

**CITY OF OVERLAND PARK
POSITION DESCRIPTION**

TITLE:	Maintenance Worker, Senior	BAND/LEVEL:	Oprs II
DEPARTMENT:	Public Works	JOB NO:	7505
DIVISION:	Maintenance	DATE:	10/22/2013
REPORTS TO:	Supervisor, Public Works Maintenance	FLSA STATUS:	NE
FULL-TIME: <input checked="" type="checkbox"/>	PART-TIME: <input type="checkbox"/>	TEMPORARY: <input type="checkbox"/>	COST CENTER: 321/330/331

Replaces: Maintenance Worker, Senior

Dated: 3/25/2012

JOB SUMMARY STATEMENT:

Intermediate-skill level position. Operates various types of light to moderately heavy vehicles and equipment. Checks equipment prior to operation. Cleans and repairs city streets, sidewalks, catch basins, ditch liners, right-of-ways and related public works field facilities. Assists in the maintenance of traffic control services. Responds to emergency situations as required. Operates a snow plow truck. May serve as a team leader for specific projects and/or tasks.

DUTIES AND RESPONSIBILITIES:

1. Operates single axle or one-ton truck with spreader and front and wing plows to clear streets of snow and ice. Mounts front and wing plows and spreader equipment. Hooks up hoses and tie down straps. Proceeds to assigned route exercising extreme caution. Cleans all equipment and performs maintenance when shift ends. Operates tandem axle truck as back-up or substitute for the regular route driver.
2. Fills cracks in asphalt streets using melter applicator machine. Involves lifting 50 lb. blocks of material and long periods of walking. May involve operation of melter applicator machine and operation of single axle truck to pull machine to work site.
3. Operates or assists in operation of a truck mounted unitized asphalt patching "hot box" machine in hot patch placement for street repairs by cleaning out hole, preparing hole for hot mix using a saw or hydraulic jack hammer, spraying hole with tack oil, shoveling hot mix asphalt from truck to street, leveling asphalt with lute rake and using walk behind asphalt roller to compact the asphalt. Cleans out machine at end of shift.
4. Sets up construction signs at construction sites and roadways and serves as flag-person to direct traffic safety around construction site.
5. Operates a tandem or single axle truck to haul tear-out materials from and asphalt or other required materials to repair site. Loads materials by hand or with the use of equipment. Places signs around work area.
6. Operates truck during chip-sealing operation by backing truck to chipper and hitching on the run. Shifts truck out of gear and raises the bed at the same time to insure safety of operation.
7. Operates skid-steer loader to load trucks and place materials. Operates and maintains various special use attachments including planer, jack hammer, brush bucket and post hole auger. Loads machine onto trailer and pulls to work site.
8. Fabricates and installs traffic control signs. Uses automated sign-making software and equipment. Operates a sign installation truck and all applicable attachments.
9. Lays out and collects data collection of traffic counter devices.
10. Lays out and applies pavement markings.
11. Assists street light technician with assigned duties. Such duties could include manual digging, installing street light poles, changing light fixtures, and other general non-electric/electrical work tasks.

12. May operate a semi-tractor trailer rig or tandem with a trailer to move heavy equipment or other items. Loads and unloads equipment onto trailer.
13. Operates a flatbed utility truck equipped with a welder/generator and cutting torch. Pulls trailer containing forming materials. Uses hand tools and power hand tools. Uses carpenter's level or surveyor's level to set grade and insure proper drainage. Uses concrete finishing tools including darbies, floats, trowels, edgers and finishing brooms.
14. Performs "walk-around inspection" prior to operation, replenishes fluid levels and completes required log book. Replaces small items such as lights, hoses and belts, and checks frame for broken parts and cracks. Reports malfunctioning equipment to supervisor. Operates all machinery in a safe and judicious manner according to the manufacturer's operation manual. Cleans and performs routine maintenance and minor repairs to assigned equipment as needed. Performs shop work to make equipment ready for use. Operates cutting torch on a limited basis. Performs minor mechanical repairs. Operates forklift.
15. Responds to citizen inquiries to clean driveways that have been soiled by construction activity. Removes or paints over graffiti on public works structures. Performs maintenance activities at public works facilities such as painting, yard mowing, sweeping and trash pickup. Delivers handbills door to door.
16. Assists in repairing or replacing old concrete (sidewalks, curbs, ditch liners, bridge decks and storm water catch basins) by using a concrete saw, air compressor, jack hammer and shovel for concrete removal and load and haul material away. Constructs forms and pours and finishes concrete. Assists with other construction activities such as installation of guard rail or fencing.
17. Uses hand tools to apply road patch or chip seal "mop-up". Tools include shovel, lute rake and pick. Shovels and tamps asphalt into hole.
18. Assists with installation of storm pipes by setting pipe to proper grade and alignment. Shovel and rake base and cover material to specified grade to prepare for pipe placement or paving material. Operates compacting equipment as required.
19. Completes ditching and other construction activities by shoveling and raking dirt to specified grade to prepare site for sod. Lifts sod rolls and places in correct alignment. Drives stakes to hold rolls in place and waters using water truck.
20. Removes debris from catch basins, storm drains and culvert pipes by using hand tools.
21. Clears roadways of brush and tree limbs by operating chain saw to cut brush, pull and load brush on pick-up vehicle and haul brush away or feed into brush chipper. May include operation of brush chipper. May require working from bucket truck.
22. Assists in the installation or repair of guard rail, hand rail, culvert pipes, chain link fence and other specified maintenance items. Uses oxygen/acetylene cutting torches, welder and other equipment as required.
23. Performs rough carpentry work to build or repair landscape timber retaining walls, wood fences, buildings, storage shelves and other similar items.
24. Provides engineering automation support to other Public Works Divisions. Conducts asset inventories and pavement inspections using geographical information systems (GIS).

25. May serve as team leader for small crews. Insures that proper equipment and material is brought to the job site. Insures that safety procedures are properly followed and that work zone signing is properly placed. Assigns workers to tasks and checks completed work for adherence to instructions. Completes and turns in required forms. Promotes teamwork and a high level of productivity of crew members.
26. The employee must work the days and hours necessary to perform all assigned responsibilities and tasks. Must be available (especially during regular business hours or shifts) to communicate with subordinates, supervisors, customers, vendors and any other persons or organization with whom interaction is required to accomplish work and employer goals.
27. The employee must be punctual and timely in meeting all requirements of performance, including, but not limited to, attendance standards and work deadlines; beginning and ending assignments on time; and scheduled work breaks, where applicable.

GENERAL QUALIFICATIONS

EDUCATION & SPECIAL LICENSE(S)/CERTIFICATIONS:

High school diploma or equivalent. Possession of a valid Class A commercial driver's license with air brake and tanker endorsements. Possession of ATSSA or IMSA Construction Traffic Flagger and Work Zone Safety Certification. Must maintain an insurable driving record.

EXPERIENCE:

Two years general construction experience to include the operation of light to moderately heavy construction equipment and vehicles including two-ton dump truck, or an equivalent level of experience. Familiarity with the Manual of Uniform Traffic Control Devices (MUTCD).

SKILLS:

1. Good oral and written communication skills.
2. Good listening skills.
3. Manual dexterity.
4. General construction skills.
5. Good driving skills.
6. Leadership skills obtained through team leader role and City-sponsored training.

MENTAL REQUIREMENTS:

1. Ability to analyze safety situation.
2. Ability to make quick decisions.
3. Ability to stay alert for long periods of time.
4. Ability to work independently.
5. Ability to work in a team.
6. Ability to assess situation and use judgement in responding.
7. Ability to work under distracting conditions.
8. Mechanical aptitude.
9. Alpha/numeric recognition.
10. Ability to carry out assignments through oral and written instruction.
11. Ability to take on a leadership role.
12. Diplomacy and judgement.
13. Logical reasoning.
