June 22, 2022

The Overland Park Finance Department is pleased to present the Annual Comprehensive Financial Report of the City of Overland Park, Kansas, for the fiscal year ended December 31, 2021.

The responsibility for accuracy, completeness and fairness of the data presented, including all disclosures, rests with the City. We believe the report, as presented, is accurate in all material aspects and is presented in a manner designed to fairly set forth the financial position and the results of the City on both a Government-wide and Fund basis. It is our belief that all disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included. To enhance the reader's understanding of these financial statements, note disclosures have been included as an integral part of this document.

The audit firm of Allen, Gibbs & Houlik, L.C. has issued an unmodified ("clean") opinion on the City of Overland Park's financial statements for the year ended December 31, 2021. The independent auditors' report is located at the beginning of the financial section of the Annual Comprehensive Financial Report.

This letter of transmittal is designed to complement the Management's Discussion and Analysis (MD&A) and should be read in conjunction with it. The City's MD&A can be found immediately following the independent auditors' report and provides a narrative introduction, overview and analysis of the basic financial statements.

City of Overland Park Profile

The City of Overland Park ("the City"), Kansas is the second largest city in the Kansas City metropolitan region. The City spans nearly the entire length of Johnson County and is one of 113 incorporated cities existing in the Kansas City metropolitan area. There are approximately 75.7 square miles within the corporate boundaries of the City.

The City was incorporated as a first-class city on May 20, 1960 under the provisions of K.S.A. 12-1026h. In November of 1962, the City adopted the Mayor-Council-City Manager form of government. The Mayor is elected by the City-at-large and two council members are elected from each of six wards. All elected officials serve terms of four years, with biennial non-partisan elections to allow for council members to serve staggered terms. The City Manager is responsible for the implementation of Governing Body policy and the day-to-day operation of the City.

The financial reporting entity (the government) includes all the funds of the primary government (i.e., the City of Overland Park, as legally defined), as well as a component unit. Component units are legally separate entities for which the primary government is financially accountable. The government provides a range of services including: police and fire protection; construction and maintenance of the City's street and traffic infrastructure network; maintaining the structural standards of the community through the

planning and enforcement of the City's building code and comprehensive land use plan; and the development and maintenance of the City's parks and recreation programs and facilities.

A blended presented component unit is a separate legal entity and is not part of the primary government's operations. Accordingly, the Overland Park Development Corporation, which financed, constructed and owns a Sheraton Hotel which is a part of the Overland Park Convention Center complex, is reported as a blended unit using proprietary fund accounting. Other independent agencies exist for school, sewer and water services. These agencies cannot impose their will on the City, nor is there any financial benefit or burden to the City, or any fiscal dependency on the City by these agencies.

Local Economy

While 2021 presented ongoing challenges for the City, the state and the country as a whole, Overland Park has weathered the prolonged COVID-19 pandemic largely unscathed and remains in a strong, stable fiscal position.

Overland Park is one of the most fiscally sound communities within the state of Kansas and in the Kansas City metropolitan area. The City of Overland Park's fiscal culture is rooted in sustainable, long-range financial planning to help guide both policy and operating decisions. Overland Park relies on conservative fiscal assumptions in the City's operating budget, five-year capital and maintenance plans, and a comprehensive rolling five-year financial forecast which provides the City a long-range planning window to ensure fiscal sustainability. Overland Park's long-standing record of fiscal responsibility, based upon sound financial planning and budgeting, continues to earn distinction among local governments. The City's strong financial management and outstanding fiscal position is recognized in our exceptional bond ratings. In 2021, the City received triple-A ratings from Standard & Poor's and Fitch rating agencies and an Aa1 from Moody's rating agency.

Overland Park is also recognized for a high quality of life, offering exceptional schools, diverse housing opportunities, and a dynamic business climate, all of which are driving factors in the continued long-term growth within the City's economy. Overland Park's robust economy and strong livability continues to earn it national accolades as one of the best places in the nation to both live and work; over the last year Overland Park was recognized as one of the best places to live by Money Magazine, Livability and Niche, as well as a City with the Best Public Schools (Niche), one of the Best Cities for Jobs (WalletHub) and numerous other awards.

The population of the City continues to experience steady growth. At slightly over 200,000 residents, Overland Park is the second largest city in the state of Kansas and is the largest suburb in the Kansas City area. A commercial hub of the Kansas City metropolitan region, the City's daytime population is estimated at over 220,000. With a diverse business community, Overland Park remains largely resilient to economic fluctuations, as evidenced by a lower than average unemployment rate. Overland Park's 2021 unemployment rate averaged 2.7%, slightly less than the state of Kansas rate of 3.2% and substantially lower than the national rate of 5.3%.

Despite the pandemic, property values remained strong, with assessed value increasing in 2021 from \$4.1 billion to \$4.2 billion, a 2.9% increase. Economic development and construction continued at a strong pace during the year, with public and private investments of almost \$600 million in construction value in 2021.

Retail sales within the City recovered strongly in 2021, after a contraction in 2020 as a result of pandemic-related store closures. In 2021, combined City sales and use tax revenues increased by 19.3% when compared to 2020, with retail sales increasing 15.8% and compensating use tax increasing 32.7%. Furthermore, 2022 year-to-date experience indicates strong growth in sales tax collections are again anticipated for the year.

2021 Major Initiatives for the Year

Overland Park's primary focus in 2021 continued to be navigating the COVID-19 pandemic, while also adopting strategies for post-pandemic recovery. During most of 2021, the City focused on conservative allocation of resources, as the long-term impact of the pandemic was not clear. Priority areas of public safety and quality of life remained in the forefront, while the additional funding was provided in the areas of infrastructure management and governmental accountability.

Public Safety. Public safety continued to be the City's primary focus during much of 2021, as all aspects of city operations worked in conjunction to manage operational response to the prolonged COVID-19 pandemic.

Emergency response enhancements were prioritized in 2021. Mental health resources, a critical need during the year, were improved as the City's Crisis Intervention Team received additional staff resources and additional training to increase the unit's effectiveness as mental health related service needs increased dramatically.

Furthermore, enhancements were made to the City's dispatch capabilities, body cameras were deployed to all front-line commission police employees, and additional public safety funding was allocated toward programs related to both child and animal welfare.

Emergency fire and medical services responses were also enhanced in late 2021 with the opening of Fire Station #48. Serving southern Overland Park, the addition of this station has resulted in substantial reductions in emergency response times.

Quality of Life. Overland Park recognizes that community sustainability, vibrancy and livability are all influenced by a multitude of factors. Available public services, safety, amenities, transportation infrastructure, perceived quality of life and economic opportunities are vital to ensuring our community continues to flourish, and is a community in which individuals choose to move to.

During 2021, resources and activities supporting preservation of the community's livability were a focus. The City reopened recreation amenities that has been closed due the pandemic, including city pools, the Deanna Rose Children's Farmstead, and the community centers. Scaled-back festivals also returned to the City and the City's renowned Farmer's Market operated in an expanded location to allow adequate space for social distancing.

Resources continue to be directed towards maintaining areas of the City in a manner that encourages individuals, homeowners and businesses to choose to invest in the community through purchases of and improvements to properties, as well as economic development projects promoting job creation within the City. Environmental initiatives continued to increase in importances, and additional resources enhanced the City's sustainability initiatives.

Funding for maintenance of the City's parks, greenspaces, right of way and aquatic facilities remained a priority in 2021. The City invested in long-term quality of life enhancement projects in 2021, including some pandemic-delayed projects. Improvements include renovations at the Young's Aquatic Center, redevelopment of Strang Park, and the groundbreaking for construction of a Visitors Center at the Overland Park Arboretum, which is largely funded through private donations.

Investments in Capital Infrastructure, Public Facilities and Technology. Based on the unknown long-term fiscal impact of the pandemic, the City determined in early 2020 to delay several capital infrastructure projects in the City's five-year Capital Improvement Program (CIP) and Maintenance Improvement Program (MIP). During 2021, many of these projects were restored to the City's CIP and MIP as the post-pandemic picture became clearer.

During the year, the City continued our investment into transportation infrastructure, public facilities and technology. During 2021, the City invested \$68.2 million in infrastructure and assets through the City's capital and maintenance improvement programs. Large projects included:

- 2020-2021 Street Maintenance Program. 2021 investment was \$14.1 million.
- Construction of 167th Street Bridges over Coffee Creek. 2021 investment was \$7.5 million
- Construction of Fire Station #48. 2021 investment was \$6.0 million; total project investment to date is \$6.8 million.
- Improvement to Quivira Road, 159th Street to 179th Street. 2021 investment was \$7.3 million; total project investment to date is \$25.9 million.
- 2020-2021 Neighborhood Street Reconstruction. 2021 investment was \$7.0 million.
- 2020-2021 Storm Water System Improvements. 2021 investment was \$6.9 million
- Public Safety Equipment. 2021 investment was \$4.0 million.
- Parks and Recreation amenities. 2021 investment was \$7.2 million, including \$1.8 million for improvements at Strang Park, \$1.3 million for renovations to Young's Aquatic Center, and \$1.7 million in construction costs for the Arboretum Visitor's Center.

Governmental Accountability. Overland Park remained committed to maintaining and enhancing our transparent, customer-service focused organizational culture. During 2021, increased resources were allocated toward supporting the City's evolving transparency needs, including enhancing live streaming of City Council and city committee meetings, public comment periods, agenda information and financial transparency information available online.

Overland Park also adjusted expenditures and realigned resources as the pandemic continue to impact revenue collections in sales tax, transient guest tax, property tax, recreational fees and development fees collections. During 2021, reallocation occurred of personnel resources within and across departments as well as tactical adjustments in some department operating expenditures for commodities and contractual services. Adjustments were largely driven by external forces and needs in programs and services which support quality of life standards.

On-going adjustments to the City's operational, financial and capital/maintenance plans resulted in the City's 2021 fiscal position remaining strong and healthy despite the prolonged pandemic.

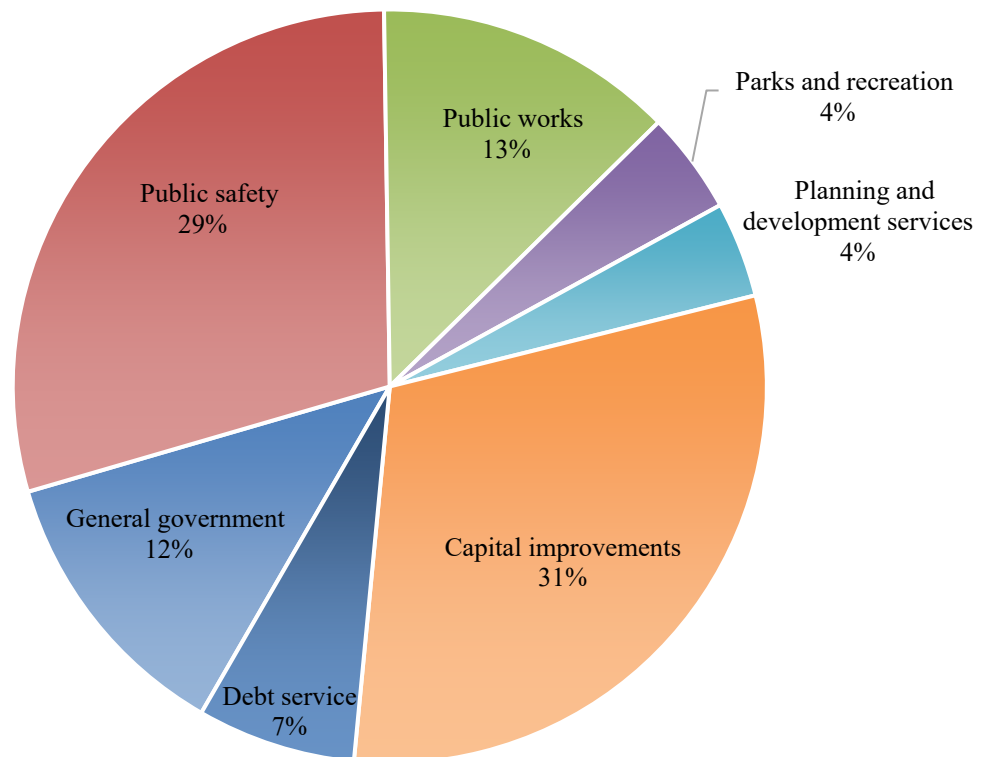

While total revenues did increase from \$223 million in 2020 to \$256 million in 2021, expenditures also increased as operations returned to a more normal level. Pre-pandemic 2019 expenditures were \$241 million, compared to \$221 million in 2020 and \$254 million in 2021.

The following charts depict the actual sources and uses of the City’s financial resources for 2021:

Where the Money Comes From

Where the Money Goes

Outlook for 2022

As of the spring of 2022, the COVID-19 pandemic has diminished to the point of no longer impacting daily life for the vast majority of our residents. The City continues to maintain some workforce protective measures, however our public-facing services have returned to normal operations.

Total annual revenues for the City are anticipated to continue to grow in 2022, having surpassed 2019 pre-pandemic levels in 2021. City sales tax collections are forecasted to increase 2.5%, or \$1.4 million, over 2021. User fees, including recreational fee, development permits and municipal court fines, are anticipated to grow around 8% over 2021 levels. Overall, total 2021 annual revenue for the City is estimated to be around 7% above 2021 levels.

While the City's revenue collections are anticipated to expand in 2022, concern exists regarding the portion of expansion related to economic growth vs. expansion related to inflation. Year-over-year inflation currently sits at over 8%, the highest inflation rate in 40 years. With an anticipated growth of 7% in annual revenues, the City will not be matching the current rate of inflation in 2022. In addition, there are growing concerns regarding a recession in late 2022 or early 2023, as national economic indicators, including high inflation combined with rising interest rates and a contracting gross domestic product rate, indicate an economic contraction is likely in the near future.

Economic development in the city is also experiencing early signs of contraction. As of April 2022, construction activity within the City is approximately 10-15% lower than the same period in 2021.

However, the City does has several substantial economic development projects which currently underway.

One of the most significant commercial construction and redevelopment projects in 2022 is Aspiria. On the site of the 207-acre former Sprint Telecommunications campus, significant redevelopment and expansion began in 2021 and is planned to continue for several years. The site has been rezoned as a planned mixed-use district. In addition to redeveloping the four million square feet of existing office space, the current undeveloped northwest corner of 119th Street and Nall Avenue will undergo construction, including 1.1 million square feet of new office space, 383,000 square feet of retail, 600 multi-family units and 120 hotel units. Buildout is anticipated to take five to ten years, and when completed have the capacity to host 41,000 people within the site.

Another large project under going construction in 2022 is the first phase of the Bluhawk Multi-Sport Complex located on the southeast corner of 162nd Street and Lowell Avenue, along the US 69 Highway corridor. Phase 1 includes a 240,000 square foot facility consisting of an ice rink, basketball courts, and indoor turf field as well as 4,000 flexible, moveable seats shared with the ice rink. The facility is projected to open in 2023.

With a current vehicle count of 80,000 vehicles per day, the US 69 Highway corridor is the fastest growing corridor within Kansas and the Kansas City metropolitan area. Expansion of U.S. 69 Highway in Overland Park is the Kansas Department of Transportation highest-rated highway construction project. The City and the State are partnering to widen U.S. 69 from four to six lanes from 103rd to 179th streets. The first phase of this expansion project is planned to kick off in 2022 at an estimated cost of \$300 million.

Accounting System

In developing and evaluating the City's accounting system, consideration is given to the adequacy of internal controls. Internal accounting controls are designed to provide reasonable assurance regarding: 1) the safeguarding of assets against loss from unauthorized use or disposition, and 2) the reliability of the financial records for preparing statements and maintaining accountability of assets. The concept of reasonable assurance requires that management personnel make judgments that rely on estimates in the evaluation of the cost benefits derived from such controls. All internal control evaluations occur within that cost-to-benefit framework.

We believe that the City's internal accounting controls adequately safeguard assets and provide reasonable assurance of the proper recording of financial transactions.

The City's budget is prepared on the modified accrual basis further adjusted by an encumbrance system of accounting as required by applicable state statutes. The City Manager presents recommendations for the budget to the Mayor and City Council for their review. The budget recommendations set forth the proposed funding level of the City's various operating and public service programs. A series of public meetings are held by City Council committees to review alternative spending proposals. After a public hearing to solicit citizens' comments on the proposals, the City Council adopts the budget. The budget is appropriately controlled through the accounting system to ensure effective fiscal management and accountability.

Capital and Maintenance Programs

As a vital and growing city, Overland Park considers it a priority to construct, maintain and improve infrastructure. The City's capital improvements needs for the upcoming five-year period are reviewed and updated annually. The maintenance program addresses significant repairs to, renovation or rehabilitation of, or replacement of city infrastructure and facilities. The management and accounting of these programs is controlled through the use of capital project funds. The primary sources of financing these improvements include general obligation bonds, City budgeted funds, county funds and revenue from federal and state grants.

Fiscal Policy

The financial management of the City is performed in accordance with a Fiscal Policy Resolution 4215. This fiscal policy establishes the criteria and guidelines to be used in developing long-range (five-year) financial plans, annual operating budgets, and maintenance and capital improvements programs for Governing Body consideration. The purpose of this policy is to:

- Provide clear direction to the city staff about the policies of the Governing Body, and about the scope and level of City services and capital improvements desired,
- Ensure that the Governing Body is informed about the fiscal capacity of the City to undertake capital, maintenance or operating program activities before making decisions on such activities,
- Provide for a balanced municipal revenue structure which is dependable and responsive to economic conditions, while continuing to limit the City's reliance on property tax when possible,
- Provide investors interested in Overland Park bonds with a clear picture of the financial condition of the City and the security of their investment which will improve and maintain Overland Park's bond ratings,
- Provide the lead-time required to plan and schedule public improvements, and
- Advise the public as to the need for City financial and service actions to maintain public confidence in the City's credibility.

Risk Management

In an effort to combat the rising cost of insurance premiums, in 1987 the City initiated a limited risk management program for workers' compensation and all other insurable losses not otherwise insured. The City, through its Risk Manager, monitors the insurance market throughout the year to determine the feasibility of obtaining insurance coverage. Additional information on the City's risk management activity can be found in Note IV. A. of the Notes to the Basic Financial Statements.

Awards and Acknowledgements

The Government Finance Officers Association (GFOA) of the United States and Canada awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for the Annual

Comprehensive Financial Report for the fiscal year ended December 31, 2020. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized report with contents that conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year. The City has been the recipient of this award annually since the first award was granted for the Annual Comprehensive Financial Report for the year ended December 31, 1976. We believe our 2021 report continues to conform to Certificate of Achievement Program requirements, and we will submit this report to the GFOA to determine its eligibility for another certificate.

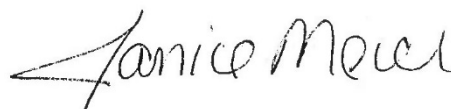

The City also receives GFOA's Distinguished Budget Presentation Award annually. In order to qualify for the Distinguished Budget Presentation Award, the government's budget document was judged to be proficient in several categories including policy documentation, financial planning and organization. The City has been a recipient of GFOA Award for Distinguished Budget Presentation for its annual appropriated budget since 1995.

Many individuals contributed to the preparation of this report and for the maintenance of records upon which it is based. Appreciation is expressed to the entire Finance Department who were instrumental in the successful completion of this report, and most notably to the accountant team of Mark Fehling, Jeremy Bull, Matt Harper, Debbie Scarborough and Deena Boswell. Finance Department employees worked many extra hours and exhibited extraordinary effort in ensuring the accuracy and timeliness of this report, and their contribution to this effort is greatly appreciated.

Respectfully submitted,

Gena McDonald

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Members of the City Council
City of Overland Park, Kansas

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Overland Park, Kansas (City), as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the City of Overland Park, Kansas, as of December 31, 2021, and the respective changes in financial position, and, where applicable, cash flows thereof and the respective budgetary comparison for the general fund and each major special revenue funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Sheraton Overland Park Hotel and Scoops, Inc. (Hotel), which is included within the financial statements of the Overland Park Development Corporation, a major enterprise fund of the City. The Hotel represents 83 percent and 70 percent, respectively, of the assets, net position and revenues of the Overland Park Development Corporation and 67 percent and 46 percent, respectively, of the assets, net position and revenues of the business-type activities. Those statements were audited by other auditors whose report has been furnished to us, and our opinions, insofar as it relates to the amounts included for the Sheraton Overland Park Hotel and Scoops, Inc., is based solely on the report of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the *Kansas Municipal Audit and Accounting Guide*, and the standards applicable to financial audits contained in *Government Auditing Standards (Government Auditing Standards)*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions. The financial statements of the Overland Park Development Corporation and the Overland Park Convention Center, which is included in the Transient Guest Tax Fund, were not audited in accordance with *Government Auditing Standards*.

Emphasis of Matter

As discussed in Note I.C. to the financial statements, the 2021 financial statements have been restated to correct a misstatement related to the Overland Park Development Corporation. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information listed on the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual nonmajor fund financial statements and schedules as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections as listed in the table of contents but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 22, 2022 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness

of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

CERTIFIED PUBLIC ACCOUNTANTS

Overland Park, Kansas
June 22, 2022

CITY OF OVERLAND PARK, KANSAS

Management's Discussion and Analysis Year Ended December 31, 2021

This section of the report contains an overview and analysis of the City of Overland Park's financial statements for the year ended December 31, 2021. The information contained here, as well as the information contained in the letter of transmittal, are intended to provide the reader of the financial statements with a well-rounded picture of the City's financial condition.

Financial Highlights

- The City's net position of our governmental activities increased by \$38,089,915 (or 3.5%) while the net position of our business-type activities decreased by \$2,433,807 (or 7.6%).
- During the year, the City's revenues generated in taxes and other revenues for governmental programs were \$38,089,915 more than the \$222.4 million in City's expenses.
- The City's sales tax revenue collections in 2021 increased 19.8% compared to 2020 collections. The majority of this increase was due to higher consumer spending along with the improving pandemic.
- The convention center generated more revenues than expenses for the seventeenth year in the past eighteen consecutive years of operations.

The Basic Financial Statements

The basic financial statements of the City include the government-wide financial statements and the fund financial statements. The notes to the basic financial statements follow the basic financial statements and are essential for the reader's understanding of the financial statements. Other supplementary information is also included at the end of this report to provide additional information for the reader.

Government-wide Financial Statements

The government-wide financial statements present the results of the City's operations using the accrual basis of accounting, the basis of accounting used by private-sector businesses. These statements focus on the long-term financial picture of the City as a whole.

The Statement of Net Position reports all of the City's assets, deferred outflows of resources, liabilities and deferred inflows of resources. Net position, the difference between assets, deferred outflows of resources and liabilities, and deferred inflows or resources are an important measure of the City's overall financial health. Over time, the increases and decreases in net position can be monitored to determine whether the City's financial position is improving or deteriorating.

The Statement of Activities shows how the net position has changed during the fiscal year. The unique feature of this statement is how it shows the revenues and expenses related to specific programs and how much of the programs were supported by the general taxes of the City. Since this statement is prepared on the accrual basis of accounting, all revenues and expenses are included regardless of when cash is actually received.

Both statements show the operations of the City broken down between governmental activities and business-type activities. Governmental activities are the operations of the City generally supported by taxes, such as public works, police and parks and recreation. Business activities are operations of the City that are intended to recover all or a significant portion of their costs through user fees and charges. Currently, the City's business activities are the golf course operation, the soccer complex and Overland Park Development Corporation.

CITY OF OVERLAND PARK, KANSAS

Management's Discussion and Analysis Year Ended December 31, 2021

Fund Financial Statements

The City uses three types of funds to manage its resources: governmental funds, proprietary funds, proprietary funds and fiduciary funds. A fund is a fiscal entity with a set of self-balancing accounts recording financial resources, together with all related liabilities and residual equities and balances, and the changes therein. These accounting entities are separated for the purpose of carrying on specific activities or attaining certain objectives in accordance with regulations, restrictions or limitations.

Governmental fund financial statements are prepared on the modified accrual basis. Under the modified accrual basis, revenues are recognized when they become measurable and available, and expenditures are recognized when the related fund liability is incurred, with the exception of long-term debt and other similar items, which are recorded when due. The focus, therefore, is on the short-term financial picture of the operations reported, rather than the City as a whole. Most of the City's basic operations are reported in the governmental fund financial statements. The information reported in these statements can be compared to the governmental activities information in the government-wide statements. The reconciliation at the end of the fund financial statements details the relationship between the two types of financial statements.

Proprietary funds fall into two categories: enterprise funds and internal service funds. All proprietary funds are prepared on the accrual basis of accounting. Enterprise funds are used to account for business-type activities. Enterprise fund statements present the same information that is in the government-wide statements for business activities, only in greater detail. Internal service funds are used to account for the cost of operations shared by various functions of the City. The City uses four internal service funds to account for its self-insurance activities: Special Liability Defense Fund, Risk Management Reserve Fund, Workers' Compensation Fund and Medical Imprest Plan Fund. The Special Liability Defense Fund and Risk Management Reserve Fund are presented as subfunds of the General Fund. The Workers' Compensation Fund and Medical Imprest Fund are combined together into a single column on the proprietary fund statement. A combining statement for these funds can be found in the supplementary information following the notes to the financial statements. In the government-wide statements, the information for these internal service funds is presented as part of the governmental activities information.

Fiduciary funds are used by the City to account for resources held by the City for the benefit of a third party. Because the resources of these funds are not available for the City's operation, they are not presented in the government-wide financial statements. The City's fiduciary funds include the Municipal Employees Pension Plan Fund, the Police Pension Plan Fund, the Overland Park Fire Department Retirement Plan, the Other Post-Employment Benefit Trust and the Tomahawk Cemetery Trust Fund and are reported as a private purpose trust since the City has no ownership interest in these trusts. The fiduciary funds are combined into two columns on the fiduciary fund statement. A combining statement can be found in the supplementary information following the notes to basic financial statements.

Notes to Basic Financial Statements

The notes to the basic financial statements are an integral part of the basic financial statements since they contain valuable additional information necessary for gaining a complete understanding of the City's financial statements.

CITY OF OVERLAND PARK, KANSAS

Management's Discussion and Analysis Year Ended December 31, 2021

Other Information

In addition to the financial statements and the notes described above, required supplementary information regarding the City's participation in the Kansas Public Employees Retirement System (KPERS), along with the City's single employer plans: Police Department Retirement Plan (PDRP), Overland Park Fire Department Retirement Plan (OPFDRP) and Other Post-Employment Benefit Plan (OPEB), has been included to give the reader further insight into the City's pension and other postemployment benefit plan results. The combining statement for non-major funds referred to above are included after the required supplementary information on pension plans. Finally, the Statistical Section includes statistical data about the City.

Analysis of the Government-wide Statements

Net Position

Combined net position of the City at December 31 were:

	Governmental Activities		Business-type Activities	
	2020	2021	2020	2021
Current and other assets	\$ 256,116,078	\$ 320,409,432	\$ 25,489,019	\$ 14,778,838

CITY OF OVERLAND PARK, KANSAS

Management's Discussion and Analysis Year Ended December 31, 2021

Governmental Activities

Several of the revenue and expense categories fluctuated between 2020 and 2021, as explained below.

- Charges of Services – Revenues from the City's convention center, community centers, municipal pools and other recreational services increased in 2021 due to closures of these facilities in 2020 during the height of the pandemic.
- Capital Grants and Contributions - Contributions increased compared to the prior year due to several large street improvement and reconstruction projects which received reimbursement in 2021.
- Property Taxes - The 5.6% increase in property taxes is due to an increase in the assessed valuation of 4.5%. The table below compares the mill levy for 2020 through 2021.

	2019 Levy to support 2020 Budget	2020 Levy to support 2021 Budget
General fund	12.596	12.619
Stormwater utility	0.961	0.963
Total mill levy	<u>13.557</u>	<u>13.582</u>

The City's assessed valuation experienced a 7.8% increase over the previous year, as shown in the following chart. This increase was driven by an 8.0% increase in real estate valuation.

	2019 Valuation to support 2020 Budget	2020 Valuation to support 2021 Budget	Increase / (Decrease) over prior year	% Change
Real estate	\$ 3,759,708,015	\$ 4,059,015,523	\$ 299,307,508	8.0%
Personal	24,243,118	15,623,888	(8,619,230)	-35.6%
Utilities	50,053,191	59,042,544	8,989,353	18.0%
Total	<u>\$ 3,834,004,324</u>	<u>\$ 4,133,681,955</u>	<u>\$ 299,677,631</u>	7.8%

- Other Taxes - Transient guest taxes increased due to higher occupancy rates as the pandemic recedes.
- Total Expense - This expense category was higher in 2021 due to the 2020 implementation of cost saving measures and deferral of capital and maintenance activities to manage the impact of the pandemic.

Business-type Activities

- Charges of Services - This category was higher due primarily to an increase in operating revenue from the Overland Park Development Corporation.

CITY OF OVERLAND PARK, KANSAS

Management's Discussion and Analysis
Year Ended December 31, 2021

The following graph depicts the composition of 2021 primary government revenues as presented in the Statement of Activities.

CITY OF OVERLAND PARK, KANSAS

Management's Discussion and Analysis Year Ended December 31, 2021

The following chart compares the primary government expenses and program revenues.

2021 Expenses and Program Revenues

The total cost of services for 2021 was \$246.9 million; however, \$86.4 million was funded by users directly benefiting from the services or by other organizations through grants and contributions. The remaining \$160.5 million of these services were paid by the City's taxpayers primarily through property taxes and sales taxes.

CITY OF OVERLAND PARK, KANSAS

Management's Discussion and Analysis Year Ended December 31, 2021

Overall, the City's major funds experienced a twenty percent increase in fund balance as a result of 2021 operations. The increase in the General Fund is attributable to increases in property taxes due to an increase in assessed valuation along with an increase in sales taxes due to higher consumer spending. The One-eighth Cent Sales Tax-Street Improvement Fund decreased due to a lower amount of transfers to projects. The Stormwater Utility Fund increased due to slightly higher revenues from property taxes. The Combined Transient Guest Tax Fund increased as a result of increased convention center revenue from the improving pandemic. The Street Improvement Fund increased due to increased transfer in from contributions and reimbursements. The Debt Service Fund was stable compared to 2020.

Proprietary Funds

The Internal Service Funds information is included with the Governmental Activities information on the governmentwide statements. Any asset, revenue and/or expense fluctuations have been discussed in the Government-wide statement section.

Enterprise fund information for the City's Golf Course Fund, Soccer Fund and Overland Park Development Corporation Fund is included in the discussion of the Government-wide financial statements.

Budgetary Highlights

The legally adopted budget was not amended during 2021, however the following were amended by the City Council during 2021.

	Adpoted 2021 Expenditures	Amended 2021 Expenditures
Amended Fund		
Bond and Interest	\$ 15,000,000	\$ 15,900,000
Business Improvemnet District	110,000	130,000
Golf Course Operations	7,520,000	10,000,000
Tax Increment Financing	3,050,000	4,035,000

In addition, the budget was revised due to departments within the City that are allowed to transfer budget between line items and between cost centers within a department. In addition, budget may be transferred out of cost centers to reflect insurance savings, budget cuts, etc. As a result of these budget transfers, the original budget and the final budgets may not be the same in some cost centers.

The following revenue and expenditure categories experienced significant differences between the final budget amount and the actual amount. The explanation of the difference is also included.

CITY OF OVERLAND PARK, KANSAS

Management's Discussion and Analysis Year Ended December 31, 2021

Category	Explanation
Sales Tax	Revenues from this category increased by 19% compared to the prior year due to an increase in consumer spending as a result of the improving pandemic.
Use of Money	This category decreased due to an unfavorable interest rate environment in 2021 and mark-to-market adjustments at the end of the year.
Public Safety	Public safety spending was significantly under budget due to open positions as a result of a challenging labor market.
City-wide Contingency	The contingency budget is set aside for unexpected expenditures. Any funds allocated from this budget are transferred to the requesting cost center so there will not be any actual expenditures charged to this category.

Capital Asset and Debt Administration

Capital Assets

The total amount invested in capital assets for the City at December 31, 2021 was \$1,083,689,565 net of accumulated depreciation. This represents an increase of 0.8% over the 2020 total, which is attributed to an increase in major additions. The following chart breaks down the City's capital asset balance into the various categories of assets.

	Governmental Activities		Business-type Activities	
	2020	2021	2020	2021
Land	\$ 34,048,482	\$ 34,048,482	\$ 1,425,200	\$ 1,425,200
Construction in progress	32,377,866	24,295,487	736,587	6,199,839
Land improvements	11,461,844	9,377,872	-	-
Building and improvements - City	83,981,885	86,084,348	8,579,324	8,320,080
Building and improvements - OPDC	-	-	36,004,360	38,705,783
OPCC capital assets	741,033	459,000	-	-
Equipment - City	15,151,085	13,271,299	160,670	116,644
Equipment - OPDC	-	-	2,813,634	2,056,980
Infrastructure	896,794,191	916,153,077	-	-
	<u>\$ 1,074,556,386</u>	<u>\$ 1,083,689,565</u>	<u>\$ 49,719,775</u>	<u>\$ 56,824,526</u>

CITY OF OVERLAND PARK, KANSAS

Management's Discussion and Analysis Year Ended December 31, 2021

Major additions to capital assets during the year included:

Infrastructure - 2021 streets	\$ 42,860,466
Infrastructure - 2021 residential streets	5,330,140
Public buildings	818,069
Parks facilities	1,355,094
Public equipment	<u>1,182,247</u>
Total	<u>\$ 51,546,016</u>

Additional information about the City's capital assets can be found in Note I, Item D and Note III, Item C in the notes to basic financial statements.

Debt Administration

The outstanding general obligation bonds at December 31, 2021 totaled \$99,550,000 of which 100% is considered net direct tax supported debt. This balance represents a 19.3% increase over the 2020 balance. This increase is due to the impact of regularly scheduled debt payments of \$12,005,000 and the issuance of \$28,120,000 of new general obligation debt.

For the past 34 years, the City has received a credit rating of AAA from Standard and Poor's Corporation. For the eighteenth year, the City received an AAA rating from Fitch Ratings. This represents the highest possible rating available from these two companies. In 2021, the City received an Aa1 rating from Moody's Investors Service, Inc. For the prior 32 years, the City received a Aaa rating from Moody's.

The ratio of net bonded debt to assessed valuation and the amount of bonded debt per capita provide useful indicators of the City's debt position to citizens, elected officials, City management and investors. This data for the City at the end of the 2021 fiscal year is as follows:

	<u>Total Amount</u>	<u>Ratio of Debt to Assessed Value</u>	<u>Debt Per Capita</u>
Total bonded debt	\$ 99,550,000	0.024	\$493.14

Additional information regarding the City's debt can be found in Note III, Item G.

Requests for Information

This financial report is intended to give the reader a general overview of the City's finances. Questions about information contained in this report or requests for additional information should be directed to the Chief Financial Officer, 8500 Santa Fe, Overland Park, KS 66212.

CITY OF OVERLAND PARK, KANSAS

Reconciliation of the Balance Sheet of Governmental Funds to the Statement of Net Position December 31, 2021

Fund balances - total governmental funds	\$	217,027,660
--	----	-------------

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources, and therefore, are not reported in the governmental funds.		1,083,689,565
--	--	---------------

The Police and Fire Retirement Plan net pension assets are not a current financial resource and therefore is not reported in the funds.		3,108,724
---	--	-----------

Certain items, which result in a consumption of net position applicable to a future reporting period, are recognized as deferred outflows of resources in the statement of net position.

Deferred outflows - OPEB	\$ 1,324,726		
Deferred outflows - KPERS	17,573,464		
Deferred outflows - Police & Fire	3,861,031		
Deferred charge on refunding	<u>675,485</u>		23,434,706

Other long-term assets are not available to pay for current period expenditures and therefore, are reported as unavailable revenue in the governmental funds.		998,852
---	--	---------

Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the governmental funds.

Bonds payable	(99,550,000)		
Accrued interest payable	(1,188,381)		
Premium on bonds payable	(13,356,115)		
Accrued compensated absences	(10,526,288)		
Capital lease payable	(3,249)		
Net pension liability - KPERS	(42,445,478)		
Net OPEB liability - City plan	(8,701,222)		
Total OPEB liability - KPERS D&D	<u>(1,173,956)</u>		(176,944,689)

Certain items, which result in an acquisition of net position applicable to a future reporting period, are recognized as deferred inflows of resources in the statement of net position.

Deferred inflows - OPEB	(4,184,012)		
Deferred inflows - KPERS	(13,961,199)		
Deferred inflows - Police & Fire	<u>(12,536,270)</u>		(30,681,481)

Internal service funds are used by management to charge the cost of certain activities, such as insurance, to individual funds. The assets and liabilities of the internal service funds are included in the governmental activities in the statement of net position.

7,806,100

Net position of the governmental activities	\$	<u>1,128,439,437</u>

CITY OF OVERLAND PARK, KANSAS

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances - Governmental Funds to the Statement of Activities For the Year Ended December 31, 2021

Net change in fund balances - total governmental funds \$ 52,000,968

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay exceeded depreciation in the current period.

Capital assets contributed	\$ 5,330,140	
Expenditures for capital assets	47,869,881	
Less current year depreciation	(43,998,262)	
Disposal of capital assets	<u>(68,580)</u>	9,133,179

Some expenses reported in the statement of activities do not require the use of current financial resources, and therefore, are not reported as expenditures in governmental funds.

Accrued interest on bonds payable	(122,879)	
Pension expense	(1,759,781)	
OPEB expense	1,110,583	
Compensated absences	<u>(1,121,729)</u>	(1,893,806)

Some revenues reported in the statement of activities do not provide current financial resources, and therefore, are not reported as revenues in governmental funds.

Special assessments	(42,026)	
Capital grants	<u>(581,102)</u>	(623,128)

Proceeds from the issuance of long-term debt provide current financial resources to governmental funds, but issuing debt increase long-term liabilities in the statement of net position.

General obligation bonds	(28,120,000)	
Premium on bonds sold	<u>(5,177,115)</u>	(33,297,115)

Repayment of long-term debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. 12,008,115

The amortization of bond premiums and discounts affects long-term liabilities in the statement of net position, but does not provide or consume current financial resources in governmental funds. 1,096,127

Deferred refunding costs reduce current financial resources of governmental funds but do not decrease long-term liabilities in the statement of net position. (153,626)

Internal service funds are used by management to charge the cost of certain activities, such as insurance, to individual funds. The net revenue (expense) of the internal service funds is reported with the governmental activities. (180,799)

Changes in net position of the governmental activities \$ 38,089,915

The accompanying notes are an integral
part of the basic financial statements.

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

I. Summary of Significant Accounting Policies

A. Reporting entity

The City of Overland Park, Kansas (City) was incorporated as a city of the first class on May 20, 1960 under the provisions of Kansas Statutes Annotated (K.S.A.) 12-1036h. The City operates with a Mayor-Council-City Manager form of government, which is made up of a twelve member council and mayor that provides the following services as authorized by its charter: public safety (police and fire protection), highways and streets, health and social services, culture-recreation, public improvements, planning and zoning, and general administrative services.

As required by accounting principles generally accepted in the United States of America, these basic financial statements present the City of Overland Park (the primary government) and its component units. The City's basic financial statements include the accounts of all City operations: general government, public safety, public works, parks and recreation and planning and development services.

Blended Component Unit - The City's relationship to other legally separate organizations (potential component units) has been examined to determine if their inclusion in the City's basic financial statements is necessary to fairly present the financial position of the City. The criteria used in this determination included an examination of the nature and significance of the organization's relationship with the City, financial benefit or burden to the City, the ability of the City Council to appoint members of the entity's governing board, and the level of influence the City has over the activities of the organization. Based on these criteria, the Overland Park Development Corporation has been included in the accompanying basic financial statements as a blended component unit.

The Overland Park Development Corporation (OPDC), a not-for-profit corporation, was formed in February 2000 for the purpose of facilitating the financing, construction and ownership of a convention center hotel. Land adjacent to the Overland Park Convention Center, owned by the City, is leased to the corporation for the hotel facility. The OPDC Board of Directors are appointed by the Mayor and approved by the City Council. All board members are council members. The OPDC has a December 31 year-end.

Financial statements of the OPDC are available at 8500 Santa Fe Drive, Overland Park, KS 66212.

In the opinion of management, the accompanying basic financial statements include all appropriate organizations based on the criteria outlined above.

B. Basis of Accounting

The accounting system is organized and operated on a fund basis. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

The City's funds are grouped into three broad fund categories for financial statement presentation purposes. Governmental funds include the general, special revenue, debt service and capital projects funds. Proprietary funds include enterprise and internal service funds. Fiduciary funds include the pension and other employee benefit trust funds and custodial funds.

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

I. Summary of Significant Accounting Policies (Continued)

Government-Wide Financial Statements

The statement of net position and the statement of activities display information about the City, the primary government and its component units as a whole, and exclude fiduciary funds. All interfund activity has been removed from these statements unless interfund services were provided. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The government-wide statements are prepared using the economic resources measurement focus and the accrual basis of accounting. This is the same approach used in the preparation of the proprietary fund financial statements and the pension and other employee benefit trust fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Therefore, governmental fund financial statements include reconciliations with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The government-wide statement of activities presents a comparison between expenses and program revenues for each program of the governmental activities. Expenses are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipients of the goods or services offered by the programs and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues. The comparison of program revenues and expenses identifies the extent to which each program is self-financing or draws from the general revenues of the City.

Fund Financial Statements

Fund financial statements report detailed information about the City. The focus of governmental and enterprise fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column. The internal service funds are presented in a single column on the face of the proprietary fund statements.

The major funds of the financial reporting entity are described below:

General Fund: The General Fund is the principal operating fund of the City which accounts for all financial transactions not accounted for in other funds. The majority of the current operating expenditures of the City are financed through revenues received by the General Fund.

Special Revenue Funds:

One-Eighth Cent Sales Tax - Street Improvement Fund: To account for residential streets and thoroughfare improvement expenditures funded by the 1/8 cent City sales tax approved by the voters in November 2008 and renewed in October 2013.

Stormwater Utility Fund: To account for revenues, including property tax and user fees, related to the City's stormwater management system. Revenues from this fund are used to fund the operations, maintenance, capital improvements and debt service of the City's stormwater management program.

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

I. Summary of Significant Accounting Policies (Continued)

Combined Transient Guest Tax Fund: To account for revenue received from a nine percent transient guest tax with its use restricted for three separate legal funds that account for expenditures relating to tourism and convention activities; revenue received from four percent of the transient guest tax is restricted to capital expenditures relating to tourism and convention activities and the operation of the convention center; revenue received from two percent of the transient guest tax is restricted to promoting tourism within the City.

Capital Projects Fund:

Street Improvement Fund: To account for the financing and construction of street improvement projects.

Debt Service Fund:

Debt Service Fund: To account for resources to be used for the payment of general long-term debt principal, interest and related costs.

Enterprise Fund:

Overland Park Development Corporation Fund: To account for the operations of the Overland Park Development Corporation Fund, a blended component unit.

Governmental Funds

All governmental funds are accounted for using the modified accrual basis of accounting and the current financial resources measurement focus. Under this basis, revenues are recognized in the accounting period in which they become measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

In applying the susceptible to accrual concept under the modified accrual basis, revenues are deemed both measurable and available (collectible within the current year or within two months of year-end and available to pay obligations of the current period). This includes investment earnings, sales taxes and state-levied locally shared taxes (including motor vehicle fees). Reimbursements due for federally funded projects are accrued as revenue at the time the expenditures are made, or when received in advance they are unearned until eligibility requirements have been satisfied. Property taxes, though measurable, are recognized during the period for which they are levied.

Other revenues, including licenses and permits, certain charges for services and miscellaneous revenues are recorded as revenue when received in cash because they are generally not measurable until actually received.

Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable. However, principal and interest on general long-term debt as well as compensated absences, pension and OPEB contributions and claims and judgments are recognized when paid. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds.

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

I. Summary of Significant Accounting Policies (Continued)

Proprietary Funds

Proprietary funds are accounted for using the economic resource measurement focus and the accrual basis of accounting. These funds account for operations that are primarily financed by user charges. Their revenues are recognized when they are earned and their expenses are recognized when they are incurred.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise and internal service funds are charges to customers for services. Operating expenses for the enterprise funds and internal service funds include OPDC operations, golf course operations, soccer complex operations, claims paid and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The internal service funds account for payment of judgments, claims, uninsured losses for workers' compensation claims and medical impost claims on a cost reimbursement basis.

Fiduciary Funds

The financial statements for the pension and other postemployment benefits trust funds and custodial funds are prepared using economic resources measurement focus and the accrual basis of accounting.

The pension and other employee benefit trust funds account for the activities of the Municipal Employees Pension Plan, the Police Department Retirement Plan, the Overland Park Fire Department Retirement Plan and the Other Post-Employment Benefits Trust, which accumulate resources for pension benefit payments and other post-employment benefits to qualified employees.

The custodial funds are used to account for assets held by the City in a trustee capacity or as an agent for the private organizations or other governmental units. The State License Fund and CMB State Stamp Fund account for the receipt of resources on behalf of the state for the purpose of driver's licenses reinstatement and cereal malt beverage tax license and stamp.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

I. Summary of Significant Accounting Policies (Continued)

C. Assets, Liabilities and Net Position or Fund Balance

Cash, Cash Equivalents and Investments

The City temporarily pools idle cash from all funds, except the pension trust and other postemployment benefit trust funds, for the purpose of increasing revenue through investment activities. Each fund's portion of this pool is displayed on the balance sheet or statement of net position, for various fund types, as "Cash, cash equivalents and investments." For purposes of the statements of cash flows, the City considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. Interest earned on this pool is allocated to each fund in relation to that fund's individual cash balance. The deposits and investments of the pension trust funds and other post-employment benefit trust fund are held separately from those of other City funds.

The City typically invests available cash in demand deposits, time deposits, U.S. Government securities and securities of U.S. Government sponsored organizations ranging from 150 to 365 days to maturity. On occasion, however, the City invests for periods between one and four years. The average yield on maturing investments during the year was .89% percent and the amount of investment revenue earned was \$16,641. The investment revenue is equivalent to a 0.004 mill property tax.

The City's investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is a market-based measurement, not an entity-specific measurement. For some assets and liabilities, observable market transactions or market information might be available; for others, it might not be available. However, the objective of a fair value measurement in both cases is the same - that is, to determine the price at which an orderly transaction to sell the asset or to transfer the liability would take place between the market and participants at the measurement date under current market conditions. Fair value is an exit price at the measurement date from the perspective of a market participant that controls the asset or is obligated for the liability. See Note III.B. for additional information regarding fair value measures.

Capital Assets

Capital assets, which include land, construction in progress, land improvements, building and improvements, convention center equipment, equipment and infrastructure assets (streets, drainage systems and similar items) are accounted for on the government-wide financial statements, rather than in governmental funds and the proprietary fund type statement of net position.

All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets are valued at their acquisition value on the date donated. Only capital assets with a value of \$5,000 or more are capitalized by the City, whereas costs incurred for repairs and maintenance are expensed as incurred.

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

I. Summary of Significant Accounting Policies (Continued)

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Asset Type	Estimated Useful Life in Years
Infrastructure - Storm Drainage Systems	75
Infrastructure - Streets	50
Building and Improvements	40
Land Improvements	15
Equipment	5-7

Vacation and Sick Leave

Vacation time accrues on a bi-weekly basis and is available to all regular full-time and certain part-time employees of the City in varying annual amounts depending upon the length of service. Employees are allowed to accumulate and carry forward a maximum of two times the annual rate of vacation time earned in a 12-month period. Hours accumulated and not taken in excess of these amounts at December 31 of each year are forfeited by employees.

Sick leave benefits accrue, with no maximum accumulation, to all regular full-time employees of the City, at the rate of 3.70 hours biweekly and at a maximum accrual of 96 hours annually. Certain part-time employees accrue sick leave at a prorated rate.

Upon retirement, employees with over 10 years of service are permitted to apply unused sick leave benefits to increase the employee's retirement benefits based on the following chart:

Years of Service	Percent of Accumulated Unused Sick Leave Which is Compensated
20+	20%
15-19	15%
10-14	10%

Compensated absences are accrued when incurred in the government-wide and propriety fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Ground Lease Obligation

The City owns the land upon which the convention center hotel is located and leases the land to the Overland Park Development Corporation pursuant to the terms of a Ground Lease dated December 1, 2000. The Ground Lease terminates upon the earlier of: (1) repayment of the Revenue Bond obligations due March 2049, or (2) December 1, 2060.

The amount reported as a ground lease obligation, on the statement of net position (deficit) of \$861,205 as of December 31, 2021, represents the amount of lease expense in excess of amounts to be paid. The amount of lease payments due to the City of \$3,697,000 as of December 31, 2021 is included within accounts payable on the statement of net position (deficit).

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

I. Summary of Significant Accounting Policies (Continued)

Long-Term Liabilities

The accounting treatment of long-term debt depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

Long-term debt is reported as a liability in the government-wide statements and proprietary fund type statement of net position. The long-term debt consists primarily of bonds payable, net pension liabilities, OPEB liability and accrued compensated absences. Bond premiums and discounts are deferred and amortized over the life of the bonds using a method which approximates the effective interest method. Bond issuance costs are reported as an expense during the period in which they are incurred.

Long-term debt for governmental funds is not reported as a liability in the fund financial statements. Rather, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the period in which the debt is issued. The face amount of debt issued is reported as other financing source. Premiums received on debt issuances are reported as other financing source while discounts on debt issuances are reported as other financing use. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Pensions and OPEB

The net pension liability, deferred outflows and inflows of resources related to pensions, pension expense, information about the fiduciary net position of the Kansas Public Employees' Retirement System (KPERS) and additions to/deductions from KPERS' fiduciary net position have been determined on the same basis as they are reported by KPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

The Overland Park Police Department Retirement Plan (PDRP) and the Overland Park Fire Department Retirement Plan (OPFDRP) financial statements are prepared using the accrual basis of accounting. Contributions from the City are recognized when due. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan. All plan investments are reported at fair value. Expenses of the fund managers are paid from investment income. Other administrative expenses, such as fees for actuarial valuations, legal fees, etc., are paid by the City's general fund.

Other Post Employment Benefit (OPEB) financial statements are prepared using the accrual basis of accounting. Contributions from the City are recognized when made. Since the OPEB trust was established in 2008, all OPEB related plan benefits have been paid by the City's general fund and not from the OPEB trust fund. OPEB investments are reported at fair value. Expenses of the fund managers are paid from investment income. Other administrative expenses, such as fees for actuarial valuations, legal fees, etc., are paid by the City's general fund.

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

I. Summary of Significant Accounting Policies (Continued)

Special Assessments

Kansas statutes require projects financed in part by special assessments to be financed through the issuance of general obligation bonds which are secured by the full faith and credit of the City. Special assessments paid prior to the issuance of general obligation bonds are recorded as revenue in the appropriate project. Special assessments and related interest received after the issuance of general obligation bonds are recorded as revenue in the Debt Service Fund. Further, state statutes require levying additional general ad valorem property taxes in the Debt Service Fund to finance delinquent special assessments receivable. Accordingly, special assessments receivable are accounted for within the Debt Service Fund. Special assessments are levied over various periods, and the annual installments are due and payable with annual ad valorem property taxes. The City may foreclose liens against property benefited by special assessment when delinquent assessments are two years in arrears. Special assessment taxes levied are a lien on the property and are recorded as special assessment receivable in the Debt Service Fund. A corresponding amount is recorded as a deferred inflow of resources in the fund financial statements.

Fund Balance

In the governmental fund financial statements, fund balances are classified as follows:

- *Non-Spendable* - amounts legally or contractually required to be maintained or not in spendable form, such as inventory or prepaid items. Such constraint is binding until the legal requirement is repealed or the amounts become spendable.
- *Restricted* - amounts with externally imposed constraints, such as those mandated by creditors, grantors, and contributors, or laws and regulations. Such constraint is binding unless modified or rescinded by the applicable external body, law or regulations.
- *Committed* - amounts with a purpose formally imposed by resolution by the Governing Body of the City, binding unless modified or rescinded by resolution of the Governing Body.
- *Assigned* - amounts constrained by the express intent of the Governing Body, City Manager or designee. Encumbrances shall be considered as assigned, unless they specifically meet the requirements to be committed or restricted. Fiscal Policy Resolution 3915 authorizes the City Manager to assign fund balance.
- *Unassigned* - all amounts not included in other fund balance classifications. The General Fund is the only fund that would report a positive amount in unassigned fund balances. Residual deficit amounts of other governmental funds would also be reported as unassigned.

In circumstances when expenditure is made for a purpose which amounts are available in multiple fund balance classifications, fund balance is depleted in the order of restricted, committed, assigned and unassigned.

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

I. Summary of Significant Accounting Policies (Continued)

Net Position

In the government-wide financial statements and proprietary fund financial statements, equity is classified as net position and displayed in three components:

- a. *Net investment in capital assets* - Consists of capital assets net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets.
- b. *Restricted net position* - Consists of net position with constraints placed on its use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation. Net position restricted through Overland Park Development Corporation bond indentures consists of \$2,792,434 restricted for debt service and \$7,291,251 restricted for capital and other projects. Net position restricted through enabling legislation consists of \$10,928,511 for street improvements, \$4,145,176 restricted for capital improvements at the City's convention center and \$2,195,519 for workers' compensation and medical claims.
- c. *Unrestricted net position* - All other net position that does not meet the definition of "restricted" or "net investment in capital assets."

The City first applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

In 2021, the Overland Park Development Corporation determined that amortization schedules for the revenue bond premium and the advance refunding were incorrect. Therefore, revenue bond premium amortization and deferral on refunding amortization along with the corresponding unamortized premiums on revenue bonds and deferred charge on refunding balances were recorded incorrectly. The changes were recorded as a prior period adjustment of \$264,072 and total net position as of January 1, 2021 was restated.

Interfund Receivables and Payables

During the course of operations, numerous transactions occur between individual funds that may result in amounts owed between funds. Short-term interfund loans are reported as "due to and from other funds." Long-term interfund loans (non-current portion) are reported as "advances to and from other funds." Interfund receivables and payables between funds within governmental activities are eliminated in the statement of net position. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Interfund Transfers

Permanent reallocations of resources between funds of the reporting entity are classified as interfund transfers. For the purpose of the statement of activities, all interfund transfers between individual governmental funds have been eliminated unless interfund services were provided. However, transfers between the governmental funds and enterprise fund have not been eliminated.

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

I. Summary of Significant Accounting Policies (Continued)

Deferred Inflows/Outflows of Resources and Unearned Revenue

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense) until then. The City has three items that qualify for reporting in this category. The first is the deferred charge on refunding reported in the government-wide and proprietary funds statements of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt using the straight-line method which approximates the effective interest method. The second deferred outflow item consists of unamortized items not yet recognized in pension expense and contributions from the City after the measurement date but before the end of the City's reporting period. The third deferred outflow item consists of unamortized items not yet recognized in OPEB expense.

In addition to liabilities, the statement of net position or balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. Unavailable revenue is reported in the governmental funds balance sheet. The governmental funds report unavailable revenues from three sources: property taxes, special assessments and other receivables. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. In the City's government-wide statement of net position, only the property tax revenues remain a deferred inflow of resources and will be reported as revenue during the year for which they are levied.

The City's government-wide statements also include pension and OPEB related deferred inflows, which represent the unamortized items not yet recognized in pension expense and unamortized items not yet recognized in OPEB expense.

Unearned revenue arises when resources are received by the City before it has a legal claim to them. In subsequent periods when the City has a legal claim to the resources, revenue is recognized.

II. Stewardship, Compliance and Accountability

A. Budgetary Control

Kansas statutes require that an annual operating budget be legally adopted for the General Fund, Special Revenue Funds (unless specifically exempted by statute) and the Debt Service Fund. The statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

1. Preparation of the budget for the succeeding calendar year on or before August 1.
2. Publication in local newspaper of the proposed budget and notice of public hearing on the budget on or before August 5.
3. Public hearing on or before August 15, but at least 10 days after publication of notice of hearing.
4. Adoption of the final budget on or before August 25.

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

II. Stewardship, Compliance and Accountability (Continued)

The statutes allow for the Governing Body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least 10 days after publication, the hearing may be held and the governing body may amend the budget at that time. If the City is holding a revenue neutral rate hearing the budget timeline for adoption of the final budget has been adjusted to on or before September 20th. The City did hold a revenue neutral rate hearing this year.

The statutes establish the legal level of budgetary control at the fund level by prohibiting expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Management is not allowed to amend a fund's total budgeted expenditures without the City Council's approval.

Management is permitted to transfer budgeted amounts between cost centers or line items within an individual fund. Cost centers are divisions within City departments. For example, the Traffic Services cost center is a division of the Public Works Department. Within each department, cost centers are given the latitude to exceed specific line items, but total expenditures may not exceed the total budgeted expenditures for the cost center without proper justification. In addition, in no instance should non-personal service expenditures exceed the non-personal service cost center budget without City Manager written approval. Budget comparison statements are presented for each budgeted fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the modified accrual basis of accounting, modified further by the encumbrance method of accounting. Revenues are recognized when they are measurable and available. Expenditures include disbursements, accounts payable and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Encumbrances also represent commitments related to unperformed contracts for goods or services. Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve that portion of the applicable appropriation, is utilized in the governmental funds. All unencumbered appropriations (legal budget expenditure authority) lapse at the end of the year.

A legal operating budget is not required for capital projects funds, internal service funds and the following special revenue funds:

Street Improvement Escrow	Westlinks Land Acquisition
Federal and State Grants	Art in the Woods
Parks and Recreation	Special Law Enforcement

Spending in any fund which is not subject to the legal annual operating budget requirement is controlled by federal regulations, other statutes or by the use of internal spending limits established by the Governing Body.

B. Fund Balance/Budget Deficits

The Overland Park Development Corporation had a deficit net position balance of \$47,619,388. This deficit will decrease in future years as the debt is paid down. The Traffic Signals Fund, a nonmajor capital projects fund, had a deficit fund balance of \$315,580. These fund balance deficits will decrease as reimbursements from granting and intergovernmental agencies are received.

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

II. Stewardship, Compliance and Accountability (Continued)

In the Combined Transient Guest Tax Fund: the City does not budget for the gross amounts of the Convention Center activity that is recognized in this fund, only the net difference in revenues over (under) expenditures within the Transient Guest Tax Capital Fund.

Outstanding Encumbrances

Outstanding encumbrances at year-end are reported as assigned fund balance unless they specifically meet the requirements to be committed or restricted:

	<u>Encumbrances</u>
Major Governmental Funds:	
General	\$ 4,212,398
Stormwater Utility	517,044
	<u>4,729,442</u>
Non-major Governmental Fund:	
Special Alcohol Control	6,823
Total	<u><u>\$ 4,736,265</u></u>

Budgetary Compliance - Non-GAAP Financial Statements

By statute, the City prepares its annual budget on a non-GAAP basis of accounting as described in Note II, Item A. A reconciliation of these non-GAAP statements to the GAAP statements is as follows:

	Expenditures / Encumbrances Non-GAAP Basis	Add: 2020 Encumbrances	Less: 2021 Encumbrances	Reporting Purposes Non-General Fund Expenditures	Expenditures GAAP Basis
General Fund	\$ 119,098,412	\$ 2,247,368	\$ 4,212,398	\$ 979,698	\$ 118,113,080
Stormwater Utility Fund	3,638,520	274,951	517,044	-	3,396,427
Special Alcohol Fund	1,772,731	-	6,823	-	1,765,908
	Fund Balance Non- GAAP Basis	Add: 2021 Encumbrances	Fund Balance GAAP Basis		
General Fund	\$ 114,775,734	\$ 4,212,398	\$ 118,988,132		
Stormwater Utility Fund	6,933,912	517,044	7,450,956		
Special Alcohol Fund	3,337,196	6,823	3,344,019		

C. Property Taxes

In accordance with governing state statutes, property taxes levied during the current year are a revenue source to be used to finance the budget of the ensuing year. Taxes are assessed on a calendar year basis, are levied and become a lien on the property on November 1 of each year. The County Treasurer is the tax collection agent for all taxing entities within the county.

Property owners have the option of paying one half or the full amount of the taxes levied on or before December 20 during the year levied with the balance to be paid on or before May 20 of the ensuing year. State statutes prohibit the County Treasurer from distributing taxes collected in the year levied prior to January 1 of the ensuing year. Consequently, for revenue recognition purposes, the taxes levied during the current year are not due or budgeted for, until the ensuing year. At December 31, such taxes are recorded as taxes receivable, net of anticipated delinquencies, with a corresponding amount recorded as deferred inflows of resources on the balance sheets of the appropriate funds.

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

II. Stewardship, Compliance and Accountability (Continued)

Property taxes are recognized as revenue in the government-wide and governmental fund financial statements in the year intended to be financed by those taxes in accordance with provisions of GASB Statement No. 33 and GASB Statement No. 34. As a result, the levy for the subsequent fiscal year is reported as a deferred inflow of resources on the statement of net position.

D. Tax Abatements

Property and Sales Tax Abatements: The City of Overland Park (City) approves property and sales tax abatements pursuant to and subject to the terms of, K.S.A 79-201a. Second, as amended and K.S.A. 12-1740 to 12-1749d, inclusive, as amended (the Economic Development Revenue Bond Act or the EDRB Act). The purpose of the EDRB Act is to promote, stimulate and develop the general welfare and economic prosperity of the state of Kansas. Cities are authorized by the EDRB Act to issue economic development revenue bonds, the proceeds of which shall be used for the purpose of paying all or part of the cost of purchasing, acquiring, constructing, reconstructing, improving, equipping, furnishing, repairing, enlarging or remodeling facilities for agricultural, commercial, hospital, industrial, natural resources, recreational development and manufacturing purposes. The EDRB Act defines the term facility to include a site and the necessary site preparation, structures, easements, rights-of-way and appurtenances necessary and convenient to the particular type of facility being financed.

The City's issuance of economic development revenue bonds (EDRBs) is guided by City policy Resolution No. 4251, which identifies the following objectives to be achieved when using EDRBs for a proposed project:

- a. Promoting the City as a center for corporate headquarters and regional office for major local, regional and national firms.
- b. Attracting businesses which will substantially enhance the economic climate of the City and increase or maintain the job market therein.
- c. Promoting economic development and job creation through the construction or renovation of Class A office space.
- d. Leveraging private investment that, in the opinion of the Governing Body, is in the best interest of the City.
- e. Promoting redevelopment projects or economic development projects which implement the intent of this Policy and other adopted City policies regarding land use, density, and design and to meet the highest development standards as outlined in the City's development process, design guidelines, and ordinances.
- f. Encouraging private investment in the redevelopment of property that will have a significant economic impact on the City.
- g. Promoting development of mixed-use developments within the City.
- h. Utilizing EDRBs as a public policy tool that will enable the City to shape the appearance, character and functionality of the community in ways that may not have happened without public investment.

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

II. Stewardship, Compliance and Accountability (Continued)

Applications for issuance of EDRBs for a proposed project are subject to review by the City's Finance, Administration and Economic Development Committee and approval of a Resolution of Intent to issue EDRBs adopted by the City Council.

Property tax abatements are authorized by and subject to the terms of, K.S.A 79-201a, Second, which provides that facilities financed pursuant to the EDRB Act, upon issuance of the EDRBs, may be exempt from real property taxation for a period of up to ten calendar years after the calendar year in which the revenue bonds are issued, subject to compliance with provisions of the EDRB Act and approval by the Kansas Board of Tax Appeals (BOTA).

City Policy Resolution No. 2765 provides that the City will consider granting a tax abatement based on direct economic benefit to the City through advancement of its economic development goals, including the creation of additional jobs and the stimulation of additional private investment. In accordance with Resolution No. 2675 and as required by the EDRB Act, before a tax exemption incentive is granted, a cost-benefit analysis report examining the costs and benefits to the public of the proposed tax exemption is prepared. In addition, prior to granting any tax abatement the City provides a public hearing notice and the City Council conducts a public hearing to consider the abatement. All tax abatements approved by the City are subject to a payment-in-lieu-of-taxes agreement (PILOT Agreement) between the City and the beneficiary of the EDRBs and property tax abatement. All PILOT Agreements include provisions for cancellation of the abatement and recapture of previously abated taxes tied to project-specific thresholds regarding retention and/or creation of jobs. In addition to a PILOT Agreement, the City executes other agreements including City fee ownership or lease of the property for economic development purposes and a lease agreement between the City and the entity or entities occupying the project and receiving the benefit of the property tax abatement. Upon application for tax abatement, BOTA reviews compliance with the EDRB Act and provides an order authorizing the county appraiser to implement the tax abatement and PILOT Agreement.

A sales tax exemption (abatement) on construction materials and services is authorized for facilities financed pursuant to the EDRB Act and in accordance with K.S. A. 79-3606.

In addition to projects approved for a property tax abatement, Resolution No. 4251 provides for consideration of the issuance of EDRBs for the purpose of enabling a project to obtain only a sales tax exemption certificate on the purchase of building materials, labor and/or personal property. This consideration includes, but is not limited to, whether a project achieves the objectives of Resolution No. 4251 and/or is included in a tax increment financing district (TIF), transportation development district (TDD), or community improvement district (CID).

A project exemption certificate (PEC) may be obtained from the Kansas Department of Revenue (KDOR) after City Council approval of a Resolution of Intent to issued EDRBs for a project. The PEC enables contractors for a project to purchase materials, equipment and where applicable, labor, exempt from sales taxes. Although the PEC provides for a sales tax exemption at the time of purchase, the sales tax is owed unless and until the EDRBs are issued prior to completion of the project. After EDRBs are issued, purchases are recorded by a trustee for each EDRB issue (Trustee) when payments or reimbursements are made for project costs. The timing for issuance of the EDRBs is determined by the developer for each project.

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

II. Stewardship, Compliance and Accountability (Continued)

For the fiscal year ending December 31, 2021, the City abated ad valorem property taxes as follows:

Project Name	Black & Veatch 112 th & Lamar
Project Description	Corporate Headquarters for global engineering, consulting, and construction company
EDRB Issue Date	07/02/2009; supplemental issue 12/27/2012
Abatement %	61.2% of ad valorem property taxes
2021 Abated Amount	\$81,916
Project Commitment	Retention of 2,300 employees
Recapture Provisions	If the number of retained employees is fewer than 2,070, the abatement for the following year is reduced proportionally by the average number of employees compared to 2,300 employees. If the number of retained employees is fewer than 1,800, the abatement for the following year is cancelled.

Project Name	Nall Corporate Centre I - 11100 Nall Ave
Project Description	Corporate headquarters for Netsmart, a medical technology company (formerly, Teva, pharmaceutical company)
EDRB Issue Date	09/30/2013
Abatement %	14.70% of ad valorem property taxes
2021 Abated Amount	\$41,632
Project Commitment	Employment of 740 full time employees in the city with an average salary of \$80,000
Recapture Provisions	If the annual average salary is less than \$80,000, abatement is reduced to 37.5% for the following year. Failure to achieve annual employment growth results in cancellation of abatement for following tax year. If total employment is less than 660, a portion of previously abated taxes are recaptured.

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

II. Stewardship, Compliance and Accountability (Continued)

Project Name	OPX - 115 th & Glenwood
Project Description	Renovation of 680,000 s.f. facility to Class A office, with 201,600 s.f. to be leased by Black & Veatch. Facilitated retention of Black & Veatch's Infrastructure, Telecommunications, Federal, Management and Environmental practices not located at its 112 th & Lamar headquarters.
EDRB Issue Date	12/31/2015
Abatement %	14.7% of ad valorem property taxes; 50% of s.f. occupied by Black & Veatch
2021 Abated Amount	\$29,777
Project Commitment	Retention of 737 employees
Recapture Provisions	If the number of retained employees is fewer than 700 the abatement for the following year is reduced proportionally by the average number of employees compared to 700 employees. If the number of retained employees is fewer than 600, the abatement for the following year is cancelled and a portion of previously abated taxes are recaptured.
Project Name	Nall Corporate Centre II - Mariner Project - 5700 W. 112 th Street
Project Description	Mariner Corporate Headquarters (in 90,000 s.f. of 150,000 s.f. Office)
EDRB Issue Date	12/20/2016
Abatement %	30% of ad valorem property taxes
2021 Abated Amount	\$26,002
Project Commitment	110 full-time equivalent employees with an average salary of \$85,000
Recapture Provisions	Cancellation of abatement for following tax year if the number of employees is fewer than 100; a portion of previously abated taxes are recaptured if the number of employees is fewer than 90.
Project Name	Tower Properties - 6601 College Boulevard
Project Description	Digital Evolution Group Headquarters (in 33,780 s.f. of 99,000 s.f. Office)
EDRB Issue Date	10/12/2017
Abatement %	17.1% of ad valorem property taxes
2021 Abated Amount	\$9,700
Project Commitment	Relocation and retention of 155 full-time equivalent employees with an average salary of \$75,760.
Recapture Provisions	If the number of employees is fewer than 155 or annual compensations is less than \$70,000 the abatement is reduced to 8.5% and a portion of previously abated taxes are recaptured.

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

II. Stewardship, Compliance and Accountability (Continued)

Project Name	Overland One, Building One - 5454 W. 110 th Street
Project Description	Creative Planning Headquarters
EDRB Issue Date	10/01/2019
Abatement %	25% of ad valorem property taxes
2021 Abated Amount	\$18,299
Project Commitment	200 full-time equivalent employees with an average salary of \$103,390
Recapture Provisions	If the number of employees is fewer than 200 or annual compensation is less than \$75,000, cancellation of abatement for following tax year and recapture of a portion of previously abated taxes.

Project Name	City Place Corporate Center III – 11300 Switzer Road
Project Description	Wellsky Corporate Headquarters
EDRB Issue Date	10/07/2019
Abatement %	38.48% of ad valorem property taxes
2021 Abated Amount	\$25,700
Project Commitment	Initial employment of 131 full-time employees, with the addition of 237 full-time employees by 12/31/2024, with an annual average salary of \$96,000
Recapture Provisions	2020-2024: if the number of employees is fewer than 131 or annual compensation is less than \$96,000, cancellation of abatement for following tax year and recapture a portion of previously paid taxes. 2025-2029: cancellation and recapture provisions apply if total number of employees is fewer than 300 or annual compensation is less than \$90,000.

Sales tax amounts exempted on project purchases related to the outstanding EDRBs during the fiscal year ending December 31, 2021 are as follows:

Project Name	Galleria 115 Phase I Infrastructure (115 th & Nall)
Project Description	Construction of Phase I infrastructure improvements within Galleria 115
EDRB Issue Date	05/01/2021
2021 Exempted Sales Tax	\$45,394
Project Commitment	Completion of project
Recapture Provisions	None

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

II. Stewardship, Compliance and Accountability (Continued)

Project Name	City Place APEX
Project Description	Construction of mixed-use multi-family and commercial facility
EDRB Issue Date	10/01/2021
2021 Exempted Sales Tax	\$238,785
Project Commitment	Completion of project
Recapture Provisions	None

Project Name	Overland One, Building 3
Project Description	Construction of a 100,700 s.f. Class-A office facility
EDRB Issue Date	11/30/2021
2021 Exempted Sales Tax	\$67,713
Project Commitment	Completion of project
Recapture Provisions	None

Sales Tax and Revenue Bonds: Pursuant to K.S.A. 12-17,160 *et seq.*, as amended (the STAR Bond Act) cities are authorized to issue special obligation “sales tax and revenue” bonds (STAR Bonds) for specific development projects.

The STAR Bond Act requires creation of a district (STAR Bond Project District). Creation of a Star Bond Project District can only be established after an finding by Secretary (Secretary) of the Kansas Department of Commerce that a proposed STAR Bond Project District plan is eligible for STAR Bond financing in accordance with the provisions of the STAR Bond Act and Kansas Administrative Regulations. The City must also provide notice of and conduct a public hearing on the creation of a STAR Bond Project District. The Governing Body must also pass an ordinance making findings and establishing a STAR Bond Project District.

Authorization of eligible STAR Bond project expenses is accomplished through the adoption of a STAR Bond Project Plan which can only be approved after completion of a feasibility study, providing notice of and conducting a public hearing on the project plan, approval by a two-thirds vote of the Governing Body and approval by the Secretary. Additionally, a STAR Bond Project Plan approved by the City is subject to a development agreement (STAR Bond Project Development Agreement) between the City and the developer/beneficiary of a STAR Bond project. A STAR Bond Project Development Agreement entered into by the City includes performance milestones and provisions assuring that the STAR Bond project is delivered as represented.

STAR Bonds issued under the STAR Bond Act may be used to pay for costs specifically provided in the STAR Bond Act including property acquisition, site preparation, infrastructure improvements, a museum, a multi-sport athletic facility, related soft costs, bond issuance and costs of financing. The STAR Bonds are payable from incremental state and local sales and compensating use taxes generated from retail projects constructed within the redevelopment district.

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

II. Stewardship, Compliance and Accountability (Continued)

For the fiscal year ending December 31, 2021, incremental sales taxes have been applied to STAR Bond projects as follows:

Project Name	Prairiefire STAR Bond - Phase 1
Project Description	Mixed-use development consisting of retail, restaurants, entertainment and Museum of Prairiefire featuring American Museum of Natural History exhibits.
Approved Amount	100% of incremental sales taxes generated within the Prairiefire STAR Bond Project District.
2021 Sales taxes applied to Bonds	\$531,580
Project Commitment	Construction of the Mixed-Use development.
Recapture Provisions	None. Incremental sales taxes are pledged to Prairiefire Sales Tax Special Obligation Revenue Bonds, Series 2012.

Tax Increment Financing

The City approves tax increment financing (TIF) for projects pursuant to and subject to the terms of K.S.A. 12 1770 et seq., as amended (TIF Act). The TIF Act authorizes the City to assist in the development and redevelopment of eligible areas within and without the City in order to promote, stimulate and develop the general and economic welfare of the State of Kansas and its communities. The Governing Body recognizes that tax increment financing is an appropriate tool to utilize in order avoid and/or reverse declining property values which, if left undeveloped, will have a greater potential impact of lowering the tax base for the City and other taxing jurisdictions.

The TIF Act authorizes the City to apply the incremental increase in ad valorem property tax and other tax revenues to reimburse eligible project expenses. The incremental increase is from a base established upon creation of a redevelopment district (as described below). The tax increment may be used to finance certain project expenditures which are defined in the TIF Act. Tax increment revenues are available for a period of twenty years from the date of approval of a TIF project plan (as described below).

Approval of TIF financing is also subject to City policy Resolution No. 4201 which provides that the City will consider use of TIF when a project meets the requirements of the TIF act and advances the goals outlined in the policy as follows:

- a. To leverage private investment and finance eligible improvements that, in the opinion of the Governing Body, are in the best interest of the City and promote redevelopment efforts which implement the intent of this policy and other adopted City policies regarding land use, density, and design, and to meet the highest development standards as outlined in the City's development process, design guidelines, and ordinances.
- b. As a public policy tool that will enable the City to shape the appearance, character and functionality of the community in ways that may not have happened without public assistance.
- c. To promote successful economic development and job creation in the City.

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

II. Stewardship, Compliance and Accountability (Continued)

- d. To promote successful development of mixed-use developments within the City.
- e. To promote the successful development of Class A commercial office space in the City without regard to location.
- f. To encourage private investment and development or redevelopment of property:
 - 1) Within Downtown Overland Park;
 - 2) Within a Vision Metcalf node;
 - 3) Within the Vision Metcalf corridor;
 - 4) Along Shawnee Mission Parkway within City limits;
 - 5) Within the boundaries of an adopted planning study calling for redevelopment.
- g. Although it is the intent of the Governing Body that TIF projects are most appropriately used in the above referenced areas, the Governing Body may consider projects located in any area determined by the Governing Body at its sole discretion, to be a project which would significantly impact the economic vitality of the City.

The TIF Act and Resolution No. 4201 require creation of a redevelopment district (District). A District can only be established after completion of an eligibility study (as defined in the TIF ACT), providing notice of and conducting a public hearing, and a finding by the Governing Body that the area of the proposed Redevelopment District meets criteria outlined in the TIF Act.

Authorization of eligible TIF project expenses is accomplished through the adoption of a Project Plan. A Project Plan can only be established after completion of a feasibility study, providing notice of and conducting a public hearing on the project plan, and approval by a two-thirds vote of the Governing Body. Additionally, all Project Plans approved by the City are subject to a development agreement (Development Agreement) between the City and the developer/beneficiary of the TIF. All Development Agreements entered into by the City include performance milestones and provisions assuring that the redevelopment project is delivered as represented. The agreements also provide for payment of an annual administrative fee, which has been deducted from the tax increment.

For the fiscal year ending December 31, 2021, the City applied incremental revenues to TIF projects as follows:

Project Name	Cherokee South Redevelopment - SWC 95 th Street and Antioch Road
Project Description	Redeveloped Shopping Center anchored by a Walgreens drugstore
Approved TIF	100% of ad valorem property tax increment and 50% of incremental sales taxes
2021 Amount	\$73,895
Project Commitment	Redevelopment of shopping center
Recapture Provisions	None

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

II. Stewardship, Compliance and Accountability (Continued)

Project Name	Valley View Redevelopment - SEC 95 th Street and Antioch Road
Project Description	Redeveloped Shopping Center anchored by a HyVee Grocery store
Approved TIF	100% of ad valorem property tax increment and incremental sales taxes
2021 Amount	\$443,150
Project Commitment	Redevelopment of shopping center
Recapture Provisions	None
Project Name	InterUrban Lofts - SW Corner of 79 th Street and Conser in Downtown OP
Project Description	Mixed-Use Multi-Family Residential and Office Development
Approved TIF	100% of ad valorem property tax increment
2021 Amount	\$11,103
Project Commitment	Completion of Mixed-Use project
Recapture Provisions	None
Project Name	Avenue 80 - SE Corner of 80 th Street and Metcalf Avenue in Downtown OP
Project Description	Mixed-Use Multi-Family Residential, Retail and Office Development
Approved TIF	100% of ad valorem property tax increment
2021 Amount	\$55,102
Project Commitment	Completion of Mixed-Use project
Recapture Provisions	None
Project Name	Promontory - NE Corner of 91 st Street and Metcalf Avenue
Project Description	Mixed-Use Multi-Family Residential and Retail Development
Approved TIF	94% of ad valorem property tax increment
2021 Amount	\$80,663
Project Commitment	Completion of Mixed-Use project
Recapture Provisions	None
Project Name	The Vue - SE Corner of 80 th Street and Marty Street, Downtown OP
Project Description	Mixed-Use Multi-Family Residential and Retail Development
Approved TIF	100% of ad valorem property tax increment
2021 Amount	\$58,801
Project Commitment	Completion of Mixed-Use project
Recapture Provisions	None

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

II. Stewardship, Compliance and Accountability (Continued)

Project Name	Market Lofts - NW Corner of 80 th Street and Marty Street, Downtown OP
Project Description	Mixed-Use Multi-Family Residential and Retail Development
Approved TIF	100% of ad valorem property tax increment
2021 Amount	\$12,026
Project Commitment	Completion of Mixed-Use project
Recapture Provisions	None
Project Name	Central Square - Project Area 1 - Shamrock Office, NE Corner of 95 th Street and Metcalf Avenue
Project Description	Construction of Class-A Office Campus and related structured parking
Approved TIF	85% of ad valorem property tax increment for Project Area 1
2021 Amount	\$65,860
Project Commitment	Completion of one Class-A office tower
Recapture Provisions	None

III. Detailed Notes on All Funds

A. Deposits

The City's cash, cash equivalents and investments are considered to be cash on hand, demand deposits and highly liquid investments.

B. Investments

Statutes authorize the City to invest in instruments which are direct obligations of the U.S. government, temporary notes of the City, bank certificates of deposit, Kansas State Municipal Investment Pool, no-fund warrants, time certificates of deposit with savings and loan companies, commercial bank saving accounts and repurchase agreements of U.S. government securities with maturities of up to two years.

In 2002, the City was granted expanded investment powers by the State of Kansas. In addition to the options mentioned above, expanded investment powers allow the City to invest in U.S. Government Agency securities and securities of U.S. Government sponsored enterprises, as well as to extend maturities up to four years. The City is required to provide an annual report of investment results to the state as a condition of maintaining the expanded powers.

Disclosures for retirement plan and other post-employment benefit investments can be found in Note IV.C.

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

III. Detailed Notes on All Funds (Continued)

Fair Value Measurements: The City categorizes its assets and liabilities measured at fair value within the hierarchy established by generally accepted accounting principles. Assets and liabilities valued at fair value are categorized based on inputs to valuation techniques as follows:

Level 1 input: Quoted prices for identical assets or liabilities in an active market that an entity has the ability to access.

Level 2 input: Quoted prices for similar assets or liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.

Level 3 input: Inputs that are unobservable for the asset or liability which are typically based upon the City's own assumptions as there is little, in any, related market activity.

Hierarchy: The fair value hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs.

Inputs: If the fair value of an asset or a liability is measured using inputs from more than one level of the fair value hierarchy, the measurement is considered to be based on the lowest priority level input that is significant to the entire measurement.

For the City, the following fair value techniques were utilized in measuring the fair value of its investments:

U.S. Government agency securities (including TVA): U.S. Government securities are reported at fair value based on bullet (noncall) spread scale for each issuer for maturities going out to 40 years. These spreads represent credit risk and are obtained from the new issue market, secondary trading, and dealer quotes.

Custodial Credit Risk

Custodial credit risk is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The City requires compliance with state statute for the collateralization of all deposits. Financial institutions are required to pledge or assign, for the City's benefit, securities with a fair value equal to at least 105% of the amount of the City's total deposits. As of December 31, 2021, the City had deposits totaling \$60,024,230 with assets pledged as collateral with a fair value of \$74,550,375.

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g. broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The City requires that all investment transactions be settled delivery versus payment and held in the City's name by an independent third party safekeeping agent.

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of debt security investments. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The City has a formal policy that limits its exposure to interest rate risk by establishing limits on maturities of investments according to the chart below. Investments received as contributions may not follow this policy.

<u>Maturity Range</u>	<u>Target Percentage of Portfolio</u>
Short-term (12 months or less maturity)	Up to 50%
Core Portfolio (Maximum 48 month maturity)	Up to 75%

Callable securities are limited to 20 percent of their respective investment type. The following table represents the City's pooled investment portfolio broken down into the established maturity ranges.

Investment Type	Fair Value	Maturity		Fair Value Hierarchy Level
		Less than 1 Year	1-5 Years	
Pooled Investments:				
Investments recorded at fair value:				
FFCB	\$ 12,094,080	\$ 12,094,080	\$ -	2

Credit Risk/Concentration of Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization.

As stated above, the City's investment options are limited by state statute, which inherently reduces credit risk. However, state statutes do not address concentration of credit risk. The City's investment policy limits the percentage of the portfolio that can be in various investment classes. The investment classes and their respective limits are shown below.

Investment class	Limit
Collateralized Certificates of Deposit	100%
Repurchase agreements	40
U.S. Treasury securities	100
U.S. Agency securities	80
Kansas Municipal Investment Pool	100
Money Market Funds	25

The table below illustrates the City's exposure to credit risk and concentration of credit risk for its debt securities.

Investment Name	Moody's Credit Rating	S&P Credit Rating	Percent of Total Investments
FHLB	Aaa	AA+	4.62%
FHLMC	Aaa	AA+	17.96
FNMA	Aaa	AA+	11.12
FFCB	Aaa	AA+	6.66
TVA	Aaa	AA+	5.79

	<u>\$ 14,282,631</u>		

The fair values of certain investments of PDRP, OPFDRP and the OPEB trust are established by using the net asset value (NAV) per share (or its equivalent), such as member units or an ownership interest in partners' capital to which a proportionate share of net assets is attributed. The NAV provided by the investee is measured as of the City's calendar year end and is not categorized with the fair value hierarchy.

The PDRP, OPFDRP and the OPEB trust invest in one real estate fund. This fund makes strategic property acquisition primarily in the U.S. As part of the valuation process, independent appraisers value properties on an annual basis (at a minimum). The fund is valued at NAV quarterly. The fund allows withdrawals once per quarter subject to "available cash" as determined by a pool trustee with 30 days advance written notice. As of December 31, 2021, the PDRP, OPFDRP and the OPEB trust had no unfunded commitments to the real estate fund.

Notes to the Basic Financial Statements

III. Detailed Notes on All Funds (Continued)

The annual requirements to amortize the general obligation bonds at December 31, 2021, including interest payments, are as follows:

Year Ending December 31,	Governmental Activities		Total Primary Government Debt Service
	General Obligation Bonds Principal	Interest	
2022	\$ 12,295,000	\$ 3,799,441	\$ 16,094,441
2023	12,265,000	3,458,512	15,723,512
2024	11,335,000	2,956,713	14,291,713
2025	11,070,000	2,497,511	13,567,511
2026	8,805,000	2,065,138	10,870,138
2027-2031	32,435,000	5,625,863	38,060,863
2032-2036	7,405,000	1,839,750	9,244,750
2037-2041	3,940,000	401,100	4,341,100
	<u>\$ 99,550,000</u>	<u>\$ 22,644,028</u>	<u>\$ 122,194,028</u>

K.S.A. 10-308 prescribes that the indebtedness of a city shall be limited to 30 percent of such city's assessed valuation. As of December 31, 2021, the statutory limit for the City was \$1,351,723,888 providing a debt margin of \$1,252,173,888.

Overland Park Development Corporation - Revenue Bonds:

In January 2001, the Overland Park Development Corporation (OPDC or Corporation) issued \$92,135,991 in Revenue Bonds to finance the construction of a 412 room full-service Convention Center Hotel (Hotel). At the time of the issuance, the City entered into a Debt Service Support Agreement and a ground lease for land owned by the City and leased to the Corporation for use by the hotel. The Debt Service Support Agreement obligates the City, under certain conditions, to apply its transient guest tax revenue to help pay the debt service on the revenue Bonds. No other funds of the City are committed by this support agreement. The 2001 Bonds were refunded and replaced by the 2007A and 2007B Revenue Bonds.

On November 1, 2019, the Corporation refunded the Series 2007 Bonds with proceeds of the Corporation's Improvement and Refunding Revenue Bonds, Series 2019 (Overland Park Convention Center Hotel) (Series 2019 Bonds) pursuant to the Trust Indenture dated as of November 1, 2019 (Series 2019 Indenture) by and between the Corporation and the Trustee. The Series 2019 Trust Indenture does not contain a provision comparable to that described above relating to the use of moneys in the Corporation Reserve Fund to repay Available TGT Revenues provided by the City for the payment of debt service on the Series 2000 Bonds and Series 2007 Bonds.

The Series 2019 Bonds are special, limited obligations of the Corporation secured by (1) net operating revenues of the Hotel, (2) the Ground Lease, (3) a mortgage on the Corporation's leasehold interest in the Hotel, granted by the Corporation in favor of the Bond Trustee, (4) the fee mortgage on the City's fee interest in the Hotel Site granted by the City in favor of the Bond Trustee, (5) a portion of the City's TGT Revenues, and (6) monies held by the Bond Trustee in certain funds and accounts under the Revenue Bond Indenture. In addition, monies for payment of debt service on the Series 2019 Bonds may also be derived under certain circumstances from annual appropriation payments

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

III. Detailed Notes on All Funds (Continued)

by the City to the Bond Trustee and from amounts on reserve pursuant to a Debt Service Support Agreement. The Series 2019 Bonds shall be subject to redemption prior to maturity at the option of the Corporation at the current principal balance of the Series 2019 Bonds plus accrued and unpaid interest at the date fixed for redemption.

In accordance with the Series 2019 Trust Indenture, the City may request reimbursement from the Trustee from funds in the Corporation Reserve Fund, if any, for Available TGT Revenues paid to the Trustee which have been used to pay debt service on the Bonds and to make up any deficiency in the Debt Service Account, the Debt Service Reserve Fund or the Redemption Account.

Aggregate maturities of Revenue Bonds payable are as follows:

Year Ending December 31,	Principal	Interest	Total
2022	\$ 1,455,000	\$ 4,277,850	\$ 5,732,850
2023	1,520,000	4,210,750	5,730,750
2024	1,605,000	4,132,625	5,737,625
2025	1,680,000	4,050,500	5,730,500
2026	1,770,000	3,964,250	5,734,250
2027-2031	10,320,000	18,360,750	28,680,750
2032-2036	13,250,000	15,430,000	28,680,000
2037-2041	17,015,000	11,665,625	28,680,625
2042-2046	21,835,000	6,833,625	28,668,625
2047-2049	15,980,000	1,225,000	17,205,000
	<u>\$ 86,430,000</u>	<u>\$ 74,150,975</u>	<u>\$ 160,580,975</u>

The Series 2019 Bonds require a reserve in the amount equal of \$5,738,375, representing the least of: (1) 10% of the stated principal amount of the bonds, (2) the maximum annual principal and interest requirements or (3) 125% of the average annual principal and interest requirements. The total reserves for these covenants as of December 31, 2021 was \$2,792,434. In accordance with Section 5.05 and Section 5.07(a) of the Indenture, if the total amount of cash and investment securities in the Debt Service Reserve Fund falls below the reserve fund requirement, and after the Debt Service Fund in any Bond Year equals or exceeds the Annual Debt Service on the Bonds for a Bond Year, the Trustee shall make deposits to fund the Debt Service Reserve Fund utilizing Transient Guest Tax funds and Hotel revenues (after application of these Hotel revenues in accordance with the Indenture). The total amount of cash and investment securities in the TGT Revenue Fund available to pay debt service as of reserves for these covenants as of December 31, 2021 was \$1,483,192.

Pursuant to the Debt Service Support Agreement, the City has agreed to make a specified portion of its annual revenue from its Transient Guest Tax available for the payment of debt service subject to annual appropriation. Under Section 5.19(c) of the Indenture agreement, the City may, in its sole discretion, request reimbursement from the Corporation for previously paid Transient Guest Tax funds. The City also agreed that all current and prior amounts paid by the City to the Corporation are forgiven, except for amount, if any, requested to be repaid under Section 5.19(c) of the Indenture. The bonds are payable through 2049. The hotel net revenues and the transient guest tax are projected to range from \$12 million to \$25 million annually. The total principal and interest remaining to be paid on the bonds is \$160,580,975 as of December 31, 2021. Principal and interest paid for the year ended December 31, 2021 and total hotel operating income (loss) were \$5,734,950 and (\$3,408,499), respectively.

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

III. Detailed Notes on All Funds (Continued)

Subordinated Asset and Property Management Fee Payable

Management fees of \$359,206 were owed to Starwood/Sheraton for the year ended December 31, 2021. Effective November 2019, retroactively applied to April 1, 2019, and for a 19-year period ending on November 30, 2038, 4% of monthly gross revenues are due to Sheraton Operating Corporation. Prior to April 1, 2019, management fees were figured on a base fee adjusted annually by the CPI Index. Eighty percent (80%) of the management fee was unsubordinated and twenty percent (20%) was subordinated during operating years ended December 31, 2004 through December 31, 2007 and no portion is to be subordinated for the remainder of the Hotel Operating Agreement. Subordinated amounts owed to Starwood/Sheraton were non-interest bearing obligations to be repaid only after certain other obligations have been repaid.

Base asset management fees (adjusted annually by the CPI Index) of \$81,942 were owed to Hospitality Investors, LLC for the year ended December 31, 2021. Effective January 1, 2019 and for a five year term ending on December 31, 2023, 0.9% of gross revenues generated during the twelve months of the calendar year are due to Hospitality Investors, LLC.

Special Obligation Debt

The City has issued long-term debt instruments to finance economic development activities within certain eligible taxing districts, including Community Improvement Districts (CID) and Transportation Development Districts (TDD). These debt obligations include sales tax revenue bonds, special assessment bonds and sales tax special obligation revenue bonds (STAR bonds) and are to be repaid from additional sales tax or special assessments levied within the districts.

Neither the City nor any political subdivision thereof is obligated in any manner for the repayment of these bonds. Accordingly, the activities related to the collection and distribution of these tax revenues are reported in an agency fund and special obligation bonds are not included in City's balance sheet. Amounts of such special obligation debt outstanding as of December 31, 2021 are summarized in the following table:

	Sales Tax Bonds	Special Assessment Bonds	STAR Bonds	Total
Series 2012 Prairiefire Star	\$ -	\$ -	\$ 64,860,000	\$ 64,860,000
Series 2012A Prairiefire CID	3,600,000	-	-	3,600,000
Series 2012B Prairiefire CID	10,515,000	-	-	10,515,000
Series 2014 Quivira 95 CID	998,975	-	-	998,975
Series 2014 City Place CID	-	4,690,000	-	4,690,000
Series 2010 Oak Park Mall TDD	7,065,000	-	-	7,065,000
	<u>\$ 22,178,975</u>	<u>\$ 4,690,000</u>	<u>\$ 64,860,000</u>	<u>\$ 91,728,975</u>

Conduit Debt Obligations

The City has issued industrial revenue bonds to provide financial assistance to private businesses for economic development purposes. These bonds are secured by properties financed as well as letters of credit and are payable solely from payments received from the private businesses involved. Ownership of the acquired facilities is in the name of the private business served by the bond issuance. Neither the City, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as a liability in the accompanying financial statements.

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

III. Detailed Notes on All Funds (Continued)

As of December 31, 2021, there were 16 issues of industrial revenue bonds outstanding with an aggregate original issue amount totaling \$390,693,844 and an aggregate principal balance outstanding of \$314,326,424.

IV. Other Information

A. Self-Insurance Program

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. In September 1982, the City established a Special Liability Defense Fund and a Risk Management Reserve Fund and these two funds are reported within the General Fund. The Special Liability Defense Fund is used to account for costs related to the payment of judgments and settlement of claims relating to torts. The City currently maintains an insurance portfolio that includes general liability, automobile liability, law enforcement, public entity management and employment practices with a \$100,000 self-insured retention. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years. There has not been a significant reduction in insurance coverage in the past fiscal year.

The Risk Management Reserve Fund is used to account for insurable losses not otherwise insured resulting from claims against the City. The City currently maintains an insurance portfolio that includes general property insurance covering a majority of City-owned property with a \$25,000 deductible (\$50,000 for the perils of windstorm and hail) and automobile physical damage insurance with a \$50,000 deductible. Effective April 1, 2020 the property deductible increased to \$100,000 including the perils of windstorm and hail. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years. There has not been a significant reduction in insurance coverage in the past fiscal year.

In March 1987, the City established a self-insurance program to account for statutory workers' compensation benefits. The workers' compensation plan covers all City employees. Premiums are paid into the Workers' Compensation Fund, an internal service fund. The premiums are available to pay claims, claim reserves and administrative costs of the program. Under this program, the Workers' Compensation Fund provides coverage of \$450,000 per accident (\$600,000 per accident for police and fire) not to exceed a two-year aggregate stop-loss of \$1,802,894 for accidents occurring during calendar year 2021. The City purchases commercial insurance for claims in excess of coverage provided by the fund. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years. There has not been a significant reduction in insurance coverage in the past fiscal year. This self-insurance program is in compliance with Section 44-532 of the Workers' Compensation Act and is annually required to be reviewed and approved by the state.

In January 2001, the City established a self-insurance program for health care benefits. A third party administrator is contracted to provide claims administration and payment services. The City accounts for health care benefits in the Medical Imprest Plan fund, an internal service fund.

The General fund and the Special Alcohol Control fund, a special revenue fund, participate in the self-insurance program and make payments to the Special Liability Defense, Risk Management Reserve, (both sub-funds of the General fund) Workers' Compensation, and Medical Imprest Plan funds based on actuarial estimates of the amounts needed to pay prior and current-year claims and to establish a reserve for catastrophic losses. The net position of the Workers' Compensation and Medical Imprest Plan Internal Service Funds were \$1,470,663 and \$6,335,437 respectively, as of December 31, 2021.

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

IV. Other Information (Continued)

Liabilities in the Special Liability Defense Fund, Risk Management Reserve Fund, Workers' Compensation Fund and Medical Imprest Plan Fund are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities of these funds include an amount for claims that have been incurred but not reported. Claim liabilities are determined by the City's Risk Manager and the City's Law Department based on estimates of the ultimate cost of claims including inflation factors and historical trend data and all claims balances are considered to be current. The liability recorded in accounts payable in the General Fund for the Special Liability Defense and Risk Management sub-funds was \$486,192 as of December 31, 2021, based on claims considered matured and represent claims against current financial resources.

Changes in the City's estimated liability for incurred but unreported claims in its Special Liability Defense fund, Risk Management Reserve fund, Workers' Compensation fund and Medical Imprest Plan fund for fiscal years 2020 and 2021 were as follows:

	Beginning of Fiscal Year Liability	Claims and Changes in Estimates	Claim Payments	Balance at Fiscal Year End
January 1 to December 31, 2020				
Special Liability Defense	\$ 191,273	\$ 578,526	\$ (208,280)	\$ 561,519
Risk Management	17,700	215,408	(198,208)	34,900
Worker's Compensation	979,428	508,920	(222,279)	1,266,069
Medical Imprest	781,000	14,902,155	(14,669,155)	1,014,000
Total	<u>\$ 1,969,401</u>	<u>\$ 16,205,009</u>	<u>\$ (15,297,922)</u>	<u>\$ 2,876,488</u>
January 1 to December 31, 2021				
Special Liability Defense	\$ 561,519	\$ 94,704	\$ (274,412)	\$ 381,811
Risk Management	34,900	685,280	(615,799)	104,381
Worker's Compensation	1,266,069	1,809,713	(1,760,239)	1,315,543
Medical Imprest	1,014,000	15,294,024	(15,278,024)	1,030,000
Total	<u>\$ 2,876,488</u>	<u>\$ 17,883,721</u>	<u>\$ (17,928,474)</u>	<u>\$ 2,831,735</u>

B. Contingent Liabilities

The City participates in a number of federally assisted grant programs. These programs are subject to program compliance audits by the grantors or their representatives. Grantors have yet to conduct audits on some of these programs; accordingly, the City's compliance with applicable grant requirements will be established at a future date. The amount, if any, of expenditures which may be disallowed is not determinable although the City expects such amounts, if any, to be immaterial.

The City is involved in litigation arising from the normal course of operations. It is not possible to state the ultimate liability, if any, in these matters. In the opinion of the City, based on advice of counsel, such litigation will have no material effect on the basic financial statements of the City.

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

IV. Other Information (Continued)

C. Retirement Plans

All full-time employees of the City of Overland Park, after meeting eligibility requirements, are covered under the Overland Park Municipal Employees' Pension Plan and the Kansas Public Employees Retirement System (KPERS) except commissioned police officers who are covered by the Overland Park Police Department Retirement Plan (PDRP) and firefighters and emergency medical technicians who are covered by the Overland Park Fire Department Retirement Plan (OPFDRP). The City sponsors and administers the Overland Park Municipal Employees' Pension Plan, the Overland Park Police Department Retirement Plan and the Overland Park Fire Department Retirement Plan. These three plans are accounted for as separate pension trust funds. The Kansas Public Employees Retirement System is administered by the State of Kansas. Each plan is described below:

	KPERS	PDRP	OPFDRP	Total
Net Pension Liability (Asset)	\$42,445,478	\$ (2,925,819)	\$ (182,905)	\$39,336,754
Deferred Outflows of Resources	17,573,464	1,964,922	1,896,109	21,434,495
Deferred Inflows of Resources	(13,961,199)	(8,397,589)	(4,138,681)	(26,497,469)
Pension Expense	7,312,757	1,083,851	(732,565)	7,664,043

City of Overland Park Municipal Employees' Pension Plan (Defined Contribution Plan)

The City of Overland Park Municipal Employees' Pension Plan (MEPP) is a single-employer defined contribution plan established by the City Council on October 1, 1969, to provide benefits at retirement to all regular full-time civilian employees of the City who have completed three years of continuous service. As of December 31, 2021, there were 621 plan members. Plan members are not required to contribute to the plan, but may elect to contribute up to 10 percent of their post-tax annual compensation. The City is required to contribute 10% of annual covered payroll for Tier 1 participants and 4% of annual covered payroll for Tier 2 participants. Actual member and City contributions were \$75,473 and \$2,181,787 respectively, for the year ended December 31, 2021. This plan provides for vesting of City contributions at the rate of a 10 percent increase per year up to 100 percent with participants vested at 40 percent after one year in the plan. Participant contributions are immediately fully vested. Plan benefit provisions and contribution requirements are established by City of Overland Park Ordinance and may be amended by the City Council. No separate publicly available report is prepared for the MEPP. Forfeitures by employees who leave employment before ten years of service are used to reduce City contributions. There were no forfeitures used to pay administrative expenses or to reduce City contributions during the fiscal year ending December 31, 2021. There were no employer liabilities outstanding as of December 31, 2021.

IV. Other Information (Continued)

Investment Related Disclosures: More than 5% of the City's Municipal Employees' Pension Plan investments are in the following investments:

Type	Percent of Total
ICMA Plus	12.16%
Fidelity Growth Company	10.75
Vanguard 500 Index Admiral	9.12
Baird Core Plus Bond Inst	7.80
MFS Intl Diversification R6	6.54
American Funds Washington Mutual	5.42

The investment policy for the MEPP allows investments in several investment vehicles, including mutual funds of common stock, fixed income securities and balanced funds. The majority of the assets are invested in mutual funds. Participants direct the deposit of their contributions and the City's contributions on their behalf among the investment options made available by the MEPP Board of Trustees. The investment policy does not address credit risk, interest rate risk or concentration of credit risk. The investments of the MEPP were not exposed to custodial credit risk.

The plan has only one fixed income investment, the Baird Core Plus Bond Mutual Fund which invests solely in bonds. Mutual funds are not subject to interest rate risk given they have no maturity dates. The average maturity length of bonds within the Baird Core Plus Bond Mutual Fund is 8.23 years. The investment is not rated by Moody's or S&P.

Kansas Public Employees Retirement System (Defined Benefit Pension Plan)

Plan Description: The City participates in a cost-sharing multiple-employer pension plan as defined in Governmental Accounting Standards Board Statement No. 67, *Financial Reporting for Pension Plans*. The pension plan is administered by the Kansas Public Employees Retirement System (KPERS), a body corporate and an instrumentality of the State of Kansas. KPERS provides retirement benefits, life insurance, disability income benefits and death benefits to the following statewide pension groups under on plan, as provided by K.S.A. 74, article 49:

- Public employees, which include:
 - State/School employees
 - Local employees
- Police and Firemen
- Judges

Substantially all public employees in Kansas are covered by the Pension Plan. Participation by local political subdivisions is optional, but irrevocable once selected.

KPERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to KPERS (611 South Kansas Avenue, Suite 100, Topeka, KS 66603-3803), by calling 1-888-275-5737 or by visiting the KPERS website at www.kpers.org.

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

IV. Other Information (Continued)

Benefits: Benefits are established by statute and may only be changed by the Legislature. Members (except Police and Firemen) with ten or more years of credited service may retire as early as age 55 (Police and Firemen may be age 50 with 20 years of credited service), with an actuarially reduced monthly benefit. Normal retirement age is at age 65, age 62 with ten years of credited service, or whenever a member's combined age and years of service equal 85 "points" (Police and Firemen normal retirement ages are age 60 with 15 years of credited service, age 55 with 20 years, age 50 with 25 years, or any age with 36 years of service).

Monthly retirement benefits are based on a statutory formula that includes final average salary and years of service. When ending employment, members may withdraw their contributions from their individual accounts, including interest. Members who withdraw their accumulated contributions lose all rights and privileges of membership. For all pension coverage groups, the accumulated contributions and interest are deposited into and disbursed from the membership accumulated reserve fund as established by K.S.A. 74-4922.

Members choose one of seven payment options for their monthly retirement benefits. At retirement, a member may receive a lump-sum payment of up to 50% of the actuarial present value of the member's lifetime benefit. His or her monthly retirement benefit is then permanently reduced based on the amount of the lump sum. Benefit increases, including ad hoc post-retirement benefit increases, must be passed into law by the Kansas Legislature. Benefit increases are under the authority of the Legislature and the Governor of the State of Kansas. For all pension coverage groups, the retirement benefits are disbursed from the retirement benefit payment reserve fund as established by K.S.A. 74-4922.

Contributions: Member contributions are established by state law, and are paid by the employee according to the provisions of Section 414(h) of the Internal Revenue Code. State law provides that the employer contribution rates are determined based on the results of an annual actuarial valuation for each of the three state wide pension groups. The contributions and assets of all groups are deposited in the Kansas Public Employees Retirement Fund established by K.S.A. 74-4921. All of the retirement systems are funded on an actuarial reserve basis.

For fiscal years beginning in 1995, Kansas legislation established statutory limits on increases in contribution rates for KPERS employers. Annual increases in the employer contribution rates related to subsequent benefit enhancements are not subject to these limitations. The statutory cap increase over the prior year contribution rate is 1.2% of total payroll.

The actuarially determined employer contribution rates and the statutory contribution rates for City employees (not including the 1.00% contribution rate for the Death and Disability Program) are 8.87%. For Police and Firemen, these rates are 22.80%. Member contribution rates as a percentage of eligible compensation for the year ended December 31, 2021 are 6.0% for City employees and 7.15% for Police and Firemen.

Contributions to the pension plan from the City were \$2,885,651 for KPERS and \$3,284,662 for KP&F for the year ended December 31, 2021.

Employer Allocations: Although KPERS administrators one cost-sharing multiple-employer defined benefit pension plan, separate (sub) actuarial valuations are prepared to determine the actuarial determined contribution rate by group. Following this method, the measurement of the collective net pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense are determined separately for each of the following groups of the plan:

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

IV. Other Information (Continued)

- State/School
- Local
- Police and Firemen
- Judges

To facilitate the separate (sub) actuarial valuations, KPERS maintains separate accounts to identify additions, deductions, and fiduciary net position applicable to each group. The allocation percentages presented for each group in the schedule of employer and nonemployer allocations are applied to amounts presented in the schedules of pension amounts by employer and nonemployer.

The allocation percentages for the City's share of the collective pension amounts as of June 30, 2021 were based on the ratio of its contributions to the total of the employer and nonemployer contributions of the group for the years ended June 30, 2021. The contributions used exclude contributions made for prior service, excess benefits and irregular payments. At June 30, 2021, the City's Local Government proportion was 1.595942%, which was an decrease of 0.069491% from its proportion measured at June 30, 2020. At June 30, 2021, the City's Police and Firemen proportion was 2.441184%, which was an increase of 0.263754% from its proportion measured at June 30, 2020.

Net Pension Liability: At December 31, 2021, the City reported a liability of \$19,150,611 for its proportionate share of the Local Government collective net pension liability and \$23,294,867 for its proportionate share of the Police & Firemen collective net pension liability, for a total net pension liability of \$42,445,478.

Actuarial Assumptions: The collective net pension liability was measured by KPERS as of June 30, 2021, and the total pension liability used to calculate the collective net pension liability was determined by an actuarial valuation as of December 31, 2020, which was rolled forward to June 30, 2021, using the following actuarial assumptions:

Actuarial cost method	Entry age normal
Price inflation	2.75 percent
Salary increases, including wage increases	3.50 to 12.00 percent, including price inflation
Long-term rate of return, net of investment expense, and including price inflation	7.25 percent

Mortality rates were based on the RP 2014 Mortality Tables, with age setbacks and age set forwards as well as other adjustments based on different membership groups. Future mortality improvements are anticipated using scale MP-2016.

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actuarial experience study conducted for the period January 1, 2016 through December 31, 2018. The experience study is dated January 7, 2020.

The actuarial assumptions changes adopted by the plan for all groups based on the experience study were as follows:

- Investment return assumption was lowered from 7.50% to 7.25%
- General wage growth assumption was lowered from 3.50% to 3.25%
- Payroll growth assumption was lowered from 3.50% to 3.25%

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

IV. Other Information (Continued)

The long-term expected rate of return of pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of arithmetic real rates of return for each major asset class as of the most recent experience study, dated January 7, 2020, are summarized in the following table:

Asset Class	Long-Term Target Allocation	Long-Term Expected Real Rate of Return
U.S. Equities	23.50%	5.20%
Non-U.S. Equities	23.50	6.40
Private Equity	8.00	9.50
Private Real Estate	11.00	4.45
Yield Driven	8.00	4.70
Real Return	11.00	3.25
Fixed Income	11.00	1.55
Short-term Investments	4.00	0.25
Total	<u>100.00%</u>	

Discount Rate: The discount rate used by KPERS to measure the total pension liability was 7.25%, which was a decrease from the rate of 7.50% used in the prior year. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the contractually required rate. The Local employers do not necessarily contribute the full actuarial determined rate. Based on legislation passed in 1993, the employer contribution rates certified by the KPERS' Board of Trustees for this group may not increase by more than the statutory cap. The statutory cap for the state fiscal year 2021 was 1.2%. The local employers are currently contributing the full actuarial contribution rate. Employers contribute the full actuarial determined rate for KP&F. The expected employer actuarial contribution rate was modeled for future years for these groups, assuming all actuarial assumptions are met in the future years. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

IV. Other Information (Continued)

Sensitivity Analysis: The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 7.25%, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.25%) or 1 percentage point higher (8.25%) than the current rate:

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
Local Government	\$ 31,500,886	\$ 19,150,611	\$ 8,793,330
Police & Fireman	34,963,361	23,294,867	13,534,162
Total	<u>\$ 66,464,247</u>	<u>\$ 42,445,478</u>	<u>\$ 22,327,492</u>

Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources: For the year ended December 31, 2021, the City recognized pension expense of \$7,312,757, which includes the changes in the collective net pension liability, projected earnings on pension plan investments, and the amortization of deferred outflows of resources and deferred inflows of resources for the current period. There were no employer liabilities to KPERS outstanding as of December 31, 2021.

At December 31, 2021, the City reported deferred outflows of resources and deferred inflows of resources related to Local Government pensions from the following sources:

	Deferred Outflows of	Deferred Inflows of Resources
Difference between actual and expected plan experience	\$ 755,919	\$ 173,401
Net difference between projected and actual earnings on pension plan investments	-	6,800,329
Changes in assumptions	3,769,821	-
Changes in proportion	295,423	876,029
Contributions made subsequent to the measurement date*	1,386,103	-
Total	<u>\$ 6,207,266</u>	<u>\$ 7,849,759</u>

* The amounts reported as deferred outflows of resources resulting from contributions subsequent to the measurement date will be recognized as a reduction in the net pension liability for the year ended December 31, 2022.

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

IV. Other Information (Continued)

At December 31, 2021, the City reported deferred outflows of resources and deferred inflows of resources related to Police & Firemen pensions from the following sources:

	Deferred Outflows of	Deferred Inflows of Resources
Difference between actual and expected plan experience	\$ 1,838,140	\$ -
Net difference between projected and actual earnings on pension plan investments	-	6,111,440
Changes in assumptions	2,963,140	-
Changes in proportion	4,857,197	-
Contributions made subsequent to the measurement date*	1,707,721	-
Total	<u>\$ 11,366,198</u>	<u>\$ 6,111,440</u>

* The amounts reported as deferred outflows of resources resulting from contributions subsequent to the measurement date will be recognized as a reduction in the net pension liability for the year ended December 31, 2022.

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended December 31,	Local Government	Police & Firemen
2022	\$ (394,724)	\$ 2,028,061
2023	(390,704)	1,350,646
2024	(567,078)	761,173
2025	(1,775,786)	(813,672)
2026	<u>99,696</u>	<u>220,829</u>
Total	<u>\$ (3,028,596)</u>	<u>\$ 3,547,037</u>

Deferred inflows and outflows of resources related to the difference between expected and actual plan experience, changes in assumptions, and changes in proportion are being amortized over a closed period equal to the average of the expected service lives of all employees as of the beginning of each measurement period. The deferred outflows of resources related to the difference between expected and actual earnings on pension plan investments is being amortized over a closed five-year period, as of the beginning of each measurement period.

Pension plan fiduciary net position: Detailed information about the pension plan's fiduciary net position is available in the separate issued KPERS financial report.

IV. Other Information (Continued)

Plan Description: The PDRP is a single-employer defined benefit pension plan administered by the City that provides retirement, disability and death benefits to plan members and beneficiaries. The PDRP is considered part of the City's reporting entity and is presented in the accompanying basic financial statements as a pension trust fund, a fiduciary fund type. No separate publicly available report is prepared for the PDRP.

Membership Data:

Membership in the PDRP comprised of the following at December 31, 2021:

Active employees	114
Vested terminated employees	94
Retired participants and beneficiaries	<u>74</u>
	<u>282</u>

Benefits Provided: Membership in the PDRP is granted to all full-time police officers, hired prior to January 1, 2011 who have been continuously employed by the City for at least two years and have not attained the age of 52. Participating employees who retire at or after age 55 or have at least 25 years of credited service are entitled to a monthly retirement allowance, payable for life, in an amount equal to 2 percent of the participant's average monthly earnings times credited service. Average monthly earnings are the average of the three highest consecutive monthly earnings as of January 1 of each year. Participants are 40 percent vested after four years of employment with the City. Vesting continues at a rate of 10 percent per year. Participants are 100 percent vested after 10 years of employment.

Contributions: In 2021, employees did not make contributions to the PDRP. The City contributions, authorized by the City Council, for fiscal year 2021 were \$1,347,329. This contribution was made in accordance with contribution requirements determined by an actuarial valuation of the PDRP at January 1, 2021. The City's contribution was for normal cost plus interest.

Plan benefit provisions and contribution requirements are established by City of Overland Park Ordinance PEN-497 as adopted March 1, 1968, and amended December 1, 1989, January 1, 1998, September 9, 2002, and September 11, 2006 and may be amended by the City Council. On January 1, 2011 the PDRP was restated to freeze new participants from joining the plan.

Investments: The pension trust fund established to account for the Police Department Retirement Plan is authorized to invest in every kind of investment which "a prudent person" would use for his own investments. The only limitation is that the total amount of common stock investments cannot exceed 50 percent of the total book value of all the pension fund investments. Currently, the City uses eight money managers and a mutual fund to invest the assets of the plan. All but three of the money managers invest the assets in stocks. One money manager invests at least 80% of its assets in bonds of governments, government related entities and government agencies globally. Another money manager invests in fixed income securities including treasuries, agencies and agency guaranteed mortgage pass through investments. Another money manager invests in a real estate trust fund. Pertinent information related to this investment is presented below. The investments of the OPDRP were not exposed to custodial credit risk.

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

IV. Other Information (Continued)

More than 5% of the City's Police Department Retirement Plan's investments are in invested the following:

<u>Type</u>	<u>Percent of Total</u>
Garcia Hamilton Intermediate Government Credit	23.57%
BMO Global Asset Management	20.16
Vanguard Russell 1000 Growth Index	14.92
Bailard Real Estate Investment Trust	11.10
Vanguard Small Cap Index	10.08
American Euro Pacific Growth Fund	10.01
American Century Emerging Markets	9.89

Pension Liability:

Total pension liability	\$ 128,459,021
Fiduciary net position	131,384,840
Net pension liability (asset)	(2,925,819)
Fiduciary net position as a % of total pension liability	102.28%
Covered payroll	10,134,816
Net pension liability as a % of covered payroll	-28.87%

The total pension liability was determined by an actuarial valuation as of the measurement date, December 31, 2021, calculated based on the discount rate and actuarial assumptions below.

Discount Rate	6.50%
Long-term expected rate of return, net of investment expense	6.50%
Municipal bond rate	N/A

The plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

Actuarial Assumptions:

Valuation date	December 31, 2021
Measurement date	December 31, 2021
Inflation	2.30%
Salary increases including inflation	4.00%
Mortality	RP-2014 - Employees and Healthy Annuitant with generational projection per Scale MP-2017
Actuarial cost method	Entry Age Normal

The actuarial assumptions used in the December 31, 2021 valuation were based on the results of an actuarial experience study for the period January 1, 2013 through January 1, 2018, dated March 22, 2018.

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

IV. Other Information (Continued)

The components of net pension liability at December 31, 2021 were as follows:

Changes in Net Pension Liability	Total Pension Liability (a)	Increase (Decrease) Plan Fiduciary Net Pension (b)	Net Pension Liability (a) - (b)
Balance as of December 31, 2020	\$ 118,486,271	\$ 122,767,398	\$ (4,281,127)
Changes in the year:			
Service cost	757,806	-	757,806
Interest on total pension liability	8,147,192	-	8,147,192
Effect of economic/demographic gains or losses	1,280,669	-	1,280,669
Effect of assumptions changes or inputs	5,596,559		5,596,559
Benefit payments	(5,809,476)	(5,809,476)	-
Employer contributions	-	1,345,250	(1,345,250)
Net investment income	-	13,081,668	(13,081,668)
Balance as of December 31, 2021	<u>\$ 128,459,021</u>	<u>\$ 131,384,840</u>	<u>\$ (2,925,819)</u>

Long-term expected Rate of Return: The best-estimate range for the long-term expected rate of return is determined by adding expected inflation to expected long-term real returns and reflecting expected volatility and correlation. The capital market assumptions are per Milliman's investment consulting practice as of December 31, 2021.

Assets Class	Target Allocation	Long-term Expected Arithmetic Real Rate of Return	Long-term Expected Geometric Real Rate of Return
U.S. Core Fixed Income	24.00%	1.39%	1.28%
U.S. Small Caps	10.00	6.73	4.18
U.S. Large Growth	15.00	4.96	2.97
U.S. Large Value	20.00	5.10	3.61
Foreign Developed Equity	10.00	6.27	4.52
Emerging Markets Equity	10.00	8.82	5.31
US REITs	11.00	5.60	3.48

For the year ended December 31, 2021, the annual money weighted rate of return on plan investments, net of pension plan investment expense was 10.84%. The money weighted rate of return expresses investment performance, net of investment expenses, adjusted for the changing amounts actually invested.

Sensitivity Analysis: The following presents the net pension liability of the City, calculated using the discount rate of 6.50%, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (5.50%) or 1 percent higher (7.50%) than the current rate.

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

IV. Other Information (Continued)

	1% Decrease (5.50%)	Current Discount Rate (6.50%)	1% Increase (7.50%)
Total Pension Liability	\$ 117,718,814	\$ 128,459,021	\$ 141,239,768
Fiduciary Net Pension	<u>131,384,840</u>	<u>131,384,840</u>	<u>131,384,840</u>
Net Pension Liability (Asset)	<u>\$ (13,666,026)</u>	<u>\$ (2,925,819)</u>	<u>\$ 9,854,928</u>

Pension Expense, Deferred Inflows and Outflows of Resources Related to Pension: For the year ended December 31, 2021, the City recognized pension expense of \$1,083,851 for the police pension plan. The City reported deferred outflows and inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between actual and expected plan experience	\$ 365,905	\$ -
Changes in assumptions	1,599,017	-
Net difference between projected and actual earnings	-	(8,397,589)
Total	<u>\$ 1,964,922</u>	<u>\$ (8,397,589)</u>

Amounts reported as deferred outflows and inflows of resources related to the police pension plan will be recognized in pension expense as follows:

Year Ended December 31,

2022	\$ 565,483
2023	(4,126,723)
2024	(1,943,116)
2025	<u>(928,311)</u>
Total	<u>\$ (6,432,667)</u>

Deferred outflows of resources related to the difference between expected and actual plan experience and change of assumption are being amortized over a closed period equal to the average of the expected service lives of all employees as of the beginning of each measurement period. The deferred inflows of resources related to the difference between expected and actual earnings on pension plan investments is being amortized over a closed five-year period, as of the beginning of each measurement period.

IV. Other Information (Continued)

Plan Description: The OPFDRP is a single-employer defined benefit pension plan administered by the City that provides retirement, disability and death benefits to plan members and beneficiaries. The OPFDRP is considered part of the City's reporting entity and is presented in the accompanying basic financial statements as a pension trust fund, a fiduciary fund type. No separate publicly available report is prepared for the OPFDRP.

The OPFDRP was assumed by the City when Overland Park Fire Department, Inc., (OPFD, Inc.) merged with the City on September 1, 2003. The OPFDRP was reaffirmed by City of Overland Park Charter Ordinance No. 83 as adopted August 11, 2003. Amendment No. 1 to the plan was approved by the City Council on September 13, 2004. On January 1, 2011 the OPFDRP was restated to freeze new participants from joining the plan.

Membership Data:

Membership in the OPFDRP was comprised of the following at December 31, 2021:

Active employees	79
Vested terminated employees	37
Retired participants and beneficiaries	<u>66</u>
	<u>182</u>

Benefits Provided: Membership in the OPFDRP is granted to all full-time firefighters and emergency medical technicians, hired prior to January 1, 2011, who have been continuously employed by the City for at least 6 months and have attained the age of 18. Participating employees who retire at or after age 55 or have at least 25 years of credited service are entitled to a monthly retirement allowance, payable for life, in an amount equal to 2 percent of the participant's average monthly earnings times credited service. The average monthly earnings amount is the highest average monthly earnings over any 3 years of employment. Participants are 100 percent vested after 5 years of employment.

Contributions: In 2021, employees did not make contributions to the OPFDRP. The City contributions made in accordance with contribution requirements determined by an actuarial valuation of the OPFDRP at January 1, 2021 were \$1,058,758. The City's contribution was for normal cost plus interest.

Investments: The pension trust fund established to account for the Fire Department Retirement Plan is authorized to invest in every kind of investment which "a prudent person" would use for his own investments. The only limitation is that the total amount of common stock investments cannot exceed 50 percent of the total book value of all the pension fund investments. Currently, the City uses eight money managers and a mutual fund to invest the assets of the plan. All but three of the money managers invest the assets in stocks. One money manager invests at least 80% of its assets in bonds of governments, government related entities and government agencies globally. Another money manager invests in fixed income securities including treasuries, agencies and agency guaranteed mortgage pass through investments. Another money manager invests in a real estate trust fund. Pertinent information related to this investment is presented below. The investments of the OPFDRP were not exposed to custodial credit risk.

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

IV. Other Information (Continued)

More than 5% of the City's Fire Department Retirement Plan's investments are in invested the following:

<u>Type</u>	<u>Percent of Total</u>
Garcia Hamilton Intermediate Government Credit	23.83%
BMO Global Asset Management	20.14
Vanguard Russell 1000 Growth Index	14.92
Bailard Real Estate Investment Fund	10.86
Vanguard Small Cap Index	10.09
American Euro Pacific Growth Fund	10.01
American Century Emerging Markets	9.89

Pension Liability:

Total pension liability	\$ 61,833,126
Fiduciary net position	62,016,031
Net pension liability (asset)	\$ (182,905)
Fiduciary net position as a % of total pension liability	100.30%
Covered payroll	\$ 7,366,884
Net pension liability as a % of covered payroll	-2.48%

The total pension liability was determined by an actuarial valuation as of the measurement date, December 31, 2021, calculated based on the discount rate and actuarial assumptions below.

Discount Rate	6.50%
Long-term expected rate of return, net of investment expense	6.50%
Municipal bond rate	N/A

The plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

Actuarial Assumptions:

Valuation date	December 31, 2021
Measurement date	December 31, 2021
Inflation	2.30%
Salary increases including inflation	4.00%
Mortality	RP-2014 - Employees and Healthy Annuitant with generational projection per Scale MP-2017
Actuarial cost method	Entry Age Normal

The actuarial assumptions used in the December 31, 2021 valuation were based on the results of an actuarial experience study for the period January 1, 2013 through January 1, 2018, dated March 22, 2018.

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

IV. Other Information (Continued)

The components of net pension liability at December 31, 2020 were as follows:

Changes in Net Pension Liability	Total Pension Liability (a)	Increase (Decrease) Plan Fiduciary Net Pension (b)	Net Pension Liability (a) - (b)
Balance as of December 31, 2020	\$ 55,734,861	\$ 56,513,698	\$ (778,837)
Changes in the year:			
Service cost	622,548	-	622,548

Balance as of December 31, 2021	\$ 61,833,126	\$ 62,016,031	\$ (182,905)

Long-term Expected Rate of Return: The best-estimate range for the long-term expected rate of return is determined by adding expected inflation to expected long-term real returns and reflecting expected volatility and correlation. The capital market assumptions are per Milliman's investment consulting practice as of December 31, 2021.

Assets Class	Target Allocation	Long-term Expected Arithmetic Real Rate of Return	Long-term Expected Geometric Real Rate of Return
U.S. Core Fixed Income	24.00%	1.39%	1.28%
U.S. Small Caps	10.00	6.73	4.18
U.S. Large Growth	15.00	4.96	2.97
U.S. Large Value	20.00	5.10	3.61
Foreign Developed Equity	10.00	6.27	4.52
Emerging Markets Equity	10.00	8.82	5.31
Private Real Estate Property	11.00	5.60	3.48

For the year ended December 31, 2021, the annual money weighted rate of return on plan investments, net of pension plan investment expense was 10.70%. The money weighted rate of return expresses investment performance, net of investment expenses, adjusted for the changing amounts actually invested.

Sensitivity Analysis: The following presents the net pension liability of the City, calculated using the discount rate of 6.50%, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (5.50%) or 1 percent higher (7.50%) than the current rate.

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

IV. Other Information (Continued)

	1% Decrease (5.50%)	Current Discount Rate (6.50%)	1% Increase (7.50%)
Total Pension Liability	\$ 55,656,933	\$ 61,833,126	\$ 69,227,855
Fiduciary Net Pension	<u>62,016,031</u>	<u>62,016,031</u>	<u>62,016,031</u>
Net Pension Liability (Asset)	<u>\$ (6,359,098)</u>	<u>\$ (182,905)</u>	<u>\$ 7,211,824</u>

Pension Expense and Deferred Inflows and Outflows of Resources Related to Pension: For the year ended December 31, 2021, the City recognized pension expense of \$(732,565) for the fire pension plan. The City reported deferred outflows and inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between actual and expected plan experience	\$ 15,800	\$ (275,136)
Changes in assumptions	1,880,309	-
Net difference between projected and actual earnings	-	(3,863,545)
Total	<u>\$ 1,896,109</u>	<u>\$ (4,138,681)</u>

Amounts reported as deferred outflows and inflows of resources related to the fire pension plan will be recognized in pension expense as follows:

Year Ended December 31,

2022	407,065
2023	(1,326,721)
2024	(903,397)
2025	<u>(419,519)</u>
Total	<u>\$ (2,242,572)</u>

Deferred outflows and inflows of resources related to the difference between expected and actual plan experience and changes of assumptions are being amortized over a closed period equal to the average of the expected service lives of all employees as of the beginning of each measurement period. The deferred inflows of resources related to the difference between expected and actual earnings on pension plan investments is being amortized over a closed five-year period, as of the beginning of each measurement period.

D. Convention Center Information

In 2001, the City issued general obligation bonds to finance the construction of the Overland Park Convention Center for trade shows, conventions, training sessions, corporate meetings and social events. The Convention Center is accounted for within the Transient Guest Tax Capital Fund. The general obligation bonds rely solely on the revenue generated from a four percent transient guest tax and the revenue generated by the facility for repayment.

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

IV. Other Information (Continued)

Summary financial information for the Convention Center's operations as of and for the years ended December 31, 2021 and 2020 is presented below:

Condensed Balance Sheet as of December 31,		
	2021	2020
Assets		
Current assets	\$ 2,912,440	\$ 1,713,591
Non Current Assets

Adjustment to Beginning Owner's Control Balance

During the year ended December 31, 2020, management at the Convention Center identified certain reserve accounts that were improperly excluded from the December 31, 2019 financial statements. Accordingly, the following adjustment was made to the beginning Owner's Control balance on the Statement of Revenues, Expenses and Changes in Owner's Control:

12/31/2019 Owner's Control, as previously reported	\$ (627,116)
Other assets	<u>496,944</u>
12/31/2020 Owner's Control, as restated	<u>\$ (130,172)</u>

E. Postemployment Benefits

KPERS Postemployment Benefit Plan (OPEB)

Plan Description: The City participates in an agent multiple-employer defined benefit other postemployment benefit (OPEB) plan (Plan) which is administered by the Kansas Public Employees Retirement System (KPERS). The Plan provides long-term disability benefits and a life insurance benefit for disabled members to KPERS members, as provided by K.S.A. 74-4927. The Plan is administered through a trust held by KPERS that is funded to pay annual benefit payments. However, because the trust's assets are used to pay employee benefits other than OPEB, the trust does not meet the criteria in paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. Accordingly, the Plan is considered to be administered on a pay-as-you-go basis.

Benefits: Benefits are established by statute and may be amended by the KPERS Board of Trustees. The Plan provides long-term disability benefits equal to 60 percent (prior to January 1, 2006, 66 2/3 percent) of annual compensation, offset by other benefits. Members receiving long-term disability benefits also receive credit towards their KPERS retirement benefits and have their group life insurance coverage continued under the waiver of premium provision.

The monthly long-term disability benefit is 60 percent of the member's monthly compensation, with a minimum of \$100 and a maximum of \$5,000. The monthly benefit is subject to reduction by deductible sources of income, which include Social Security primary disability or retirement benefits, workers compensation benefits, other disability benefits from any other sources by reason of employment, and earnings from any form of employment. If the disability begins before age 60, benefits are payable while the disability continues until the member's 65th birthday or retirement date, whichever occurs first. If the disability begins after age 60, benefits are payable while the disability continues, for a period of five years or until the member retires, whichever occurs first. Benefit payments for disabilities caused or contributed to by substance abuse or non-biologically based mental illnesses are limited to the shorter of the term of the disability or 24 months per lifetime.

The death benefit paid to beneficiaries of disabled members is 150% of the greater of 1) the member's annual rate of compensation at the time of disability, or 2) the member's previous 12 months of compensation at the time of the last date on payroll. If the member has been disabled for five or more years, the annual compensation or salary rate at the time of death will be indexed using the consumer price index, less one percentage point, to compute the death benefit. If a member is diagnosed as

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

IV. Other Information (Continued)

terminally ill with a life expectancy of 12 months or less, the member may be eligible to receive up to 100% of the death benefit rather than having the benefit paid to the beneficiary. If a member retires or disability benefits end, the member may convert the group life insurance coverage to an individual insurance policy.

Covered Employees: As of December 31, 2020, the following employees were covered by the benefit terms:

Active members	483
Disable members	<u>3</u>
	<u>486</u>

Total KPERS OPEB Liability: The City's total KPERS OPEB liability of \$1,173,956 reported as of December 31, 2021 was measured as of June 30, 2021 (the measurement date), and was determined by an actuarial valuation as of December 31, 2020, which was rolled forward to June 30, 2021, using the following actuarial assumptions:

Price inflation	2.75%
Payroll growth	3.00%
Salary increases, including wage increases	3.50% to 10.00%, including price inflation
Discount rate	2.16% (based on the Bond Buyer General Obligation 20-Year Municipal Bond Index as of the measurement date)

Mortality rates used for the death benefits were based on the RP-2014 Mortality tables, as appropriate, with adjustment for mortality improvements based on scale MP-2021.

The long-term disability incidence and claim termination rate assumptions that determined total OPEB liability as of June 30, 2021 were based on the actual KPERS experience.

Changes in Total KPERS OPEB Liability:

Balance as of December 31, 2020	\$ 1,282,685
Changes in the year:	
Service cost	139,068
Interest on total OPEB liability	30,002
Effect of economic/demographic gains or losses	(151,082)
Effect of assumptions changes or inputs	2,280
Benefit payments	<u>(128,997)</u>
Balance as of December 31, 2021	<u>\$ 1,173,956</u>

Changes of assumptions: Changes of assumptions and other inputs reflects the effects of changes in the discount rate each period. The discount rate decreased from 2.21% on June 30, 2020 to 2.16% on June 30, 2021.

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

IV. Other Information (Continued)

Sensitivity Analysis: Healthcare trend rates do not affect the liabilities related to long-term disability benefits sponsored by KPERS. Therefore, there is no sensitivity to a change in Healthcare trend rates.

The following presents the City's total KPERS OPEB liability calculated using the discount rate of 2.16%, as well as what the City's total KPERS OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (1.16%) or 1 percentage point higher (3.16%) than the current rate:

	1% Decrease (1.16%)	Current Discount Rate (2.16%)	1% Increase (3.16%)
KPERS OPEB liability	\$ 1,218,565	\$ 1,173,956	\$ 1,127,857

KPERS OPEB Expense and Deferred Outflows and Inflows of Resources related to OPEB: For the year ended December 31, 2021, the City recognized KPERS OPEB expense of \$86,556 which includes the changes in the total KPERS OPEB liability, and the amortization of deferred outflows of resources and deferred inflows of resources for the current period. At December 31, 2021, the City reported deferred outflows and inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between actual and expected experience	\$ -	\$ (678,673)
Changes in assumptions	83,312	(40,488)
Benefit payments subsequent to the measurement date	64,499	-
Total	<u>\$ 147,811</u>	<u>\$ (719,161)</u>

The \$64,499 in benefit payments made subsequent to the measurement date will be recognized as a reduction in the total OPEB liability for the year ended December 31, 2022. The remaining amounts currently reported as deferred outflows of resources and deferred inflows of resources related to KPERS OPEB will be recognized in KPERS OPEB expense as follows:

Year Ended December 31,

2022	\$ (95,894)
2023	(95,894)
2024	(95,894)
2025	(95,894)
2026	(93,857)
Thereafter	<u>(158,416)</u>
Total	<u>\$ (635,849)</u>

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

IV. Other Information (Continued)

City of Overland Park Postemployment Benefit Plan (OPEB)

Plan Description: Overland Park Postemployment Benefit Plan is a single employer defined benefit health care plan administered by the City that provides medical and long-term care insurance benefits to eligible retirees and their spouses. The OPEB is considered part of the City's reporting entity and is presented solely in the accompanying basic financial statements as a post-employment benefit trust fund in the fiduciary fund type. A separate audit report is not prepared.

Benefits: Certain retired, former employees and certain former Governing Body members and their dependents are eligible to receive OPEB benefits including health, dental, vision and long-term care. To qualify retired employee must have terminated employment and former members of the Governing Body on or after July 1, 1988. Employees must have been employed by the City for not less than ten years and former members of the Governing Body had served not less than five years.

Eligible employees who retire and former Governing Body members who leave their elected position on or before December 31, 2010 are eligible to receive OPEB benefits indefinitely. Otherwise employees who retire and former Governing Body members who leave their elected position on or after January 1, 2011 are eligible to receive OPEB benefits until such person attains the age of 65 when such individual and their eligible dependents will no longer be eligible to receive OPEB benefits.

Eligible retired employees and former Governing Body members who elect coverage under the City's OPEB benefit plans shall be required to contribute to the cost of coverage through the payment of premiums. The City will subsidize the health care premium based on the cumulative years of service with the City on a sliding scale up to a maximum of 50% subsidy, all other OPEB benefits retired employees and former Governing Body members will be required to pay 100% of the cost of that benefit. There are no COLAs in the City's OPEB benefit plans.

An agreement and declaration of trust established the City's OPEB on December 19, 2007. City Resolution No. 4088 is the authority under which benefit terms are delineated and there have been three minor administrative amendments to this authorizing resolution.

Membership in the OPEB was comprised of the following at December 31, 2021:

Active employees	911
Retired participants	191
Retired participants spouse medical	<u>23</u>
	<u>1,125</u>

The City periodically makes contributions to the OPEB but is under no obligation to determine that the amounts received comply with the provisions of this trust fund or that this trust fund is adequate to provide the benefits stipulated in the trust fund. The City has paid all the OPEB related plan benefits outside the OPEB Trust funds since the establishment of this trust fund in 2007. The required contribution is based on projected pay-as-you-go financing requirements, with an additional amount to prefund benefits as determined annually. For the year ended December 31, 2021, the City did not make any contributions to the trust. However, benefit payments of \$966,516 were made with resources outside the trust.

CITY OF OVERLAND PARK, KANSAS

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

IV. Other Information (Continued)

Long-term Expected Rate of Return: The assumption for the long-term rate of return is determined by adding expected inflation to the expected long-term real returns and reflecting expected volatility and correlation. The capital market assumptions below are per Milliman's investment consulting practice as of December 31, 2021, and result in actuarial assumption of long-term expected rate of return of 5.25%.

Assets Class	Target Allocation	Long-term Expected Arithmetic Real Rate of Return	Long-term Expected Geometric Real Rate of Return
U.S. Core Fixed Income	30.00%	1.39%	1.28%
U.S. Large Cap	65.00	4.94	3.46
Real Estate	5.00	5.60	3.48

Discount Rate: The discount rate used to measure the total OPEB liability was 5.25%. The projection of cash flows used to determine the discount rate assumed that employer contributions to the trust have been limited to the average contributions made over the past 5 years. It also assumed that the City will continue to pay plan benefits outside of the OPEB Trust and that benefit payments are projected based on the actuarial assumptions used in the calculation of the total OPEB liability and the current plan provisions. Based on these assumptions, the trust's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long term expected rate of return on investments was applied to all periods at projected benefit payments to determine total OPEB liability.

For the year ended December 31, 2021, the annual money-weighted rate of return on plan investments, net of OPEB plan investment expense was 11.87%. The money-weighted rate of return expresses investment performance, net of investment expenses, adjusted for the changing amounts actually invested.

Sensitivity Analysis: The following presents the net OPEB liability of the City, calculated using the discount rate of 5.25%, as well as what the City's net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (4.25%) or 1 percent higher (6.25%) than the current rate.

	1% Decrease (4.25%)	Current Discount Rate (5.25%)	1% Increase (6.25%)
Total OPEB liability	\$ 25,076,363	\$ 22,965,030	\$ 21,089,243
Fiduciary net position	14,263,808	14,263,808	14,263,808
Net OPEB liability	<u>\$ 10,812,555</u>	<u>\$ 8,701,222</u>	<u>\$ 6,825,435</u>

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

IV. Other Information (Continued)

The following presents the net OPEB liability of the City, calculated using the current healthcare cost trend rates, as well as what the City's net OPEB liability would be if it were calculated using trend rates that are 1 percentage point lower or 1 percent higher than the current rate.

	1% Decrease	Current Trend Rate	1% Increase
Total OPEB liability	\$ 20,764,585	\$ 22,965,030	\$ 25,556,714
Fiduciary net position	<u>14,263,808</u>	<u>14,263,808</u>	<u>14,263,808</u>
Net OPEB liability	<u>\$ 6,500,777</u>	<u>\$ 8,701,222</u>	<u>\$ 11,292,906</u>

OPEB Expense and Deferred Outflow and Inflows of Resources Related to OPEB: For the year ended December 31, 2021, the City recognized OPEB expense of \$1,024,027 for the OPEB pension plan. The City reported deferred outflows and inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ -	\$ (1,272,584)
Changes in assumptions	1,176,915	(666,481)

F. New Pronouncements

The effect on the City's financial statements of the following statements issued, but not yet adopted, has not yet been determined.

- GASB Statement No. 87, *Leases*, improves accounting and financial reporting for leases by governments. This statement requires recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on foundational principle that leases are financings of the right to use an underlying asset. Under this statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. Provisions of this statement are effective for financial statements for the City's fiscal year ending December 31, 2022.
- GASB Statement No. 92, *Omnibus 2020*, enhances comparability in accounting and financial reporting and improves the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. This statement addresses a variety of topics including: effective date of GASB 87 for interim financial reports; intra-entity transfers between primary governments and component unit pension or OPEB plans; applicability of Statements No. 73 and 74 for reporting assets accumulated for postemployment benefits; applicability of certain requirements of GASB 84 to postemployment benefit arrangements; measurement of asset retirement obligations in government acquisitions; reporting by public entity risk pools for amounts recoverable from reinsurers or excess insurers; reference to nonrecurring fair value measurements in authoritative literature and terminology used related to derivative instruments. Certain provisions of this statement were effective upon issuance and did not impact the City's financial reporting, other provisions of this statement are effective for financial statements for the City's fiscal year ending December 31, 2022.
- GASB Statement No. 93, *Replacement of Interbank Offered Rates*, provides guidance where some governments have entered into agreements in which variable payments made or received depend on an interbank offered rate (IBOR), most notably, the London Interbank Offered Rate (LIBOR). As a result of global reference rate reform, LIBOR is expected to cease to exist in its current form at the end of 2021, prompting governments to amend or replace financial instruments for the purpose of replacing LIBOR with other reference rates, by either changing the reference rate or adding or changing fallback provisions related to the reference rate. The provisions of this statement were originally effective for the City's fiscal year ending December 31, 2021 and now postponed until December 31, 2022 per GASB Statement No. 95.

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

IV. Other Information (Continued)

- GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, improves financial reporting by addressing issues related to public private and public-public partnership arrangements (PPPs). A PPP is an arrangement in which a government contracts with an operator to provide public services by conveying control of the right to operate or use a nonfinancial asset, such as infrastructure or other capital asset, for a period of time in an exchange or exchange-like transaction. This statement also provides guidance for accounting and financial reporting for availability payment arrangements (APAs), which is an arrangement in which a government compensates an operator for services that may include designing, constructing, financing, maintaining, or operating an underlying nonfinancial asset for a period of time in an exchange or exchange-like transaction. The provisions of this statement are effective for the City's fiscal year ending December 31, 2023.
- GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*, provides new accounting and financial reporting guidance for subscription-based information technology arrangements (SBITAs), which have become increasingly common among state and local governments in recent years. Statement 96 is based on the standards established in Statement 87, *Leases*. The new defines a SBITA as a contract that conveys control of the right to use a SBITA vendor's IT software, alone or in combination with tangible capital assets (the underlying IT assets), as specified in the contract for a period of time in an exchange or exchange-like transaction. The guidance requires governments with SBITAs to recognize a right-to-use subscription asset, an intangible asset, and a corresponding subscription liability (with an exception for short-term SBITAs, those with a maximum possible term of 12 months) and provides guidance related to outlays other than subscription payments, including implementation costs, and requirements for note disclosures related to a SBITA. The provisions of this statement will be effective for financial statements for the City's fiscal year ending December 31, 2023.
- GASB Statement No. 97, *Certain Component Unit Criteria and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*, provides the following guidance: 1) increases consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; 2) mitigates costs associated with the reporting of certain defined contribution pension plans, defined contribution OPEB plans and employee benefit plans other than pension or OPEB plans as fiduciary component units in fiduciary fund financial statements; and 3) addresses relevance, consistency and comparability of the accounting and financial reporting for Internal Revenue Code Section 457 deferred compensation plans that meet the definition of a pension plan and for benefit provided through those plans. The first two provisions of this statement are effective immediately. The last provision will be effective for the City's fiscal year ending December 31, 2022.

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

IV. Other Information (Continued)

- GASB Statement No. 99, *Omnibus 2022*, enhances comparability in accounting and financial reporting and improves the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. This statement addresses a variety of topics including: 1) classification and reporting of derivative instruments within the scope of Statement No. 53 that do not meet the definition of either an investment derivative instrument or a hedging derivative instrument; 2) clarification of certain provisions in Statement No. 87, Statement No. 94 and Statement No. 96; 3) extension of the period during which the London Interbank offered Rate (LIBOR) is considered an appropriate benchmark interest rate of the qualitative evaluation of the effectiveness of an interest rate swap that hedges the interest rate risk of taxable debt; 4) accounting for the distribution of benefits as part of the Supplemental Nutrition Assistance Program; 5) disclosures related to nonmonetary transactions; 6) pledges of future revenues when resources are not received by the pledging government; 7) clarification of provisions in Statement No 34 related to the focus of the government-wide financial statements; terminology updates related to certain provisions of Statement No. 63; and 8) terminology used in Statement No. 53 to refer to resource flows statements. The provisions of this statement for items 1 and 2 are effective for financial statements for the Unified Government's fiscal year ending December 31, 2024 and December 31, 2023, respectively. All other provisions of this statement are effective upon issuance.

CITY OF OVERLAND PARK, KANSAS

Notes to the Basic Financial Statements

IV. Other Information (Continued)

The City adopted Resolution No. 3915 which establishes Fiscal Policy for the City in March 2012. In this resolution it identifies the City's minimum fund balance.

The City's targeted general fund unrestricted fund balance is 30% of the subsequent fiscal year's budgeted operating and contingency expenditures. The target amount expressed is a goal and may fluctuate from year-to-year in the normal course of operations. This funding level includes allocations for the following:

- *Emergency Response* - provides the financial capacity to ensure the continuation of essential public services during and after emergencies resulting from natural and man-made disasters. This reservation shall be classified as assigned.
- *Stabilization* - provides financial resources protecting against the need to reduce service levels or raise taxes due to adverse financial or economic circumstances, and allows the City to take advantage of unplanned extraordinary opportunities. This reservation shall be classified as unassigned.
- *Working Capital* - provides funding to ensure adequate resources to deliver essential public services during all periods in the City's annual revenue and expenditure cycle. This reservation shall be classified as unassigned.

The minimum target of the unrestricted fund balance at the end of the five-year financial planning period is 15%.

If it is anticipated at the completion of any fiscal year that the projected or estimated amount of unrestricted fund balance will be less than the minimum established target, then the City Manager shall prepare and submit in conjunction with the five-year financial plan a plan for the expenditures or expense reduction and/or revenue increases necessary to restore the minimum target amount within the five-year planning period.

Notes to Required Supplementary Information

Kansas Public Employees Retirement System (KPERs)

Changes in benefit terms: In the state fiscal year 2014, the KP&F group had a change in benefit terms. The Legislature increased this group's employee contributions to 7.15 percent and eliminated the reduction of employee contributions to 2.0 percent after 32 years of service. In addition, the maximum retirement benefit increased to 90 percent of final average salary (reached at 36 years of service). Before this change the maximum retirement benefit was limited to 80 percent of final average salary (reached at 32 years of service).

Effective January 1, 2014, KPERs 1 members' employee contribution rate increased to 5.0 percent and then on January 1, 2015, increase to 6.0 percent, with an increase in benefit multiplier to 1.85 percent for future years of service. For KPERs 2 members retired after July 1, 2012, the cost of living adjustment (COLA) is eliminated, but members will receive a 1.85 percent multiplier for all years of service.

January 1, 2015, the KPERs 3 cash balance plan became effective. Members enrolled in this plan are ones first employed in a KPERs covered position on or after January 1, 2015, or KPERs 1 or KPERs 2 members who left employment before vesting and returned to employment on or after January 1, 2015. The retirement benefit is an annuity based on the account balance at retirement.

For the state fiscal year 2017, the KP&F group had a change in benefit terms. The Legislature changed the duty-related death benefit for KP&F members to the greater of 50% of Final Average Salary and member's accrued retirement benefit under the 100% joint and survivor option, payable to the member's spouse. Including any benefits that may be due to child beneficiaries, the total monthly benefits may not exceed 90% of the member's Final Average Salary. Prior to this bill, the duty-related spousal death benefit for KP&F member was 50% of the Final Average Salary, and the maximum available to the family was 75% of the member's Final Average Salary.

For the state fiscal year 2017, the Legislature changed the working after retirement rules for members who retire on or after January 1, 2018. The key changes to the working after retirement rules were to lengthen the waiting period for KPERs members to return to work from 60 days to 180 days for members who retire before attaining age 62, remove the earnings limitation for all retirees and establish a single-employer contribution schedule for all retirees.

Changes in assumptions: As a result of the experience study completed in November 2016, there were several changes made to the actuarial assumptions and methods since the prior valuation. The changes that impact all groups were effective December 31, 2016 and include:

- The price inflation assumption was lowered from 3.00% to 2.75%.
- The investment return assumption was lowered from 8.00% to 7.75%.
- The general wage growth assumption was lowered from 4.00% to 3.50%.
- The payroll growth assumption was lowered from 4.00% to 3.00%.

CITY OF OVERLAND PARK, KANSAS

Notes to Required Supplementary Information

Kansas Public Employees Retirement System (KPERS)

Changes from the November 2016 experience study are listed below:

KPERS:

- The post-retirement healthy mortality assumption was changed to the RP-2014 Mortality Table, with adjustments to better fit the observed experience for the various KPERS groups. The most recent mortality improvement scale, MP-2016, is used to anticipate future mortality improvements in the valuation process through the next experience study.
- The active member mortality assumption was modified to also be based on the RP-2014 Employee Mortality Table with adjustments.
- The retirement rates for the select period (when first eligible for unreduced benefits under Rule of 85) were increased, but all other retirement rates were decreased.
- Disability rates were decreased for all three groups.
- The termination of employment assumption was increased for all three groups.
- The interest crediting rate assumption for KPERS 3 members was lowered from 6.50% to 6.25%.

KP&F:

- The post-retirement healthy mortality assumption was changed to the RP-2014 Mortality Table with 1-year age set forward and the MP-2016, is used to anticipate future mortality improvements.
- The mortality assumption for disabled members was changed to the RP-2014 Disabled Lives Table (generational using MP-2016) with a 1-year age set forward.
- The active member mortality assumption was modified to the RP-2014 Employee Mortality Table with a 1-year age set forward with a 90% scaling factor.
- The retirement rates for Tier 1 were lowered and the ultimate assumed retirement age was changed from 63 to 65 for Tier 2.
- The termination of employment rates for Tier 2 were increased to better match the observed experience.

As a result of the experience study completed January 2020, there were several changes made to the actuarial assumptions and methods since the prior valuation. The changes that impact all groups were effective December 31, 2019 and include:

- The investment return assumption was lowered from 7.75% to 7.50%
- The general wage growth assumption was lowered from 3.50% to 3.25%
- The payroll growth assumption was lowered from 3.00% to 2.75%

December 31, 2020 assumption changes included a decrease of the investment return assumption from 7.75% to 7.25% and increase in general wage growth assumption from 3.25% to 3.50%.

Actuarial Methods and Assumptions Used for Funding Policy:

The following actuarial methods and assumptions were used in the December 31, 2021 valuation to determine the actuarially determined contribution.

Valuation timing	Actuarial valuations for funding purposes are performed biennially as of December 31.
Actuarial cost method	Entry-age normal
Discount rate	5.25%
Inflation	2.30%
Salary increases including inflation	4.00%
Investment rate of return	5.25%
Long-term expected rate of return	5.25%
Tax exempt municipal bond yield	2.12%
Mortality	Pub-2010 General/Safety Mortality for Employees and Health Annuitants. With generational projection per Scale MP-2021.
Health care cost trend rates	5.4% for 2022, gradually decreasing in an ultimate rate of 3.7% for 2074 and beyond.

CITY OF OVERLAND PARK, KANSAS

Nonmajor Governmental Funds

Special Revenue Funds

Special Street and Highway Fund

To account for costs relating to the repair and maintenance of the City's streets and highways. Financing is derived from the City's share of the state gasoline taxes. State law restricts the use of these funds to street and highway expenditures.

Special Park and Recreation Fund

To account for parks and recreation expenditures funded from monies received from the state liquor tax. State law requires that such funds be used for the purchase, establishment, maintenance or expansion of park and recreational services programs and facilities.

Special Alcohol Control Fund

To account for expenditures for alcohol rehabilitation programs funded from monies received from the state liquor tax. State law requires that such funds be used for alcohol rehabilitation programs.

Street Improvement Escrow Fund

To account for monies from developers for street improvements.

Special Tax Financing Fund

To account for ad valorem monies received from the increased assessed values of the Tax Increment Financing (TIF) districts and its sales activities, the transportation development district (TDD) sales activities, and the community improvement district (CID) sales activities.

Federal and State Grants Fund

To account for revenues and expenditures of various grant programs of the City. These grants have been combined under this heading because they are exempt from the legal requirement of having adopted budgets.

Downtown Business Improvement District Fund

To account for service fees collected for the Downtown Business Improvement District.

Parks and Recreation Fund

To account for donations provided by the public for Legacy of Greenery, Children's Farmstead, and Overland Park Arts Commission.

Westlinks Land Acquisition Fund

To account for the accumulation of resources for the acquisition of the Westlinks Golf Course land.

CITY OF OVERLAND PARK, KANSAS

Nonmajor Governmental Funds

Special Revenue Funds

Art in the Woods Fund

To account for donations received from the public for the presentation of an art show.

Special Law Enforcement Fund

To account for monies received from the sale of forfeited property or money in accordance with Kansas State Statute KSA 65-4171 and City Ordinance LET-1811.

CITY OF OVERLAND PARK, KANSAS

Nonmajor Governmental Funds

Capital Projects Funds

Drainage Improvements Fund

To account for the financing and construction of drainage improvement projects.

Parks Acquisition and Development Fund

To account for the financing and construction of park development projects.

Public Building Improvements Fund

To account for the financing and construction of municipal building improvement projects.

Traffic Signals Fund

To account for the financing and construction of traffic signal projects.

Street Lights Fund

To account for the financing and construction of street light projects.

Public Equipment Fund

To account for the financing and acquisition of public equipment.

CITY OF OVERLAND PARK, KANSAS

Statistical Section

Table of Contents

The statistical section of the City's comprehensive annual financial report presents detailed information as a context for understanding what the information presented in the financial statements, note disclosures and required supplementary information say about the City's overall financial health.

Financial Trends

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time. 150 - 159

Revenue Capacity

These schedules contain information to help the reader assess the City's most significant local revenues sources, the property tax and sales tax. 160 - 167

Debt Capacity

These schedules present information to help the reader assess the affordability of the City's current level of outstanding debt and the City's ability to issue additional debt in the future. 168 - 172

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place. 173 - 174

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report related to the services the City provides and the activities it performs. 175 - 181

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial report for the relevant year.

¹ The year shown is the year in which taxes are levied for collection in the following fiscal year.

² Includes Johnson County Parks and Recreation District and library.

³ Overlapping rates are those of local and county governments that apply to property owners with the City of Overland Park. Not all overlapping rates apply to all property owners. The rates for Shawnee Mission School District, Blue Valley School District and Olathe School District only apply to approximately 50%, 40%, and 10%, respectively of all property owners.
