which may become available during the time that the TDD Project is being developed; or

(c) Modifications shall be allowed to the interior portions of the various buildings that constitute the TDD Project.

Developer agrees that any such Permitted Modification shall be consistent, and comply, with Applicable Laws and Requirements. Developer shall give to the City reasonable prior notice of any Permitted Modifications. A Permitted Modification shall not require the consent of the City.

Section 7.05. Periodic Meetings with the City. From the Effective Date until Substantial Completion of the TDD Project, Developer hereby agrees to meet with the City and/or its agents or consultants at such intervals as Developer, the City and any such designee shall mutually agree or reasonably request, and not more frequently than quarterly, to review and discuss the design, development and construction of the TDD Project. At any time during the Term of this Agreement, Developer hereby agrees to reasonably respond to requests for information from the City or its representatives about the TDD Project, which shall include, without limitation, information identifying leasing or sale activities for the TDD Project.

**ARTICLE VIII.
USE AND OPERATION OF THE PROJECT**

Section 8.01. Term. The Term of this Agreement shall commence on the Effective Date and shall expire following the last day of the TDD Collection Period (the "Term").

Section 8.02. Use and Operation. Developer covenants that at all times during the Term it will, at its expense:

(a) Conduct its business at all times in a commercially reasonable manner and in conformity with the industry standards for similar facilities and in such manner as to maximize sales and/or rentals and to help establish and maintain a high quality reputation for the TDD Project.

(b) Perform its duties to maintain the TDD Project and the District as set forth in Section 8.03 hereof.

(c) Developer hereby understands and agrees that the nature of the retail uses within the District was critical to the City's creation of same. Accordingly, the parties hereby agree that the following uses shall be prohibited within the District:

(i) Any use which is offensive by reason of odor, fumes, dust, smoke, noise, or pollution, or which constitutes a nuisance or is hazardous by reason of fire or explosion, or injurious to the reputation of the shopping center. No oil, gasoline or flammable liquid shall be stored within the District, except as approved by the City as part of a convenience store and/or gas station operation.

(ii) A car wash.

(iii) A facility primarily used as a storage warehouse operation, mini-warehouse, or freight terminal.

(iv) Any pawn shop or flea market.

(v) Any store selling discounted tobacco products or tobacco-smoking paraphernalia; provided that this restriction is not intended to prohibit (i) a grocery store, drug store, or other businesses where such products are sold but are not relevant business's primary source of revenue; or (ii) a first-class cigar shop or first-class, private clubs which allow the sale and consumption of tobacco products.

(vi) Any dumping, disposing, incineration or reduction of garbage; provided, however, this prohibition shall not be applicable to garbage compactors located within the District.

(vii) Pay-day or title loan facilities.

(viii) Any fire sale, bankruptcy sale (unless pursuant to a court order) or auction house operation (but this provision shall not restrict the absolute freedom of an owner of any portion within the District to determine its own selling prices nor shall it preclude second-hand sales or the conduct of periodic seasonal sales, promotional or clearance sales, all of which are specifically permitted).

(ix) Any central laundry, or laundromat; provided, however, this prohibition shall not be applicable to a drop-off and pickup facility, or a central laundry or laundromat that complies with CERCLA, RCRA and other Applicable Laws and Requirements (as defined herein).

(x) Any automobile, truck, trailer or recreational vehicle with outside sales, leasing, or display unless approved by the City or in conjunction with promotions, displays and other similar marketing activities, subject, however, to compliance with all Applicable Laws and Requirements.

(xi) Any body shop repair operation, engine repair or vehicle repair facility for all vehicles, including motorcycles, unless ancillary to new vehicle sales (if such new vehicle sales are entirely interior or are approved by the City under paragraph (x) hereof).

(xii) Any establishment selling or exhibiting sexually oriented materials or which sells drug-related paraphernalia or which exhibits either live or by other means to any degree, nude or partially clothed dancers or wait staff; except that this provision shall not be deemed to preclude the operation within the District of either a nationally or regionally recognized book store, or a drug store or pharmacy, or a department within a retail store offering for sale its usual or customary inventory of books, magazines and/or related pharmaceutical materials.

(xiii) Any seasonal tax preparation facilities.

(xiv) Any precious metals facilities, except for and excluding high quality jewelry stores that purchase precious metals as an ancillary part of their business operations.

The City's governing body may grant variances to the restrictions set forth in this Section 8.02(d) from time to time in its sole and absolute discretion. Within thirty (30) days of the Effective Date, Developer and the City shall execute a document which shall memorialize the restrictions set forth in this Section 8.02(d) and record the same against the real property within the District, which restrictions shall be effective and run with the land for the Term of this Agreement.

Section 8.03. Maintenance and Use. During the Term, Developer shall cause the TDD Project and all other of its property used or useful in the conduct of its business and operations within the District, to be maintained, preserved and kept in good repair and working order and in a safe condition, consistent at all times with other similarly situated space in the greater metropolitan Kansas City area, and will make all repairs, renewals, replacements and improvements necessary for the safe, efficient, and advantageous conduct of its business and

operations within the District. Nothing in this Section 8.03 shall preclude Developer from removing or demolishing any building or buildings, if in its reasonable judgment, such removal or demolition is desirable in the conduct of its business, and as long as the same does not materially adversely affect the value of the Project or Developer's ability to (i) perform its obligations under this Agreement, or (ii) generate TDD Sales Taxes within the District. Developer may make additions, alterations and changes to the Project so long as such additions, alterations and changes are made in compliance with all Applicable Laws and Requirements, this Agreement, the Development Plan, and as long as the same do not materially adversely affect the value of the TDD Project or Developer's ability to perform its obligations under this Agreement, or generate TDD Sales Taxes within the District. Without limiting the generality of the foregoing, Developer hereby understands and agrees that it shall execute, deliver and fully comply with the terms and conditions of that certain Covenant to Maintain Private Parking Facilities, the form of which is attached hereto as **Exhibit J**.

Section 8.04. Compliance. Developer shall conduct its affairs and carry on its business and operations in such a manner as to comply with all Applicable Laws and Requirements, and to observe and conform to all valid orders, regulations or requirements (including, but not limited to, those relating to safety and health) of any government authorities applicable to the conduct of their business and operations and the ownership of the TDD Project. Developer agrees to promptly pay any and all fees and expenses associated with any safety, health or other inspections required under this Agreement or imposed by Applicable Law and Requirements. Provided, however, that nothing contained in this Agreement shall require Developer to comply with, observe and conform to any such law, order, regulation or requirement of any government authorities so long as the validity thereof shall be contested by Developer in good faith by appropriate proceedings.

Section 8.05. Payment of Taxes and Liens. The Parties hereby agree as follows:

(a) During the Term of this Agreement, Developer and its Affiliates shall pay when due all real estate taxes and assessments on the property it owns within the City. In the event that the Developer shall fail to pay all such applicable real estate taxes and assessments, the parties understand and agree that the City may suspend all reimbursements of Eligible Expenses through Pay-As-You-Go TDD Financing during any time that such real estate taxes and assessments on the property the Developer (or its Affiliate) owns within the City remain unpaid. Notwithstanding the foregoing, nothing contained in this Agreement shall prohibit the Developer or its Affiliates from contesting the assessed value of the properties, improvements or the taxes thereon in good faith by appropriate proceedings; provided however that Developer or its Affiliates shall pay any and all amounts that are contested under protest while any such proceedings are pending. The Developer and any other owners of real property within the District shall promptly notify the City in writing of a protest of real estate taxes or valuation of the Developer's or such other owners' property within the District.

(b) Developer further agrees that no mechanics' or other liens shall be established or remain against the TDD Project or the property within the District, or the funds in connection with any of the TDD Project, for labor or materials furnished in connection with any acquisition, construction, additions, modifications, improvements,

repairs, renewals or replacements so made for which Eligible Expenses were incurred. However, the Developer shall not be in default if mechanics' or other liens are filed or established and the Developer contests in good faith said mechanics' liens and in such event may permit the items so contested to remain undischarged and unsatisfied during the period of such contest and any appeal therefrom.

Section 8.06. Licenses and Permits. Developer hereby recognizes, stipulates and agrees (a) that in the design, construction, completion, use or operation of the TDD Project, Developer, or its general contractor, shall procure and pay for any and all permits, licenses or other forms of authorizations that are, from time to time, required, and (b) that nothing herein shall be construed as any release by the City of the responsibility of Developer to comply with, and satisfy the requirements of, all Applicable Laws and Requirements.

Section 8.07. Damage or Destruction.

(a) In the event of damage to or destruction of any portion of the TDD Project resulting from fire or other casualty during the Term, the net proceeds of any insurance relating to such damage or destruction shall be paid into an account controlled by Developer's lender, if any, that has a security interest in the portion of the TDD Project that was damaged (or in the event such portion of the District is not mortgaged for the benefit of Developer's lender, then such account shall be controlled by Developer), and used in accordance with this Section of the Agreement ("Casualty Escrow").

(b) If, at any time during the Term, the Project or any part thereof shall be damaged or destroyed by a casualty (the "Damaged Facilities"), Developer, at its sole cost and expense, shall commence and thereafter proceed as promptly as possible to repair, restore and replace the Damaged Facilities as nearly as possible to their condition immediately prior to the casualty and shall be entitled to draw upon the Casualty Escrow for payment of said costs. Funds in the Casualty Escrow shall not be used for any purpose other than repair, restoration, and/or replacement of the Damaged Facilities until such repair, restoration, and/or replacement required by this Section is complete.

(c) Nothing in this section will require the Developer to expend funds in excess of the Casualty Escrow for the repair, restoration and/or replacement of the Damaged Facilities.

(d) Notwithstanding anything in this Section to the contrary, the parties hereby agree that:

(i) The requirement in this Section that net casualty insurance proceeds be deposited into a Casualty Escrow, and Developer's obligation to repair, restore, and replace the Damaged Facilities, shall not apply where the Damaged Facilities consisted of non-retail operations that do not generate TDD Sales Tax; and

(ii) Upon the earlier of (x) receipt by KDOT of TDD Sales Tax proceeds in the amount of the KDOT Payment, or (y) the termination or

expiration of the KDOT Agreement, this Section of the Agreement shall be of no further force or effect.

Section 8.08. Access. During the Term, Developer hereby recognizes, acknowledges and agrees that the City, and its duly authorized representatives and agents, shall have the right to enter the portions of the TDD Project at reasonable times and upon reasonable notice, to substantiate compliance with this Agreement or, to the extent Developer has failed to cure any breach within applicable notice and cure periods, to cure any defaults under this Agreement. In exercising its rights hereunder, the City shall use reasonable efforts to avoid unreasonable interference with the operation of the TDD Project. Nothing contained in this Section 8.08 shall restrict or impede the right of the City to enter the District pursuant to any Applicable Laws and Requirements.

Section 8.09. Power of the City. Notwithstanding anything set forth herein to the contrary, no provision contained herein shall in any manner diminish or usurp the inherent rights and powers of the City to act in its capacity as a public body. Further, nothing herein shall relieve Developer from complying with all Applicable Laws and Requirements.

ARTICLE IX. DEFAULTS AND REMEDIES

Section 9.01. Default by the City. The City shall be in default under this Agreement if the City fails to keep or perform any covenant or obligation herein contained on the City's part to be kept or performed, and the City fails to remedy the same within thirty (30) days after Developer has given the City written notice, with a copy of such notice to the Secretary, specifying such failure and requesting that it be remedied; provided, however, that if any event of default shall be such that it cannot be corrected within such period, it shall not constitute an event of default if corrective action is instituted by the City within such period and diligently pursued until the default is corrected, provided that such default is fully cured in ninety (90) days in any event.

Section 9.02. Developer's Remedies Upon Default by the City.

(a) If a default by the City occurs under this Agreement and is continuing, Developer may take whatever action at law or in equity as may appear necessary or desirable to enforce performance and observance by the City of any provision of this Agreement, however, the City's liability for monetary amounts shall be limited to the actual amount, if any, in question, and under no circumstances shall the City be liable for any remote, punitive or consequential damages. The City's liability hereunder shall also be limited by Applicable Laws and Requirements. In the event of such a default, Developer shall also have the right to terminate this Agreement.

(b) In the event of such default by City, the Developer may take such actions, or pursue such remedies, as exist hereunder or at law or in equity.

(c) In the event that the City cannot perform its obligations hereunder as a result of cancellation, termination or a failure to perform by KDOT under the KDOT Agreement, the parties hereby agree that (i) the City shall refund any amounts paid by

Developer for right-of-way acquisition as set forth in Section 2.03(b)(ii) of this Agreement, if any, (ii) the City shall complete the design of the Interchange and pay to Developer any amount reimbursed to the City by KDOT pursuant to Article IV, Section 5(a)(4) of the KDOT Agreement, and (iii) the TDD shall be terminated and this agreement may be terminated by either party by written notice to the other.

Section 9.03. Default by Developer. Developer shall be in default under this Agreement if:

(a) Developer fails to make any of the payments of money required by the terms of this Agreement, and Developer fails to cure or remedy the same within ten (10) days after the City has given Developer written notice specifying such default; or

(b) Developer fails to keep or perform any covenant or obligation herein contained on Developer's part to be kept or performed, and Developer fails to remedy the same within thirty (30) days after the City has given Developer written notice specifying such failure and requesting that it be remedied; provided, however, that if any event of default shall be such that it cannot be corrected within such period, it shall not constitute an event of default if corrective action is instituted by Developer within such period and diligently pursued until the default is corrected, provided that such default is fully cured in ninety (90) days in any event; or

(c) Without limiting the generality of the foregoing, if Developer shall assign or transfer the TDD Project and/or this Agreement in violation of the terms and conditions set forth in Article VI, and Developer fails to remedy the same within thirty (30) days after the City has given Developer written notice specifying such failure and requesting that it be remedied; provided, however, that if any event of default shall be such that it cannot be corrected within such period, it shall not constitute an event of default if corrective action is instituted by Developer within such period and diligently pursued until the default is corrected, provided that such default is fully cured in sixty (60) days in any event; or

(d) Developer shall file a voluntary petition under any bankruptcy law or an involuntary petition under any bankruptcy law is filed against any such party in a court having jurisdiction and said petition is not dismissed within thirty (30) days or Developer, makes an assignment for the benefit of its creditors; or a custodian, trustee or receiver is appointed or retained to take charge of and manage any substantial part of the assets of Developer and such appointment is not dismissed within sixty (60) days; or any execution or attachment shall issue against Developer whereupon the District, or any part thereof, or any interest therein of Developer under this Agreement shall be taken and the same is not released prior to judicial sale thereunder (each of the events described in this subsection being deemed a default under the provisions of this Agreement); or

(e) Developer breaches the representations and warranties set forth in this Agreement and fails to cure or correct same within thirty (30) days of notice from the City.

Section 9.04. City's Remedies Upon Default by Developer. Upon the occurrence and continuance of a Developer default, the City shall provide notice to the Secretary and shall have the following rights and remedies, in addition to any other rights and remedies provided under this Agreement or by law:

(a) Whenever any default by Developer shall have occurred and be continuing, subject to applicable cure periods as set forth above, the City may (i) refuse to approve any further Certificates of Expenditures and/or make any further disbursements of TDD Sales Tax to Developer unless and until such default is cured by the Developer (which shall not affect the KDOT Payments hereunder), and/or (ii) terminate the TDD and/or the TDD Sales Tax, in which case Developer shall have no further rights to any proceeds or reimbursements therefrom, and/or (iii) terminate this Agreement. The rights and remedies reserved by the City under this Section 9.04 shall be construed as cumulative and continuing rights, no one of which shall be exhausted by the exercise of any one or more of such rights or remedies on any one or more occasions.

(b) The City may pursue any available remedy at law or in equity by suit, action, mandamus or other proceeding to enforce and compel the specific performance of the duties and obligations of the Developer as set forth in this Agreement, to enforce or preserve any other rights or interests of the City under this Agreement or otherwise existing at law or in equity and to recover any damages incurred by the City resulting from such Developer default, but in no event shall the Developer be liable for any remote, punitive, or consequential damages.

(c) In the event of such default by Developer, the City may take such actions, or pursue such remedies, as exist hereunder or at law or in equity and Developer covenants to pay and to indemnify the City against all reasonable costs and charges, including attorneys' fees, lawfully and reasonably incurred by or on behalf of the City in connection with the enforcement of such actions or remedies.

(d) Notwithstanding anything set forth herein which is seemingly to the contrary, in the event of a default by a transferee which owns a portion of the District pursuant to Section 6.01 or 6.03(ii) or (iii) hereof, the City shall not have the above-referenced remedies against the Developer, but rather, it is hereby understood and agreed that the City's recourse shall be solely against such transferee as the owner of such property and as the successor to Developer's obligations under this Agreement for that particular property. In no event shall a default by such a transferee affect the Developer's rights hereunder to collect TDD Sales Tax proceeds generated by any such transferee's portion of the District.

Section 9.05. Legal Actions.

(a) Institution of Legal Actions. Any legal actions related to or arising out of this Agreement must be instituted in the District Court of Johnson County, Kansas or, if federal jurisdiction exists, in the Federal District Court in the District of Kansas.

WHEREAS, Owner proposes the construction or replacement of private streets, drives, parking and driveway facilities located on the Property (the "Facilities"); and

WHEREAS, the City has deemed that it is in the public interest to properly maintain, repair and replace the Facilities for the benefit of the Property, the general public and surrounding areas; and

WHEREAS, this Covenant for the proper maintenance, repair and replacement of the Facilities is necessary to serve the development of the Property and to provide for appropriate traffic safety, convenience and circulation.
